Agenda

- Nursing Facility Quality Incentive Payment Program (NF QIPP)
- NF QIPP Mandatory Requirements
- CoreQ Survey Process
- DHS NF Reporting Portal
- CoreQ Eligibility, Demographic Submissions, and Timeline
- Quality Performance Measures
- Questions and Answers
Nursing Facility Quality Programs Review

The Department of Human Services in collaboration with the Department of Health and with participation from stakeholders will review the NF QIPP Program, Any Willing Provider provision, and opportunities for value based payment and quality improvement strategies.

$20 million allocation available for quality funding distribution for FY22 which begins July 1, 2021

The NF QIPP process for state fiscal year 2022 will begin with the CoreQ survey period and collection of Hospital Utilization Tracking (HUT) software use. There will be no change to these two requirements but all components of the NF QIPP will be under review per recent legislation and program evolution and are subject to change.
Nursing Facility Quality Incentive Payment Program (NF QIPP)

• Continued collection of established quality metrics to improve quality for individuals receiving care in a Medicaid certified Nursing Facility (NF) or Special Care Nursing Facility (SCNF)

• Streamlined CoreQ sample size calculation process based on the experience and input from last year’s survey period.

• Enhancements include
  – Web-based portal for calculation grid submission
    • Same portal used for FY21 rate attestation submissions
    • Streamline and reduce administrative burden
  – Inclusion of CoreQ vendor intent and HUT software questions
    • Eliminates Quality Incentive Survey
  – Calculation Grid auto-calculation to reduce errors
  – Submission confirmation through web portal and email
Mandatory Requirement #1 for NF QIPP Consideration: Validated HUT Software Use

1. Use of a Validated Hospital Utilization Tracking Software System
   – In order to qualify for NF QIPP consideration, a facility must be utilizing a software system specifically designed for hospital utilization tracking
   – Known software includes but may not be limited to:
     • INTERACT™
     • Advancing Excellence
     • LTC Trend Tracker™
   – This information will be collected within the CoreQ calculation grid
Mandatory Requirement #2 for NF QIPP Consideration: CoreQ Minimum Survey Sample Size Calculation

2. Mandatory participation in calculating a CoreQ Long-Stay Minimum Survey Sample Size Calculation and if eligible, submit demographics to initiate the CoreQ survey process within the specified timeframes

In order to qualify for NF QIPP consideration, a facility must:

a) Participate in establishing the number of long-stay residents and families eligible for the CoreQ survey process through the CoreQ Long-Stay Sample Size Calculation Grid and;

b) Submit demographics to the CoreQ vendor to initiate the survey process within the specified timeframe
Mandatory Requirement #2 for NF QIPP Consideration: CoreQ Minimum Survey Sample Size Calculation

The CoreQ Long-Stay Minimum Survey Sample Size is calculated via a standardized spreadsheet that allows a facility to:

- Identify all long-term stay residents and their families
- Apply the CoreQ Exclusions
- Determine whether each long-stay resident and their family member is eligible or ineligible for surveying
- Determine the total number of eligible residents and families eligible to participate in the CoreQ survey process
- Utilize the information to submit demographic information to the CoreQ vendor, if applicable
Mandatory Requirement #2 for NF QIPP Consideration: CoreQ Minimum Survey Sample Size Calculation

2. Mandatory participation in calculating a CoreQ Long-Stay Minimum Survey Sample Size:
   - Each NJ Medicaid certified facility is required to submit a CoreQ Calculation Grid to DoAS via web portal regardless of CoreQ vendor intent, facility type, facility size, or ability to meet minimum sample size
   - The submitter must be a representative of the NF (Contracted CoreQ vendors not permitted to submit on behalf of NF)
   - Submitter will receive a confirmation
   - The spreadsheet is reviewed and verified for accuracy within 3 business days of receipt
     • DoAS may request corrections and resubmission which must be completed prior to due date
   - DoAS staff will notify the facility via letter of their CoreQ survey eligibility and required next steps within 10 business days of receipt
COREQ LONG-STAY SURVEYS
CoreQ is a short, reliable, and validated questionnaire to calculate a set of quality measures for long-stay residents of facilities.

- A long-stay resident is defined as a resident whose cumulative days in the facility is equal to or greater than 100 days.
- There are two groups included in each survey sample
  - Long-stay residents
  - Families of long-stay residents
The CoreQ surveys are initiated annually.

Facilities must complete a CoreQ Long-Stay Survey Size Calculation Grid and receive a notification from DHS of their CoreQ survey eligibility.

Facilities and vendors must comply with the timeframes for submission of resident demographics and data outcomes.

All information is confidential and will only be used for the survey. Individual surveys completed by the resident or family member will not be shared with the facility.

DHS has contracted with Dr. Nicholas Castle to collect data and calculate results annually.

Dr. Castle will not provide CoreQ composite scores to individual facilities.
# CoreQ Questions

## For the resident, the three questions are as follows:

1. In recommending this facility to your friends and family, how would you rate it overall?
2. Overall, how would you rate the staff?
3. How would you rate the care you receive?

## For the family, the three questions are as follows:

1. In recommending this facility to your friends and family, how would you rate it overall?
2. Overall, how would you rate the staff?
3. How would you rate the care your family member receives?

The response scale is as follows with one being the lowest and five being the highest:

- One (1) – Poor
- Two (2) – Average
- Three (3) – Good
- Four (4) – Very Good
- Five (5) – Excellent
Excluded from the survey are the following long-stay residents or family members of long-stay residents.

<table>
<thead>
<tr>
<th>Long-Stay Resident Exclusions</th>
<th>Family Members of Long-Stay Residents Exclusions</th>
</tr>
</thead>
</table>
| • Residents who have lived in the facility for less than 100 days  
  o This is recorded in the MDS Section A1600 and/or A1900. | • Families of residents who have lived in the facility for less than 100 days  
  o This is recorded in the MDS Section A1600 and/or A1900. |
| • Residents with BIMS scores of equal to or less than 7 or equal to 99 are excluded.  
  o Residents who have poor cognition as identified through MDS assessment Section C0200-C0500. | • Family members who reside in another country. |
| • Residents receiving hospice:  
  o This is recorded in the MDS as Hospice (MDS O0100K2 = 2). | • Families of residents receiving hospice:  
  o This is recorded in the MDS as Hospice (O0100K2 = 2). |
| • Residents with court appointed legal guardians for all decisions.  
  o Identify from the facility health information system. | • Families of residents who have court appointed legal guardians for all decisions  
  o Identify from the facility health information system. |

*Family member refers to a designated authorized representative and may consist of a family member, friend, or other relation.
A CoreQ score is calculated based on the results of the questionnaires that meet the valid sample criteria. A valid sample is:

1) A minimum of 30 residents and 30 families eligible to be surveyed each cycle;

2) A minimum of 20 returned and useable surveys within each survey group (e.g., the numerator must be > 20 residents and >20 families = 40 returned and useable surveys)

3) A minimum response rate of 30% or greater. The response rate is calculated by counting all the valid responses divided by the number of people who were given the survey to complete
The calculation grid is collecting and/or calculating:

- ✓ Submitter information including date of submission
- ✓ CoreQ Vendor Intent
- ✓ Hospital Utilization Tracking Software Use
- ✓ Resident and Family Tracking
- ✓ CoreQ Exclusions
- ✓ Total Survey Sample Size
- ✓ Recommended naming convention:
  - ✓ FY22CalculationGrid Facility Name Date of Submission
  - ✓ i.e. FY22CalculationGridXYZCareCenter110420

Mandatory Requirements for NF QIPP Consideration: CoreQ Minimum Survey Sample Size (cont’d)

• The CoreQ Long-Stay Survey Sample Size Calculation Grid is submitted to DoAS at http://njdoas-ua.force.com/NF

• The Grid and Instructions including information on the CoreQ exclusions is available at https://www.state.nj.us/humanservices/doas/resources/

• The due date for the calculation grid is 11/13/20 at 5pm EST.

Instructions for Nursing Facility Reporting Portal

- Before beginning the upload process, you will need:
  (a) Nursing Facility Name,
  (b) Medicaid NF Provider #, and
  (c) the completed Attestation and Wage Schedule Excel file.

- To login, enter your Medicaid NF Provider # exactly as it appears on the Rate Notification Letter. If the code is correct, you will be able to see the Nursing Facility name associated with the code and will be able to proceed.

- Enter your First Name, Last Name, Phone, Email and Notes on the form.

- To upload the document, you will need the completed Attestation and Wage Schedule Excel file/FPYQ2 CoreQ Long Stay Survey file on your device. The format for Attestation and Wage Schedule File is shown in the embedded template below. Please click on below link to download the file:

[Attestation and Wage Schedule File Format]

- For upload process, click the 'Upload File' button. Locate the document on your device and select it. Then click the 'Done' button. You will see the name of your document under 'File Name' once attached successfully. If you need to delete the document, click the 'x' to delete. You will need to re-attach it.

- Click on 'Submit' button to submit the application.

- The portal will retain a record of your submission that you can view by entering your information. However, you will not be able to view or download the file once it is uploaded. Please keep a copy of the Attestation and Wage Schedule for your records.

Nursing Facility Reporting Portal :: CoreQ Calculation Grid Document Received

Hello John Smith

Following CoreQ Calculation Grid document has been received on 10-29-2020 through the Nursing Facility Reporting Portal. FY22 CoreQ Long-Stay Survey file (1).xlsx

Thank you,
DHS
Mandatory Requirements for NF QIPP Consideration: CoreQ Eligible and CoreQ Demographic Submission

Following the submission of the CoreQ Long-Stay Survey Sample Size Calculation Grid, DoAS will provide guidance on next steps:

1. Facility does not meet the minimum sample size
   - There are no additional requirements for these facilities

2. Facility meets the minimum sample size
   - The CoreQ survey process must be initiated, completed and outcome data sent to the DHS CoreQ Vendor by established due dates
Mandatory Requirements for NF QIPP Consideration: CoreQ Survey Initiation

Following notification of CoreQ eligibility, the facility is responsible for initiating the CoreQ survey process

1. DoAS will provide eligible facilities the DHS CoreQ Long-Stay Demographics for Residents and Families standardized template for completion

2. Facilities are responsible for documenting the resident and family demographics and submitting the DHS template to the applicable CoreQ vendor

3. **Demographic submissions via email to the DHS Vendor, Dr. Nick Castle, are required no later than November 27, 2020 at 5pm EST.**
   1. Email address: castlen@coreq.biz
   2. Submitter will receive an email confirmation of receipt from Dr. Castle
   3. Corrections may be requested by Dr. Castle and must be submitted by the submission deadline

**NOTE:** Submissions after 11/27/20 at 5pm EST will not be processed by Dr. Castle
The actual names of the residents and families who are eligible for CoreQ on the calculation grid need to be submitted on the above template. Facilities will only receive the demographics template from DHS if applicable.
CoreQ Long-Stay Survey Sample Size Calculation Grid
Reminders

☑ Each NJ Medicaid certified facility is required to submit a CoreQ Calculation Grid to DoAS via web portal regardless of CoreQ vendor intent, facility type, facility size, or ability to meet minimum sample size.

☑ Calculation Grid is available on the DoAS webpage at https://nj.gov/humanservices/doas/resources/

rate setting
Nursing Facility Quality Incentive Payment Program (NF QIPP)

- Fiscal Year 2022 NF QIPP Facility Letter 10.26.20
- CoreQ Long-Stay Sample Size Calculation Grid 10.26.20
- Instructions for Completing & Submitting the FY22 CoreQ Long-Stay Sample Size Calculation Grid 10.28.20

☑ Submission through DHS NF Reporting Portal at http://njdoas-ua.force.com/NF
CoreQ Long-Stay Survey Sample Size Calculation Grid

Reminders

✔ The submitter will receive a portal and email confirmation

✔ The spreadsheet is reviewed and verified for accuracy within 3 business days of receipt

✔ DoAS may request corrections and resubmission which must be completed prior to due date. Request will be made to submitter

✔ DoAS staff will notify the facility via letter of their CoreQ survey eligibility and required next steps within 10 business days of receipt

✔ Facilities eligible for CoreQ surveys will receive the CoreQ Survey Demographics Template and additional instructions for the state’s DHS vendor, if applicable

✔ DoAS will record all submitted information for QIPP purposes
• **Facilities Using the DHS CoreQ Vendor:** The facility is responsible to submit resident and family member contact information to Dr. Castle on the designated form (after receiving the notification of eligibility from DHS, if applicable) within the specified timeframe. Surveys will be sent to residents and families from Dr. Castle via the U.S. Postal Service. The resident and family member will return the survey directly to Dr. Castle.

• **Facilities Currently Collecting CoreQ Information Through a Contracted Vendor:** The facility is responsible to submit resident and family member contact information to their vendor. These vendors are responsible to initiate the CoreQ surveys and submit survey response data to Dr. Castle to be calculated. It is the facility responsibility to ensure the vendor is complying with the requirements.

*NOTE: No CoreQ Long-Stay Demographics for Facilities Templates will be accepted by Dr. Castle after 11/27/20.*
### CoreQ Administration Requirements

<table>
<thead>
<tr>
<th>Facilities With NF Contracted CoreQ Vendors</th>
<th>Facilities using the DHS CoreQ Vendor (Dr. Castle)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Calculate and submit to DHS the CoreQ Long-Stay Survey Sample Size Calculation Grid</td>
<td>1. Calculate and submit to DHS the CoreQ Long-Stay Survey Sample Size Calculation Grid</td>
</tr>
<tr>
<td>2. Submit long-stay resident and family data to contracted CoreQ vendor</td>
<td>2. Submit long-stay resident and family data to DHS vendor - Dr. Castle</td>
</tr>
<tr>
<td>3. Contracted vendor to initiate and collect survey data within the data collection period</td>
<td>3. DHS vendor to initiate and collect survey data within the data collection period on behalf of NFs without a CoreQ vendor</td>
</tr>
<tr>
<td>4. Contracted vendor to provide Dr. Castle with CoreQ data by established due date</td>
<td>4. DHS vendor will collect CoreQ data from CoreQ vendors contracted with NFs</td>
</tr>
<tr>
<td></td>
<td>5. DHS vendor will calculate CoreQ composite scores by established due date and report to DHS.</td>
</tr>
</tbody>
</table>
CoreQ Administration: Special Considerations

• Facilities whose vendor may have only conducted surveys on one population should work with their contracted vendor to complete the second set of surveys within the timeframe specified
  – In these instances, 2 calculation grids must be submitted
    • This is due to lack of direct alignment between reported residents and families
# FY22 CoreQ Timeline for Collection, Transmission, and Reporting for Facilities using DHS CoreQ Vendor

*No CoreQ survey results will be accepted after 2/12/21*

All due dates have a 5pm EST cutoff time.
QUALITY PERFORMANCE MEASURES
The quality metrics for NF QIPP include:

- **5 Minimum Data Set (MDS) measures collected quarterly by CMS and calculated once annually by DHS**
  - MDS measures are a part of the federally mandated process for clinical assessment of all residents in Medicare and Medicaid certified nursing homes collected by CMS.
  - DHS utilizes standard quarters that are both finalized by CMS and publically available.

- **1 CoreQ Survey Composite Score: Long-stay resident and family experience survey collected by a CoreQ vendor**

## Quality Performance Measure Criteria

<table>
<thead>
<tr>
<th>Metric</th>
<th>Details</th>
</tr>
</thead>
<tbody>
<tr>
<td>Physical Restraints</td>
<td>To meet this metric, facilities must be at or below the Average for the 4 quarters of data for which an average is calculated by DHS.</td>
</tr>
<tr>
<td>Falls with Major Injury</td>
<td></td>
</tr>
<tr>
<td>Antipsychotic Medication</td>
<td></td>
</tr>
<tr>
<td>Pressure Ulcers</td>
<td></td>
</tr>
<tr>
<td>Influenza Vaccination</td>
<td>To meet these metric, facilities must be at or above the Average for the CMS reporting year for which an average is calculated by DHS.</td>
</tr>
<tr>
<td>CoreQ Long-Stay Survey: A standardized and validated survey tool to capture the resident and family experience of care.</td>
<td>To meet this metric, facilities must be at or above the State established annual benchmark for the annual survey cycle established by DHS. Facilities must participate in establishing a sample size via the Calculation Grid and submit demographics for consideration of NF QIPP.</td>
</tr>
</tbody>
</table>

**NOTE:** Performance measures are subject to change.
CMS designation of “too small to report” – these facilities will have their averages calculated using the available data for the quarters in consideration.

Facilities with a low volume long-stay census who do not have a sufficient amount of CMS data to receive a calculation for any of the quarters in consideration, incentives will not be applied for that measure.

CMS designation of “failed to submit data” – a facility who fails to report data for any of the quarters in consideration, incentives will not be applied for that measure.
