Data were collected on 840 clients in 2010 who went through the Gloucester County Intoxicated Driver Resource Center program or were monitored by the Gloucester County IDRC. The following tables and graphs give demographic information about these clients. Clients' reported alcohol and other drug use characteristics are also described. Information was gathered from a mandatory self-administered questionnaire given during the IDRC classes and the counselors' screening/evaluation scoring forms.
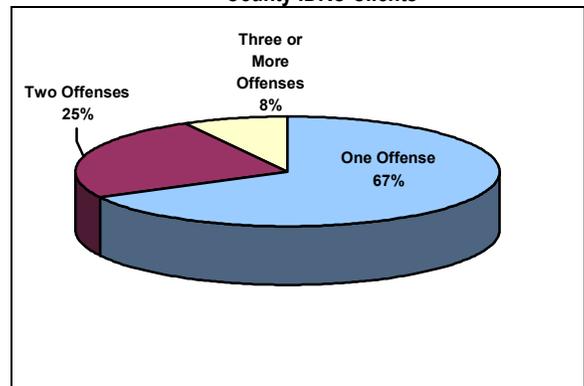

Alcohol Use by Gloucester County IDRC Clients Compared with 2009 NJ Household Survey
