Program Name: Opioid Overdose Recovery Program

Purpose: This Request for Proposals (RFP) is issued by the New Jersey Department of Human Services (DHS), Division of Mental Health and Addiction Services (DMHAS) to solicit proposals to develop an Opioid Overdose Recovery Program in Hunterdon County to respond to individuals reversed from opioid overdoses and treated at a hospital emergency department as a result of the reversal. DMHAS will provide annualized funding of \$255,750 and one-time start-up costs up to \$12,500 to one (1) contractee subject to federal appropriations. This RFP is funded through the Substance Abuse and Mental Health Services Administration's (SAMHSA) State Targeted Response to the Opioid Crisis grant. Funding is available for FFY 2018 and may be available for FFY 2019. DMHAS anticipates making one (1) award in Hunterdon County.

The Opioid Overdose Recovery Program will utilize Recovery Specialists and Patient Navigators to engage individuals reversed from an opioid overdose to provide non-clinical assistance, recovery supports and appropriate referrals for assessment and substance use disorder treatment. The Recovery Specialists and Patient Navigators will also maintain follow-up with these individuals. Recovery services provided for these individuals should be fundamentally strengths-based. Additionally, they should deliver or assertively link individuals to appropriate and culturally-specific services and provide support and resources throughout the process. It is planned that, at minimum, recovery specialists will be accessible and on-call from Thursday evenings through Monday mornings in the specific locations where funding is made available.

Available Funding Amount: A total of up to \$255,750 and \$12,500 in one-time start-up costs, subject to Federal appropriation, is expected to be available.
