Statewide Respite Care Program

Services To Provide Short-Term, Intermittent Relief to New Jersey's Caregivers

About the Program

Caring for a family member –or someone you care for as if you were family –is a huge job. When you're caring for someone who needs daily, basic assistance, there often isn't much time for anything else. Whether you're redirecting someone with memory or other cognitive problems, or giving hands-on care to a frail or sick person, it takes time, effort, and patience and involves a lot of emotion. You need time to do other things, think and organize, and rest.

The **Statewide Respite Care Program** offers services to the person who needs care so that you, the caregiver, has a break ("respite"). The services should replace a task or period of time that you would otherwise provide. Services can include adult day care, home care, companion services, campership, or a short stay in a facility. There is even a Caregiver Directed Option, so you can pay for services or items that make caregiving easier and be reimbursed.

Does the Person You Care for Qualify?

This program is for unpaid caregivers. The person needing care must:

- Be a frail or functionally impaired adult who requires daily, basic care;
- Have an unpaid/uncompensated caregiver, such as a spouse, partner, child, other family member, neighbor, or friend, who provides the necessary daily care;
- Live in the community and not in an assisted living, nursing home, or residential care facility;
- Not participate in other services that provide this care, such as Jersey Assistance for Community Caregiving (JACC), Alzheimer's Adult Day Services Program, Managed Long Term Services and Supports (MLTSS), or other NJ FamilyCare programs, VA Aid & Assistance, etc.; and
- Meet financial guidelines for income and assets. There may be a copay based on income.

What Else Should I Know?

This program is designed to give short-term, intermittent relief to the caregiver. It's not for ongoing, routine care. For example, if you are having surgery or become injured and can't provide your regular care, the Statewide Respite Care Program may be able to arrange home care, adult day care, or inpatient care at an assisted living or other facility while you recuperate. Maybe you need a break to take a vacation with your family or a weekend to settle a child into college. Perhaps you are taking a caregiving class for six weeks and need someone to stay with the person you care for during class times.

If you need regular, long-term care for the person you care for, then the **Statewide Respite Care Program** may not be for you. Contact the **Aging and Disabilities Resource Connection (1-877-222-3737)** and explore other options, such as MLTSS, the Alzheimer's Adult Day Services Program, or JACC.
