Transition Subcommittee

Recommended prompts for the public forums:

1. How do you feel about the information you have received about the services and supports that the New Jersey Division of Vocational Rehabilitation Services can provide to students with disabilities beginning at age 14 to help them prepare for future employment in the community?
2. Please share your feelings about the process to connect students with disabilities to the New Jersey Division of Vocational Rehabilitation Services so they can receive needed Pre-Employment Transition Services (Pre-ETS) and/or traditional vocational rehabilitation services (e.g., supported employment, job coaching, vocational training, etc.).
3. If you or students you know received Pre-Employment Transition Services (Pre-ETS), please share what you think were the benefits to the students for having received these services.
