
In the Matter of

R.M.

FINAL AGENCY DECISION

This matter involves the Petitioner R.M.'s appeal of the Division of Developmental Disabilities' (Division) decision that he is not eligible for Division services because he is not Medicaid eligible.

I have reviewed the Recommended Decision submitted January 25, 2018. Petitioner untimely submitted an exception to the Recommended Decision asserting that the appeal was moot because R.M. now has a Special Needs Trust. However at this time, R.M. is not Medicaid eligible. Individuals who are not Medicaid eligible are not eligible to receive Division services. Should R.M. obtain Medicaid eligibility in the future and wish to receive Division-funded services, he may contact his local Community Services Office.

I agree with and **ADOPT** the findings and conclusions of the Recommended Decision. The Division properly applied N.J.A.C. 10:46.

This is my Final Decision.

Jonathan S. Seifried
Acting Assistant Commissioner
Division of Developmental Disabilities
