Appendix B: New Jersey Public Sector Employers employing 50 or More NJ FamilyCare Enrollees

2025 Annual Report on Access to Employer-Based Health Insurance

Background

In August 2006, legislation was enacted (P.L. 2006, c.87) directing the Commissioner of New Jersey's Department of Human Services (DHS) to prepare an annual report on Access to Employer-Based Health Insurance for Medicaid Enrollees.

The purpose of this report is to identify employers in the State who employ an aggregate of 50 or more employees enrolled in NJ FamilyCare, the State's Medicaid and CHIP program.

Please note that the data in this report will not be the direct basis for determining employers' fees from P.L.2026, c.23, in part because this report does not include the relevant time period. Fee notifications will be issued in early 2027.

Data Sources

Data sources for this report include The New Jersey Department of Labor (NJDOL) Unemployment Insurance Wage Records and the Department of Human Services Division of Medical Assistance and Health Services (DMAHS) NJ Medicaid Management Information System.

It is important to note that there are limitations inherent to the information available for this report. The NJDOL source data does not currently contain a determination of 1) full-time/part-time employment status; 2) seasonal employment; or 3) the duration of employment within the quarter. For this report, one quarter of DOL and DMAHS data is used: the third quarter of calendar year 2025, or July 1, 2025 to September 30, 2025.

Although the enabling legislation calls for the employer's address or work site, the source data utilized does not in all cases list individual employment sites. Instead, the source data provides an address directly related to each tax identification number that may be a corporate site or a payroll vendor. Additionally, employers are categorized as State/local governmental entities, or not, pursuant to N.J.S.A. 43:21-19(h)(5) of the New Jersey Unemployment Compensation Law.

NJ FamilyCare

NJ FamilyCare is the unified name used to describe New Jersey's Medicaid (authorized under Title XIX of the Social Security Act), and the Children's Health Insurance Program (CHIP) (authorized under Title XXI of the Social Security Act). NJ FamilyCare provides health coverage to children; pregnant women; parents/caretaker relatives; single adults; childless couples; aged, blind, or disabled individuals; and individuals qualified for long-term care services. Members receive free or low-cost health coverage, including: doctors' visits, hospital services, pharmacy prescriptions, medical tests, vision care, mental health care, dental services, nursing home care and other healthcare services, depending on

the person's eligibility category.

Report Summary

A total of 1,018 private sector employers in New Jersey, each employing 50 or more NJ FamilyCare members, have been identified. These companies collectively employ 170,581 individuals who receive health care coverage through NJ FamilyCare (as detailed in Column C of Appendix A). Additionally, 158,261 non-employee dependents of these employees are also covered by NJ FamilyCare (as indicated in Column D of Appendix A).

This report also includes data regarding public sector employers in New Jersey employing 50 or more NJ FamilyCare members. We have identified 126 public sector employers employing 17,540 people who received health care coverage through NJ FamilyCare (see Column C of Appendix B). In addition, 17,336 non-employee dependents of these employees were covered by NJ FamilyCare (see Column D of Appendix B).

Appendices A and B provide a detailed breakdown of data for private and public sector employees, focusing on specific subsets of the broader universe of identified employees (enumerated in Column C). This detailed information includes statuses related to disabilities, enrollment in both Medicare and Medicaid, and private insurance coverage.

- **Column F** identifies employees with disabilities.
- **Column G** highlights disabled employees enrolled in the WorkAbility Program. This New Jersey initiative offers NJ FamilyCare coverage to working individuals with disabilities whose earnings would otherwise render them ineligible. Eligibility for NJ WorkAbility generally requires individuals to be aged 16 to 64, engaged in part-time, full-time, or self-employment, and have a permanent disability.
- **Column H** indicates the number of employees enrolled in both Medicaid and Medicare, often referred to as “Duals.”
- **Column I** lists employees who have private insurance coverage in addition to NJ FamilyCare. In cases where an NJ FamilyCare member funded under Title XIX Medicaid also has private insurance, Medicaid acts as the payer of last resort.

Federal and State Costs

NJ FamilyCare is funded by both the Federal and New Jersey State governments. Percentages vary according to eligibility group. For the third quarter of 2025, Title XIX Medicaid federal share ranged from 50% to 90%. For this period, Title XXI CHIP federal share was 65%.

During the three-month reporting period, Federal and State expenditures for the members identified in Appendices A and B amounted to $646 million. This sum encompasses costs associated with NJ FamilyCare members employed in the private sector and their non-employee dependents, totaling $588 million, as well as those employed in the public sector and their non-employee dependents, amounting to $58 million. Of the total jointly funded amount, $600 million was for Title XIX Medicaid, $41 million was for Title XXI

CHIP, and the remaining $5 million was expended on associated programs that use State funds only.

New Jersey's portion of the expense for NJ FamilyCare members and their non-employee dependents employed by private and public sector agencies was $204 million. This includes $185 million in spending on Title XIX Medicaid, $14 million on Title XXI CHIP, and $5 million on associated programs that use State funds only.

Charity Care Information Submitted by the Department of Health

The statute requires the Department of Health (DOH) to compile, to the extent data are available, information about employed recipients of Charity Care. Specifically, the law requests the following information: the employer's name and address, the number of recipients on Charity Care who are employed by the employer, and the cost to the State of providing Charity Care for employer's employees and their dependents. DOH has reviewed the data submission process and supporting information technology structure and determined that this data is not available. In addition, DOH as required by the "Charity Care Fraud Prevention and Detection Act," has reviewed, with the Division of Taxation, the potential for file matching to ascertain the employer and wage data for Charity Care recipients. The results of the review indicated that the lack of a consistent identification number, such as social security number, makes the desired analysis infeasible.

Appendix A
Private Sector Employers Data Summary, Claims, Sources & Notes
July 1, 2025 to September 30, 2025

Data Summary:

	DISTINCT COUNT
Employers	1,018
Employees	170,581
Non-employee Dependents	158,261
Total NJ FamilyCare Members (Employees + Non-employee Dependents)	328,842
Disabled Employees	9,116
Disabled: WorkAbility Employees	3,075
Dual Coverage (Medicaid & Medicare) Employees	6,226
Employees with Private Insurance	38,103

NJ FamilyCare Employee and Non-Employee Dependent Member Claims:

NJFC expenditures for coverage and services paid between July 1, 2025, and September 30, 2025, for all employee and non-employee dependent members covered under private sector employers with 50 or more employees

PROGRAM	STATE	FEDERAL	TOTAL
STATE ONLY	$4,627,215	$0.00	$4,627,215
CHIP TITLE XXI	$12,852,890	$23,869,654	$36,722,544
MEDICAID TITLE XIX	$169,782,320	$377,312,676	$547,094,996
TOTAL	$187,262,426	$401,182,330	$588,444,756
