I. Purpose and Intent

This Request for Proposals (RFP) is issued by the New Jersey Department of Human Services (DHS), Division of Mental Health and Addiction Services (DMHAS) on behalf of the New Jersey Administrative Office of the Courts (AOC) for Halfway House (HWH) substance use disorder (SUD) treatment services to build new capacity to meet the needs of the Recovery Court Program. Total funding is \$300,000 per year subject to State appropriations.

DMHAS is soliciting proposals to procure slot-based halfway house (HWH) SUD treatment services for Recovery Court participants. Since this award is meant to expand capacity and not repurpose existing capacity, DMHAS is looking for a residential SUD treatment provider with a current NJ Department of Health (DOH), Certificate of Need and Licensing (CN&L) HWH license but does not have obligated capacity or is eligible to obtain/transfer a NJ DOH HWH license to expand the Recovery Court continuum of care.

A total of up to \$300,000 annually will be made available to implement this new service. Specifically, this RFP is to develop Halfway House capacity beds, reserved exclusively for Recovery Court participants.

DMHAS will contract with the successful bidder via its slot-based payment system for reimbursement of client-based services. The provider must expand this capacity in any of the following counties: **Gloucester, Cumberland, Salem, Burlington, Mercer, Camden, Atlantic, Cape May and Ocean**. Multiple site locations may be used, but all slots must be within any of these counties.

This opportunity is open to all residential facilities that are currently licensed to provide HWH SUD treatment services or agencies that are eligible to obtain/transfer a license where a physical site has been identified. Agencies proposing to provide HWH substance use disorder treatment services at multiple Department of Health (DOH), Certificate of Need and Licensing (CN&L) licensed sites may submit one proposal that identifies the number of reserved beds per licensed site.

The successful bidder shall ensure that the services provided ensure diversity, inclusion, equity, and cultural and linguistic competence to the target population. The successful bidder shall continually assess and utilize demographic data of participants' catchment area in its development and delivery of programming, evaluation, and program outcomes to ensure it is relevant to the population served. Additionally, the successful bidder shall analyze data to implement strategies to increase program participation.

No funding match is required; however, bidders will need to identify any other sources of funding, both in-kind and monetary, that shall be used on their proposal budget. Bidders may not fund any costs incurred for the planning or preparing a proposal in response to this RFP from current DHS/DMHAS contracts.

The following summarizes the RFP schedule:

Bidders are responsible for monitoring the DHS website¹ for updates to the RFP schedule.

II. Background and Population to be Served

The mission of the Recovery Court Program is to prevent the misuse or dependence of alcohol and other drugs that may be related to criminal activity. Recovery Courts are unique because they build a close collaborative relationship between the criminal justice system and substance use treatment professionals. While administered by the Administrative Office of the Courts (AOC), Recovery Court legislation calls for all Recovery Court substance use treatment funds to be allocated to the Department of Human Services, Division of Mental Health and Addiction Services (DMHAS). A memorandum of agreement has been signed between the AOC and DMHAS in which DMHAS contracts with SUD licensed treatment providers in New Jersey to provide the Recovery Court Program with a full continuum of care.

Recovery Court is offered to individuals whose criminal charges may be connected to substance use. Recovery Court exists as an alternative to incarceration for individuals who have been charged with a crime and struggle with alcohol and/or drug misuse or dependence. Eligible individuals must be charged with non-violent offenses and have no prior convictions for violent crimes.

Recovery Court utilizes halfway houses for those individuals transitioning out of drug and alcohol treatment facilities and incarceration to provide a substance-free and structured environment so that individuals can focus on their recovery. Transitioning from treatment into a halfway house offers the necessary space and time away from certain triggers by promoting a healthy and safe recovery environment. Halfway House providers offer a supportive network of peer support, along with connections to additional services that promote long-term recovery.

In State Fiscal Year (SFY) 2024, there were 3,013 individuals enrolled in Recovery Court and 681 of those enrolled were in halfway house level of care. There is a need to increase the number of halfway house beds for individuals who have been identified by Recovery Court.

Halfway Houses serve as a transitional step between inpatient treatment and independent living, helping individuals re-integrate into society and maintain sobriety. This safe environment supports the development of healthy social relationships conducive to an individual's recovery process. New life skills and coping techniques support reintegration into a more natural setting in the community.

III. Who Can Apply?

To be eligible for consideration for this RFP, the bidder must satisfy the following requirements:

- The bidder must be a non-profit or for-profit entity or governmental entity;
- The bidder must be licensed by the Department of Health's (DOH's) Division of Certification of Need Licensing Office (CN&L) for Halfway House substance use disorder treatment services prior to the start of services;
- For a bidder that has a contract with DMHAS in place when this RFP is issued, that bidder must have all outstanding Plans of Correction for deficiencies submitted to DMHAS for approval prior to proposal submission;
- The bidder must be fiscally viable based upon an assessment of the bidder's audited financial statements. If a bidder is determined, in DMHAS' sole discretion, to be insolvent or to present insolvency within twelve (12) months after bid submission, DMHAS will deem the proposal ineligible for contract award;
- The bidder must not appear on the State of [New Jersey Consolidated Debarment Report](#)² or be suspended or debarred by any other State or Federal entity from receiving funds;
- Pursuant to DHS Contract Policy and Information Manual Policy Circular 8.05, the bidder shall not have a conflict, or the appearance of a conflict, between the private interests and the official responsibilities of a person in a position of trust. Persons in a position of trust include Provider Agency staff members, officers and Governing Board Members. A bidder must have written Conflict of Interest policies and procedures that satisfy the requirements of P8.05, thereby ensuring that paid Board members do not participate in transactions except as expressly provided in the P8.05 circular;
- Pursuant to N.J.S.A. 52:32-44, a for-profit bidder and each proposed subcontractor must have a valid Business Registration Certificate on file with the New Jersey Division of Revenue. This statutory requirement does not apply to non-profit organizations, private colleges and universities, or state and municipal agencies.

IV. Contract Scope of Work

All application and expenditure data pertaining to these contract funds must be independent of any other DMHAS or non-DMHAS funded program of the applicant/awardee. The contract awarded through this RFP will be budgeted separately from other existing components for contract application and reporting. Cost sharing is not required. This contract is anticipated to have an initial term of one year. The contract may

² <https://www.nj.gov/treasury/revenue/debarment/>

be renewable for up to four additional one-year terms, at DMHAS' sole discretion, with the agreement of the successful bidder. Annual continuation is subject to availability of funds, satisfactory performance, as well as compliance and completion of all required and requested reports.

Any bidder not licensed to provide HWH SUD treatment services must vet the proposed physical plant with DOH CN&L and submit an application (with required fee) for HWH SUD treatment licensure to the DOH CN&L within 30 days of receipt of final award of successful bid. The bidder shall submit an attestation in their proposal that the appropriate certificate of occupancy (I-1) for the physical site has been or can be obtained from the local municipality. The contract will not be deemed fully executed until a license is issued for the site. If a licensed agency is adding beds, an application to CN&L for a modification to their current license must be submitted and a physical plant review must be conducted to ensure there is space as per regulatory requirements.

Any agency holding both Fee-for-Service (FFS) Recovery Court and slot-based Recovery Court contracts must ensure that they have sufficient capacity in their agency both in terms of licensed beds and adherence to staff/consumer regulatory ratio requirements. In addition, Recovery Court clients must first be placed in contracted slotted beds before an agency can bill FFS for Recovery Court clients. Applicants not contracted may submit a FFS application during an open enrollment period and must earn a passing score to be eligible for a contract in the FFS Network. If an applicant is already contracted within the FFS Network, a modification must be completed, and the new location/site will be added to the network. Enhancements may be billed through the SUD FFS network based on funding availability (e.g. Co-occurring Enhancements).

DMHAS requires a minimum of a 95% utilization rate for slot based contracts. Underutilization is a serious compliance deficiency that could result in the reduction/withdrawal of contract funds if the Awardee, upon receiving written notice from the Division, is unable to increase the number of individuals served to the funded level.

Bidders will agree with the following requirements:

For licensing and service descriptions please refer to the N.J.A.C. 8:111, Licensure of Residential Substance Use Disorders Treatment Facilities at the following website:

http://www.nj.gov/humanservices/providers/ruleadop/ruleadoptfiles/Rule_d_063_45NJR_1725a_2013.pdf

Awardee must be licensed at the primary site and at each of the satellite sites being funded. The licensee(s) must hold a full license or conditional license to provide HWH substance use disorder treatment services, and all plans of correction must be accepted.

Awardee must comply with the following level of care description for HWH treatment, which approximate ASAM Criteria 3rd Edition 2013.

11. A list of the bidder's board members and current terms, including each member's professional licensure and organizational affiliation(s). The proposal shall indicate if the Board of Directors votes on contract-related matters.
12. A list of consultants the bidder intends to utilize for the contract resulting from this RFP, including each consultant's professional licensure and organizational affiliation(s). Each consultant must be further described as to whether they are also a board member and, if so, whether they are a voting member. The bidder must identify all reimbursement the consultant received as a board member over the last twelve (12) months.

Facilities, Logistics, Equipment (5 points + 15 Bonus Points for agencies already in possession of DOH CN&L SUD HWH license at the planned site location)

The bidder should detail its facilities where normal business operations shall be performed and identify equipment and other logistical issues, including:

1. A description of the manner in which tangible assets, i.e., computers, phones, other special service equipment, etc., shall be acquired and allocated.

A copy of the HWH license should be included with the proposal, if applicable.

Budget (20 points)

DMHAS will consider the cost efficiency of the proposed budget as it relates to the scope of work. Therefore, bidders must clearly indicate how this funding shall be used to meet the program goals and/or requirements. In addition to the required Budget forms, bidders are asked to provide budget notes.

The budget should be reasonable and reflect the scope of responsibilities required to accomplish the goals of this project. All costs associated with the completion of the project

must be delineated and the budget notes must clearly articulate budget items including a description of miscellaneous expenses and other costs.

1. A detailed budget using the Excel Budget template is required. Bidders must submit pricing using the Excel Budget template accompanying this RFP. Bidders should refer to Instructions for Excel Budget Template (Attachment E) for a clear understanding of how to work within the template file. The Budget template must be uploaded as an Excel file to the secure file transfer protocol site as instructed in VIII. Submission of Proposal Requirements. Failure to submit the budget as an Excel file may result in a deduction of points. The standard budget categories for expenses include: A. Personnel, B. Consultants and Professionals, C. Materials and Supplies, D. Facility Costs, E. Specific Assistance to Clients, and F. Other. Supporting schedules for Revenue and General and Administrative Costs Allocation are also required. The budget must include two (2) separate, clearly labeled sections:
 - a. Section 1 – Full annualized operating costs to satisfy the scope of work detailed in the RFP and revenues excluding one-time costs
 - b. Section 2 - Proposed one-time costs, if any, which shall be included in the Total Gross Costs and cannot exceed the annual award amount
2. Budget notes detailing and explaining the proposed budget methodology, estimates and assumptions made for expenses and the calculations to support the proposed budget are required. The State's proposal reviewers need to fully understand the bidder's budget projections from the information presented in its proposal. Failure to provide adequate information could result in lower ranking of the proposal. Budget notes, to the extent possible, should be displayed on the Excel template itself.
3. The name and address of each organization – other than third-party payers – providing support and/or money to help fund the program for which the proposal is being submitted.
4. For all proposed personnel, the template should identify the staff position titles and staff names for current staff and total hours per workweek.
5. Identify the number of hours per clinical consultant.
6. Staff fringe benefit expenses, which may be presented as a percentage factor of total salary costs, should be consistent with the bidder's current fringe benefit package.
7. If applicable, General & Administrative (G&A) expenses, otherwise known as indirect or overhead costs, should be included if attributable and allocable to the proposed program. Since administrative costs for existing DMHAS programs reallocated to a new program do not require new DMHAS resources, a bidder that currently contracts with DMHAS should limit its G&A expense projection to “new” G&A only by showing the full amount of G&A as an expense and the off-set savings from other programs’ G&A in the revenue section.
8. Written assurance that if the bidder receives an award pursuant to this RFP, it shall pursue all available sources of revenue and support upon award and in future contracts, including agreement to obtain approval as a Medicaid-eligible provider.

DMHAS assumes no responsibility and bears no liability for costs incurred by the bidder in the preparation and submittal of a proposal in response to this RFP. The narrative portion of the proposal should be no more than 10 pages, be single-spaced with one (1") inch margins, normal character spacing that is not condensed, and not be in smaller than twelve (12) point Arial, Courier New or Times New Roman font. For example, if the bidder's narrative starts on page 3 and ends on page 13 it is 11 pages long, not 10 pages. DMHAS will not consider any information submitted beyond the page limit for RFP evaluation purposes. The budget notes and appendix items do not count towards the narrative page limit.

Proposals must be submitted no later than 4:00 p.m. ET on November 19, 2025. The bidder must submit its proposal (including proposal narrative, budget, budget notes, and appendices) electronically using the DHS secure file transfer protocol (SFTP) site.

Proposals should be submitted in the following three files.

Email requests for login credentials must include the title of this RFP, individual's first name, last name, email address and name of agency/provider.

Proposals must be uploaded to the DHS SFTP site, <https://securexfer.dhs.state.nj.us/login> using your unique login credentials.

B. Confidentiality/Commitment to Defend and Indemnify

Pursuant to the New Jersey Open Public Records Act (OPRA), N.J.S.A. 47:1A-1 et seq., or the common law right to know, proposals can be released to the public in accordance with N.J.A.C. 17:12-1.2(b) and (c).

Bidder should submit a completed and signed Commitment to Defend and Indemnify Form (Attachment G) with the proposal. In the event that Bidder does not submit the Commitment to Defend and Indemnify Form with the proposal, DHS reserves the right to request that the Bidder submit the form after proposal submission.

After the opening of the proposals, all information submitted by a Bidder in response to a Bid Solicitation is considered public information notwithstanding any disclaimers to the contrary submitted by a Bidder. Proprietary, financial, security and confidential information may be exempt from public disclosure by OPRA and/or the common law when the Bidder has a good faith, legal/factual basis for such assertion.

As part of its proposal, a Bidder may request that portions of the proposal be exempt from public disclosure under OPRA and/or the common law. Bidder must provide a detailed statement clearly identifying those sections of the proposal that it claims are exempt from production, and the legal and factual basis that supports said exemption(s) as a matter of law. DHS will not honor any attempts by a Bidder to designate its price sheet, price list/catalog, and/or the entire proposal as proprietary and/or confidential, and/or to claim copyright protection for its entire proposal. If DHS does not agree with a Bidder's designation of proprietary and/or confidential information, DHS will use commercially reasonable efforts to advise the Bidder. Copyright law does not prohibit access to a record which is otherwise available under OPRA.

DHS reserves the right to make the determination as to what to disclose in response to an OPRA request. Any information that DHS determines to be exempt from disclosure under OPRA will be redacted.

In the event of any challenge to the Bidder's assertion of confidentiality that is contrary to the DHS' determination of confidentiality, the Bidder shall be solely responsible for defending its designation, but in doing so, all costs and expenses associated therewith shall be the responsibility of the Bidder. DHS assumes no such responsibility or liability.

In order not to delay consideration of the proposal or DHS' response to a request for documents, DHS requires that Bidder respond to any request regarding confidentiality markings within the timeframe designated in DHS' correspondence regarding confidentiality. If no response is received by the designated date and time, DHS will be permitted to release a copy of the proposal with DHS making the determination regarding what may be proprietary or confidential.

IX. Review of Proposals

There will be a review process for responsive proposals. DMHAS will convene a review committee of public employees to conduct a review of each responsive proposal.

The bidder must obtain a minimum score of 70 points out of 105 points for the proposal narrative and budget sections in order to be considered eligible for funding. In the event no bidder obtains the required minimum scores, DMHAS shall have discretion to award the contract to the highest scoring bidder(s).

DMHAS will award up to 20 points for fiscal viability, using a standardized scoring rubric based on the audit, which will be added to the average score given to the proposal from the review committee. In addition, bidders can receive up to 15 bonus points for an existing license. Thus, the maximum points any proposal can receive is 140 points, which includes the review committee's averaged score for the proposal's narrative and budget sections combined with the fiscal viability score.

In addition, if a bidder is determined, in DMHAS' sole discretion, to be insolvent or to present insolvency within the twelve (12) months after bid submission, DMHAS will deem the proposal ineligible for contract award.

Contract award recommendations will be based on such factors as the proposal scope, quality and appropriateness, bidder history and experience, as well as budget reasonableness. The review committee will look for evidence of cultural competence in each section of the narrative. The review committee may choose to visit all bidder finalists to review existing program(s) and/or invite all bidder finalists for interview. The bidder is advised that the contract award may be conditional upon final contract and budget negotiation.

DMHAS reserves the right to reject any and all proposals when circumstances indicate that it is in its best interest to do so. DMHAS' best interests in this context include, but are not limited to, loss of funding, inability of the bidder(s) to provide adequate services, an indication of misrepresentation of information and/or non-compliance with State and federal laws and regulations, existing DHS contracts, and procedures set forth in [Policy Circular P1.04](#)¹⁰.

DMHAS will notify all bidders of contract awards, contingent upon the satisfactory final negotiation of a contract.

X. Appeal of Award Decisions

Attachment B – Addendum to RFP for Social Service and Training Contracts

STATE OF NEW JERSEY DEPARTMENT OF HUMAN SERVICES

ADDENDUM TO REQUEST FOR PROPOSAL FOR SOCIAL SERVICE AND TRAINING CONTRACTS

Executive Order No. 189 establishes the expected standard of responsibility for all parties that enter into a contract with the State of New Jersey. All such parties must meet a standard of responsibility that assures the State and its citizens that such parties will compete and perform honestly in their dealings with the State and avoid conflicts of interest.

As used in this document, "provider agency" or "provider" means any person, firm, corporation, or other entity or representative or employee thereof that offers or proposes to provide goods or services to or performs any contract for the Department of Human Services.

In compliance with Paragraph 3 of Executive Order No. 189, no provider agency shall pay, offer to pay, or agree to pay, either directly or indirectly, any fee, commission, compensation, gift, gratuity, or other thing of value of any kind to any State officer or employee or special State officer or employee, as defined by N.J.S.A. 52:13D-13b and e, in the Department of the Treasury or any other agency with which such provider agency transacts or offers or proposes to transact business, or to any member of the immediate family, as defined by N.J.S.A. 52:13D-13i, of any such officer or employee, or any partnership, firm, or corporation with which they are employed or associated, or in which such officer or employee has an interest within the meaning of N.J.S.A. 52:13D-13g.

The solicitation of any fee, commission, compensation, gift, gratuity or other thing of value by any State officer or employee or special State officer or employee from any provider agency shall be reported in writing forthwith by the provider agency to the Attorney General and the Executive Commission on Ethical Standards.

No provider agency may, directly or indirectly, undertake any private business, commercial or entrepreneurial relationship with, whether or not pursuant to employment, contract or other agreement, express or implied, or sell any interest in such provider agency to, any State officer or employee or special State officer or employee having any duties or responsibilities in connection with the purchase, acquisition or sale of any property or services by or to any State agency or any instrumentality thereof, or with any person, firm or entity with which he is employed or associated or in which he has an interest within the meaning of N.J.S.A. 52:13D-13g. Any relationships subject to this provision shall be reported in writing forthwith to the Executive Commission on Ethical Standards, which may grant a waiver of this restriction upon application of the State officer or employee or special State officer or employee upon a finding that the present or proposed relationship does not present the potential, actuality or appearance of a conflict of interest.

No provider agency shall influence, or attempt to influence or cause to be influenced, any State officer or employee or special State officer or employee in his official capacity in any manner which might tend to impair the objectivity or independence of judgment of said officer or employee.

No provider agency shall cause or influence, or attempt to cause or influence, any State officer or employee or special State officer or employee to use, or attempt to use, his official position to secure unwarranted privileges or advantages for the provider agency or any other person.

The provisions cited above shall not be construed to prohibit a State officer or employee or special State officer or employee from receiving gifts from or contracting with provider agencies under the same terms and conditions as are offered or made available to members of the general public subject to any guidelines the Executive Commission on Ethical Standards may promulgate.

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of facts upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 C.F.R. part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-- Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 C.F.R. part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-Procurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 C.F.R. part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Attachment E - Instructions for Excel Budget Template

The Excel template, posted with the RFP, contains a template spreadsheet. Please open the respective template file tab and read the below guidance at the same time. This will allow for a clear understanding of how to work within the template file.

1. In the turquoise section, you will enter the proposed costs for this RFP. This should include all information from budget categories A-F, G/A, as well as ***your number of consumers to serve***. FTE's in Category A are to be broken down between direct care, administration, and support. FTE's will not appear until three cells are completed: hours worked per employee on contract (column C), hours worked per employee per week (column D), and the amount of salary (column H) respectively. Category B is to be broken down between medical/clinical consultants, and non-medical/clinical consultants.
2. There is also a One-Time budget section at the bottom in the turquoise section for your use. One times are shown separately but included in Total Gross Costs right after Gross Costs.
3. Please use the ***"Explanatory Budget Notes"*** column to help support anything that you feel needs to be explained in written word for evaluators to understand your intent regarding any cost/volume data populated in your template submission. Please provide notes, as well as calculations that support any and all offsetting revenue streams. If you double up expenses on one budget line, please provide the individual expense details in the budget notes. Many cells are protected, but you can expand rows to give more room in the notes column should you need it.
6. General and Administrative Costs should be recorded in the template per the instructions in the RFP. That is, only additional G&A associated with this proposal should be included, not your normal G&A rate.
7. Make sure to remember to place your Agency Name and Region or County in the subject line when you send your template in ***Excel*** format.
