80

The number of times an average DUI offender has driven while impaired before being arrested.

100

The potential number of individuals driving under the influence within a 25 mile radius on any given day.

1/3

of all motor vehicle fatalities involve a drunk driver.

\$10,000

Possible total cost for a first time DUI conviction in New Jersey.

Be smart and make a plan for a safe way home before you attend that office party or holiday event. If you plan on drinking, designate a sober driver ahead of time and leave your keys at home. You can also program the phone number of a friend, ride-share program, or local taxi service into your phone.
