

Your county connector for all things substance use prevention!

How do we build more resilient communities?

By reducing the health and social consequences of substance and alcohol misuse through interventions such as education, family support and policy change designed to protect individuals from risks and enhance protective factors related to use.

Introducing the Prevention Hub

Located in each of NJ's 21 counties, the Prevention Hub connects residents and professionals with evidence-based prevention education, interventions, strategies, and programs to support all sectors of the community, including youth, parents, schools, law enforcement, faith-based organizations, and others.

PREVENTION

- **EDUCATION**
- **FAMILY SUPPORT**
- **POLICY CHANGE**
- **AND MORE**

Individual and Family Programs

PreVenture

PreVenture is an evidence-based prevention program that uses personality targeted interventions to promote mental health and skill development and delay youth substance use.

Marijuana/Cannabis Education

The Prevention Hub provides youth, parents and community members evidence-based education programs, policies, and practices that support the prevention of youth marijuana use.

Over-the-Counter Medications

Using a nationally-recognized curriculum developed by CADCA and Johnson & Johnson, the Prevention Hub provides presentations on OTC misuse dangers. Presentations are tailored for youth, parents, older adults, and the broader community.

Strengthening Families

The Prevention Hub facilitates the use of Strengthening Families, an evidence-based program for parents and youth to assist them in learning parenting skills, youth life skills, and refusal skills.

Changing Systems to Promote Youth Wellness

Marijuana/Cannabis Policy Guidance

Through technical support and public health practices, the Prevention Hub assists schools, municipalities, and community members in navigating New Jersey's new cannabis laws and their potential impact on youth.

Promoting Screening

The Prevention Hub brings awareness to the needs of diverse populations and builds a training infrastructure to help community members determine levels of risk in children and adolescents, and direct them towards prevention services, when appropriate.

Prevention Warm Line

A Prevention Warm Line, hosted at your county Prevention Hub, provides guidance to community and family members seeking access to prevention resources such as family supports, parenting resources, prevention of early drug and alcohol use by youth, mental health supports, and individual addiction services.

Trained staff are available weekdays 9:00 a.m. to 4:00 p.m. to connect callers to local and state-level prevention resources and other supportive services.
