Re: Asbestos Tile Removal  

To Whom It May Concern:  

As a result of the recent flooding and hurricanes, we have had to remove carpeting from our basement. Beneath the carpeting was tile which began lifting up from the water. Because we have small children at home, we became concerned and had the v/a tile tested. Both the tile and adhesive came up positive for asbestos.  

After a short delay, we were able to locate a company to safely remove the tile and the adhesive - Pernaco, Incorporated. It is my understanding that there is a 10 day notification period before the work can begin. Due to the relatively small area involved and nature of the potential harm to my children and the fact that some of the tile is already coming loose exposing the adhesive, we are requesting that the DEP waive the 10 day notification requirement so that the hazardous material can be removed immediately.  

Thank you for your prompt attention to this matter.  

Very truly yours,  

DAVID ALAN KLEIN

Good Morning,

To whom it may concern,

In my home I have asbestos covering my heating pipes. The last couple of days have been hard on my family because of having steam heating and not being able to turn on the heat. We have been waking up to a cold home with only space heaters in the rooms we sleep in. We would like to request immedicated service so as to have the pipes repaired as soon as possible. I have two young kids and are unable to eat and live in the rest of the house because of the cold temperatures.

Please notify me as soon as possible so that we can have this work done. (November 4, 2011)

20 California Avenue
Paterson, NJ 07503

Worksite Address: 635 - Priley Ave, Elizabeth, NJ

To Whom It May Concern:

I am the owner of the above referenced Worksite address. The furnace located in my basement is inoperative and needs to be replaced ASAP in order to heat the house.

The furnace is insulated with asbestos material. The asbestos needs to be removed prior to installation of the new furnace.

I understand that various Federal and State Agencies require written 10-day notification prior to starting any asbestos abatement work, and that it may be possible to start the asbestos abatement work sooner than the 10 day period in the event of an emergency.

Since I currently do not have heat in my house, I feel that the asbestos abatement work should be given immediate attention.

Please accept this letter as a request to commence with asbestos abatement activities as soon as possible and upon receiving approval to do so by the applicable Federal and State Agencies having jurisdiction.

If you have any questions or comments, please do not hesitate to contact me at the following telephone number:

Very truly yours,

Re: Emergency Notification Request
Vernon Township Public Schools
Rolling Hills Elementary School Boiler Room Asbestos Abatement

Dear Mr. Voorhees,

We are requesting a waiver of reliefe of the ten day asbestos notification period for the asbestos project listed above. The amount of asbestos material removed will be: 300 SF of asbestos covered boiler insulation, 100 SF of flue insulation and 100 LF of TSI in the boiler room. The boiler will be removed in its entirety.

The asbestos air testing will be performed by Enviro Vision, Inc. The asbestos abatement contractor will be Greenwood Abatement Consultants, Inc.

Due to the inclement weather and start of our heating season it is imperative that we remove the asbestos material, demolition of the dead boiler and install a new boiler. This project is scheduled to be performed during the time when the building is vacant, from Thursday, November 10, 2011 to Sunday, November 13, 2011.

I would appreciate your understanding in order for this project to progress as soon as possible.

Sincerely,

John B. Alfieri, Ed. D.

To: Department Of Health

Due to the recent tragic events with Hurricane Irene our basement was flooded causing the lost of our boiler. My family and I had made efforts to reach out to FEMA and we was just rewarded a grant to replace our damaged equipment. Now that we have a vender that is willing to come in Monday to replace the boiler, we need the pipe insulation to be taken out before the job can take place. We are requesting if it is possible to wave the ten day grace period for this job so we can get the plumbers to come in and put the new furnace in place.

Thank You,

Foyah McLeod

To Whom It May Concern:

I am writing to request your assistance with emergency removal of asbestos and lead contaminants in the girl’s and boy’s bathrooms at our center. Unfortunately, we only have until Saturday, November 12th to rectify this urgent matter. Without these repairs our center will not be allowed to renew our license and the center will be shut down until further repairs are completed. We are an UNION CITY ABBOTT PROGRAM participant since 2000 with a extremely highly recommended service to our community. Our students need an education and their parent’s need our services as educators.

It is urgent that you contact me at the above number as soon as possible in order for your company to fix this problem.

Sincerely,

[Signature]
