2. Section 2 of P.L.2011, c.154 (C.43:21-20.4) is amended to read as follows:

2. An employer who has not less than 10 employees, who are each employed for not less than 1,500 hours per year, may apply to the division for approval to provide a shared work program, the purpose of which is to stabilize the employer's work force during a period of economic disruption by permitting the sharing of the work remaining after a reduction in total hours of work. Any subsidizing of seasonal employment during off season, of employers who traditionally use part-time employees, or of temporary part-time or intermittent employment on an ongoing basis, is contrary to the purpose of a shared work program approved pursuant to this act. The application for a shared work program shall be made according to procedures and on forms specified by the division and shall include whatever information the division requires. The division may approve the program for a period of not longer than one year and may, upon employer request, renew the approval of the program annually for additional periods, each period not to exceed one year. The division shall not approve an application unless the employer:

a. (1) Certifies to the division that the aggregate reduction in work hours is in lieu of layoffs; (2) provides an estimate of the number of employees who would have been laid off in the absence of the program; and (3) certifies that the employer will not hire additional part-time or full-time employees while short-time benefits are being paid;

b. [Agrees with] Certifies to the division that health insurance or pension coverage, paid time off, or other benefits, including retirement benefits under a defined benefit plan, as defined in section 414(i) of the Internal Revenue Code (26 U.S.C. 414(i)), or employer contributions under a defined contribution plan, as defined in section 414(i) of the Internal Revenue Code (26 U.S.C. 414(i)), will continue to be provided to participating employees before the application was made, or make unreasonable revisions of workforce productivity standards.

[benefits provided to participating employees before the application was made, or make unreasonable revisions of workforce productivity standards.]

[participating employees before the application was made, or] any employee whose workweek is reduced under the program, that those benefits will continue to be provided to employees participating in the program under the same terms and conditions as though the workweek of the employee had not been reduced or to the same extent as other employees not participating in the program, except that employer contributions to a defined contribution plan, as
defined in section 414(i) of the Internal Revenue Code (26 U.S.C. 414(i)), may be reduced in proportion to the reduction of weekly hours, and certifies to the division that the employer will not make unreasonable revisions of workforce productivity standards;

c. Certifies to the division that any collective bargaining agent representing the employees has entered into a written agreement with the employer regarding the terms of the program, including terms regarding attendance in training programs while receiving short-time benefits, and provides a copy of the agreement to the division; [and]
d. Provides, in the application, the effective date and duration of the program, a description of the affected unit or units covered by the program, including the number of employees in each unit, the percentage of employees in the affected unit covered by the program, identification of each individual employee in the affected unit by name, social security number, and the employer’s unemployment tax account number and any other information required by the division to identify program participants;

e. Provides, in the application, a description of how the employees in the affected units will be notified of the employer’s participation in the shared work program if the application is approved, including the means of notification for employees who are members of collective bargaining units and employees who are not members of a collective bargaining unit:

f. Identifies the usual weekly hours of work for the employees of the affected unit and the specific percentage by which their hours will be reduced during all weeks covered by the program;

g. Certifies that participation in the program and its implementation is consistent with the employer’s obligations under all applicable federal and State laws; and

h. Agrees to provide the division with [whatever] any reports or other information, including access to employer records, the division deems necessary to administer the shared work program and monitor compliance with all agreements and certifications required pursuant to this section.

The division shall approve or disapprove the program in writing not more than 60 days after the receipt of the application and promptly communicate the decision to the employer. A decision disapproving the application shall clearly identify the reasons for the disapproval. The disapproval shall be final, but the employer shall be permitted to submit another application for approval of a plan not earlier than 60 days from the date of disapproval.

3. Section 3 of P.L.2011, c.154 (C.43:21-20.5) is amended to read as follows:

3. a. The division, on its own initiative or upon request of the affected unit’s employees, may revoke approval of an employer's
application previously granted [for good cause shown, including] for any failure to comply with any agreement or certification required pursuant to section 2 of this act, or any other conduct or occurrences which the division determines to defeat the purpose, intent and effective operation of a shared work program. The notice of revocation shall be in writing and shall specify the reasons for the revocation and the date on which the revocation is effective.

b. An employer may request modifications of an approved shared work program by filing with the division a written request identifying the specific proposed modifications and explaining the need for the modifications. The division shall approve or disapprove the modifications within 30 days and promptly communicate to the employer the division’s decision and the date on which the modification will take effect. The employer is not required to obtain division approval to make a plan modification which is not substantial, but is required to provide prompt, written notice of the modification to the division, which shall require the employer to request division approval of the modification if the division finds the modification to be substantial. The division may terminate the program if the employer fails to provide the notice required by this subsection.
