

**NEW BEGINNINGS  
GREYSTONE PARK  
PSYCHIATRIC  
HOSPITAL OPENING  
July 16, 2008**

# Original Campus

# New Campus

GPPH

VITETTA

# Main Entrance

This new facility replaced five aging treatment buildings and the 131 year old administration building. It is a 450 bed facility in a single self-contained building that includes a treatment mall with over 21 rooms for various activities. There are also cottages to house a total of 60 patients to help those ready to transition to more independent living.

# Main Entrance

Grey stone from the old hospital was used to form the archway of the main entrance.

# Lobby

The glass art in the entryway entitled "Circle of Healing, The Wall of Shimmering Light" was designed by artist David Wilson

# Auditorium

The auditorium seats 200.

# Patient Units

There are 18 units with 25 patients on each unit.

Each unit has it's own dining room and treatment activity rooms.

Each unit is joined to one other unit and share activity, consult and treatment team rooms.

From the patient information center, there is visibility of the hallways with patient's rooms and shared space.

# Patients received welcome information about the new facility

July 16, 2008

Dear

Welcome to D3. We wanted to take this opportunity to not only welcome you to your new unit in this state of the art facility, but also provide you with some important information about your unit and the new Greystone Park Psychiatric Hospital.

Your unit is located on the 3<sup>rd</sup> Floor of the new building. There are six (6) units on this Floor - A3, B3, C3, E3, F3, and G3. We have provided you with a map of the new building so that you can see where your unit is located and learn about all the different areas in the new hospital. Please know that within your first few weeks at the new Greystone Park Psychiatric Hospital there will be tours and activities to help you become more familiar with these new surroundings.

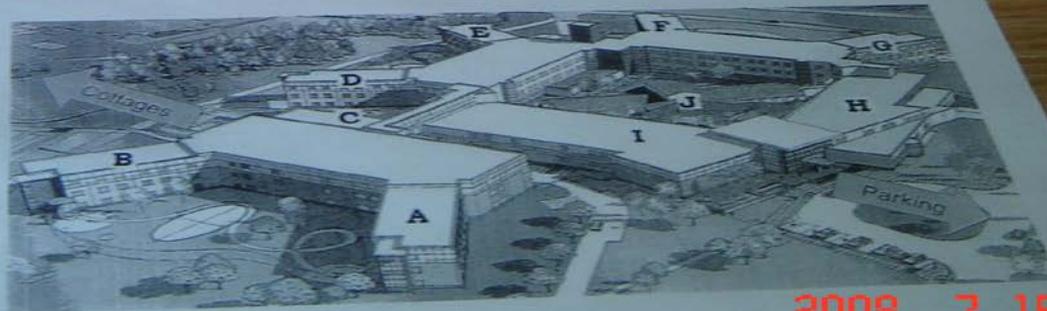

We know that moving to a new place can sometimes be overwhelming, so we are providing you with the names and phone numbers of your new treatment team members, as well as other pertinent phone numbers for your unit. Please share this information with all who are important to you, such as family and friends.

We encourage you to reach out to your team members and direct care providers as we transition to our new facility. We understand that change affects everybody differently, even when that change is positive. So, please share your hopes, fears, concerns and anxieties with us as we embark on this journey of wellness and recovery together.

Best Wishes,

The D3 Treatment Team

# Many Thanks to...

The four-way partnership involving staff at the Division of Mental Health Services, the Economic Development Authority, the Department of Treasury and the NJ Health Care Facilities Financing Authority for their dedication to bring about this symbol of commitment to people in New Jersey living with mental illness.

The Economic Development Authority, Vitetta (architect firm) and Torcon (construction company), for their part in making this vision a reality.

The staff of Greystone Park Psychiatric Hospital who have worked diligently to plan and coordinate the successful move into the new building.

The families and consumers for their advocacy and support to improve the facilities and treatment at GPPH.
