2013
Annual Report on Access to
Employer-Based Health Insurance

Background

In August 2006, legislation was enacted (P.L. 2006, c.87) directing the Commissioner of the Department of Human Services (DHS) to prepare an annual report on Access to Employer-Based Health Insurance for Medicaid Enrollees.

The purpose of this report is to identify employers in the State who employ an aggregate of 50 or more employees enrolled in NJ FamilyCare, the State's Medicaid and CHIP program.

Data Sources

Data sources include The New Jersey Department of Labor and Workforce Development's (LWD) Wage Reporting database and DHS' Division of Medical Assistance and Health Services Shared Data Warehouse. It is important to note that there are limitations inherent to the information available for this report. The LWD file does not contain the enrollee's quarterly income or number of hours worked. As a result, full-time or part-time status, and duration of employment with a particular employer cannot be discerned. The data within this report sourced from LWD and DMAHS represents the second quarter of 2013, April 1, 2013 to June 30, 2013. A quarterly data sample was chosen because it is a sufficiently large data set to be representative.

Although the enabling legislation calls for the employer's address or work site, the data source utilized does not list individual employment sites. Instead the data file provides an address directly related to each tax identification number which may be a corporate site or a payroll vendor.

NJ FamilyCare

The NJFC program, which includes Medicaid Title XIX and the Children's Health Insurance Program (CHIP) Title XXI, provides free or low cost comprehensive health insurance for uninsured, low income children and families. This program is both state and federally funded and eligibility is based on income and household size. Children can be eligible with a higher household income up to 350% of the federal poverty level (FPL) or \$82,425 for a family a four.

In most cases, an enrollee must have been uninsured for three months before they are eligible for NJ FamilyCare. There are exceptions to this policy, such as a family losing health insurance through no fault of their own, i.e., parent was laid off.

Enrollees with incomes up to 133% of the federal poverty level can have other insurance along with NJFC.

Report Summary

447 private sector employers in NJ employing 50 or more NJ FamilyCare beneficiaries were identified. They employ a total of 65,477 employees (see Column A of Appendix A) who are receiving health care coverage through NJ FamilyCare. In addition, 140,880 dependents (see Column B of Appendix A) of these employees were covered by NJ FamilyCare.

This report also includes data regarding government agencies in New Jersey employing 50 or more NJ FamilyCare beneficiaries. 36 government agencies employed 3,701 people (see Column A of Appendix B) who received health care coverage through NJ FamilyCare. In addition, 8,536 dependents (see Column B of Appendix B) of these employees were covered by NJ FamilyCare.

In cases where an NJFamilyCare beneficiary funded under Title XIX Medicaid has private insurance, Medicaid becomes the payer of last resort. NJ FamilyCare's reimbursement is subsequent to payments made through private coverage for allowable medical services. 10,273 private sector employees and 880 government sector employees had private insurance (see Column F) in addition to NJ FamilyCare coverage.

New Jersey's Workability Program offers complete NJ FamilyCare coverage to working people with disabilities whose earnings would otherwise make them ineligible for program enrollment. Generally to be eligible for NJ Workability, a person must be between the ages of 16 and 64, working part-time, full-time or be self-employed, have a permanent disability and meet certain income and resource guidelines. Column D in the tables identifies 1,448 employees working in the private sector and 58 working for government agencies receiving NJ FamilyCare benefits through NJ Workability.

Federal and State Costs

Funding of NJ FamilyCare is shared by Federal and New Jersey State governments. Percentages vary according to eligibility group. For the second quarter in 2013, jointly funded expenditures totaled \$182.9 million over the three month reporting period. This includes NJ FamilyCare beneficiaries employed by private sector employers (\$174 million) and beneficiaries who were employed by government agencies in the State (\$8.9 million). Of the jointly funded total, spending for Title XIX, Medicaid was \$169.7 million and \$10.3 million for Title XXI CHIP. The remaining \$2.9 million went to programs funded through State-only dollars.

New Jersey's portion of the expense for NJ FamilyCare beneficiaries employed by the private sector and government agencies was \$89.1 million with breakdown as follows:

Title XIX Medicaid \$82.6 million, Title XXI CHIP \$3.6 million and \$2.9 million for state-only funds.

New Jersey's federal match on Title XIX Medicaid was 50% and Title XXI CHIP was 65%.

Comparison: 2012 and 2013

	2012 (Data from 4/1/2012-6/30/12)	2013 (Data from 4/1/13-6/30/13)	% Change
Private Sector Employers	428	447	4.4%
Private Sector Employers: Employees + Dependents	194,095	206,357	6.3%
NJ Government Employers	35	36	2.9%
NJ Government: Employees + Dependents	11,564	12,237	5.8%
Cost of Total Services	\$155,809,221	\$182,960,753	17.4%
Federal Share Services	\$81,923,379	\$93,877,556	14.6%
State Share Services	\$73,885,841	\$89,083,196	20.6%
NJ FamilyCare Total Enrollment (monthly avg. for the reporting period)	1,295,940	1,306,034	0.8%

Sources:

New Jersey Shared Data Warehouse.

NJ Department of Labor and Workforce Development's Wage Reporting Database

Notes:

-The Department of Labor data utilized was not collected for the intent of producing this report.

-The Department of Labor file does not contain enrollee quarterly income or number of hours worked.

-Working NJFC Recipients may have more than 1 employer.

Charity Care Information Submitted by the Department of Health

The statute requires the Department of Health (DOH) to compile, to the extent data are available, information about employed recipients of Charity Care. Specifically, the law requests the following information: the employer's name and address, the number of recipients on Charity Care who are employed by the employer; and the cost to the State of providing Charity Care for employer's employees and their dependents. The DOH has reviewed the data submission process and supporting information technology structure and determined that this data is not available. In addition, DOH as required by the "Charity Care Fraud Prevention and Detection Act," has reviewed, with the Division of Taxation, the potential for file matching to ascertain the employer and wage data for Charity Care recipients. The results of the review indicated that the lack of a consistent identification number, such as social security number, makes the desired analysis infeasible.
