Notice of Receipt of Petition for Rulemaking

Managed Health Care Services for Medicaid and NJ FamilyCare Beneficiaries

N.J.A.C. 10:74-3.3

Petitioner: Curtis D. Edmonds, Esq.

Take notice that on August 11, 2016, the Division of Medical Assistance and Health Services in the Department of Human Services (Department) received a petition for rulemaking pursuant to N.J.S.A. 52:14B-4(f) and N.J.A.C. 1:30-4.1 and 4.2 from Curtis D. Edmonds, Esq. (petitioner). The petitioner asks the Department to amend its rules at N.J.A.C. 10:74-3.3 to add a new subsection (b) that would require that a Managed Care Organization providing health care services to Medicaid and NJ FamilyCare Plans A, B, and C beneficiaries may not deny or refuse to provide medically necessary services to those beneficiaries, as set forth in N.J.A.C. 10:74-3.3(a), on the grounds that such services are investigational or experimental in nature. The petition states that such action would assist beneficiaries who would otherwise receive denials of medically necessary services that are investigational or experimental in nature, and who consequently would have to appeal such denials.
