

Division of Mental Health and Addiction Services
Substance Use and Mental Health Gambling Disorder Clinician Services Program
Date of Final Award –November 14, 2024

Name of Program: Substance Use and Mental Health Gambling Disorder Clinician Services Program

Purpose: This Request for Proposals (RFP) is issued by the New Jersey Department of Human Services (DHS), Division of Mental Health and Addiction Services (DMHAS) for licensed substance use disorder and/or mental health treatment programs to hire a Gambling Disorder Clinician to provide treatment and case management for individuals with a dual disorder of gambling disorder and mental health issues and/or gambling disorder and substance use disorder (SUD).

Gambling counseling will be in addition to substance use and or mental health treatment services required by regulation and contract. Gambling services can be added to treatment at the following levels of care: Standard Traditional Outpatient, Intensive Outpatient, Partial Care and Residential Services. In addition to treatment services, the Gambling Disorder Clinician will work with individuals to assist with issues that often occur concurrently with gambling disorders, such as financial ruin, broken relationships, legal issues, need for social services, etc.

Funding for this RFP is provided by State appropriations. DMHAS awarded six contracts of \$120,000 each to provider agencies for a total of \$720,000.
