*** Effective April 1, 2020:** New federal law requires covered employers to provide emergency paid sick leave to certain employees to care for themselves or a family member due to coronavirus illness, symptoms, quarantine or school/child care closure. The Federal Family and Medical Leave Act (FMLA) has also been amended to provide job-protected emergency paid leave to employees who are unable to work because their child does not have school or child care, due to coronavirus. See nj.gov/labor for details. The U.S. Department of Labor will be issuing further guidance and this document may be updated as more information becomes available.

A person who has, because of their employment, contracted COVID-19 at work could be eligible for **Workers' Compensation** and would file through their employer.
