

Congress is finalizing its bill to drastically cut Medicaid for New Jersey residents and healthcare providers.

Here's what it would mean when fully implemented:

AN ESTIMATED
350,000
ELIGIBLE RESIDENTS
will lose healthcare coverage
because of bureaucratic
barriers — that's

of those
covered today

including half of
the Expansion
population

\$3.3
BILLION CUT

to hospitals and public health
funding due to reduced
provider assessments and
payment limits

AT LEAST
\$360
MILLION CUT

to the state budget
due to reductions in
federal funding and
provider assessments
