Re: Emergency Notification Request Vernon Township Public Schools Rolling Hills Elementary School Boiler Room Asbestos Abatement

Dear Mr. Voorhees,

We are requesting a waiver of relieve of the ten day asbestos notification period for the asbestos project listed above. The amount of asbestos material removed will be; 300 SF of asbestos covered boiler insulation, 100 SF of flue insulation and 100 LF of TSI in the boiler room. The boiler will be removed in its entirety.

The asbestos air testing will be performed by Enviro Vision, Inc. The asbestos abatement contractor will be Greenwood Abatement Consultants, Inc.

Due to the inclement weather and start of our heating season it is imperative that we remove the asbestos material, demolition of the dead boiler and install a new boiler. This project is scheduled to be performed during the time when the building is vacant, from Thursday, November 10, 2011 to Sunday, November 13, 2011.

I would appreciate your understanding in order for this project to progress as soon as possible.

Sincerely,

John B. Alfieri, Ed. D. Superintendent of Schools

JBA/rg

C: Mr. Kepnes Mr. DeLaRosa

11/7/2011

My name is David Hoibak, homeowner of the property at 68 Overlook Terrace, Bloomfield, NJ 07003. My boiler needs to be replaced and with the presence of asbestos on the pipes, Jayson Heating will not replace the boiler. I need the asbestos removal to commence sometime this week, so that I may make arrangements with PSE&G to install a new heating unit once the asbestos is removed. Please schedule removal ASAP. Thanks!

Sincerely,

David Hoibak

To Whom It May Concern,

We are repairing a township owned concession stand that sustained heavy water damage to approximately 900 square feet of flooring and mastic which is found to be asbestos containing. Due to the location and amounts of the material, we are requesting a waiver of the 10 day notification period so that we may proceed immediately with the abatement and necessary repairs in order to not cause the employees and faculty any greater hardship.

The owner and location is as follows,

Mt. Holly Municipal Monroe Park Concession Stand 2 East Monroe Street Mt. Holly, NJ 08060

Respectfully Submitted,

Thomas Messina - allRisk Restoration

Emergency Notification Request for Asbestos Abatement Bloomingdale Wells Fargo Office, 115 Main Street, Bloomingdale, New Jersey

Oear Mr. Pizzigoni:

Heating pipe lines in the basement at the referenced location require immediate repairs; however, asbestos containing thermal system insulation is present and requires removal. In order to minimize any disruption to the banking institution, the Owner, Wells Fargo Bank, N.A., has declared the asbestos abatement work an emergency. This work is necessary to facilitate heating systems repairs.

The project is scheduled to commence at noon on Saturday, November 12, 2011. Please proceed with all required notifications so that this project can commence as indicated herein. Thank you for your prompt response to this matter. If you have any questions regarding this project, please contact the undersigned at your convenience.

Respectfully: ENVIRONMENTAL CONNECTION, INC.

RE: Waiver of 10 Day Notification for Fairleigh Dickinson University, Teaneck Campus, Giovatto Library for a project to be conducted on Tuesday November 15, 2011.

tax:

Dear Mr. Olejarova:

Environmental Design Inc. of Pennsauken, NI has been hired by Environmental Waste Management Associates (EWMA and also the Client) who represents Fairleigh Dickinson University to assist in environmental projects. An emergency situation has arisen at the Giovatto Library located at the Teaneck Campus, 1000 River Road, Teaneck, NI, 07666. Lilich Corporation has been the Contractor selected to respond to a project involving the wet, wrap, cut and disposal of approximately 9 linear feet (LF) of respond to a project involving the wet, wrap, cut and disposal of approximately 9 linear feet (LF) of asbestos covered pipe and fittings. There may also be some additional cleaning necessary including asbestos covered pipe and fittings. There may also be some additional cleaning necessary including HEPA vacuuming. It is your responsibility to submit a 10 day notification request to the agencies listed below using this letter as a request for a waiver.

Currently, the University is engaged in a renovation of various areas of the college. The pipe and fittings in question are leaking and require repair. Replacement parts will not be available until Tuesday, November 15, 2011 hence the reason the Client requires the removal to be done on that day. Thank you for your anticipated cooperation.

Sincerely,

Tom Pruno

RE: WAIVER OF 10 DAY ASBESTOS NOTIFICATION

TYPE: RESIDENTIAL PROPERTY

OWNER:

Irene Russo

108 N. Wilson Avenue

Margate, New Jersey 08402

Dear Mr. Voorhees,

We are asking for a waiver of the 10 Day Notification for the Removal of Asbestos found during a home inspection in the crawl space area at lac above location. The property is being sold and settlement is scheduled for lovember 18, 2011. We are asking for this waiver due to that if the property cannot settle, there will be a major loss of funding and penalties. We have hired Controlled Environmental Systems to abate the property. We would appreciate your help Obtaining this waiver.

Sincerely,

Arnold Minor

Re:

Emergency Notification Request for Asbestos Abatement

Bloomingdale Wells Fargo Office, 115 Main Street, Bloomingdale, New Jersey-

Dear Mr. Pizzigoni:

Heating pipe lines in the basement at the referenced location require immediate repairs; however, asbestos containing thermal system insulation is present and requires removal. In order to minimize any discuption to the banking institution, the Owner, Wells Fargo Bank, N.A., has declared the asbestos abatement work an emergency. This work is necessary to facilitate heating systems repairs.

The project is scheduled to commence at noon on Saturday, November 12, 2011. Please proceed with all required notifications so that this project can commence as indicated herein. Thank you for your prompt response to this matter. If you have any questions regarding this project, please contact the undersigned at your convenience.

Respectfully:

To Whom it May Concern:

We are repairing the family room floor that sustained heavy water damage from the bursting of a water heater. During the repair process we discovered tile floor underneath the wood flooring. We were then informed that the tile floor might contain asbestos. The tile floor was tested and the test determined that it contained asbestos. Therefore, we are requesting a waiver of the 10 day notification period so that we can proceed immediately with the asbestos abatement and necessary repairs that have started

Respectfully years

Frank Aeillo

WAIVER APPROVED

RE: Waiver of 10 Day Notification for Fairleigh Dickinson University, Teaneck Campus, Giovatto Library for a project to be conducted on Tuesday November 15, 2011.

Dear Mr. Olejarova:

Environmental Design Inc. of Pennsauken, NJ has been hired by Environmental Waste Management Associates (EWMA and also the Client) who represents Fairleigh Dickinson University to assist in environmental projects. An emergency situation has arisen at the Giovatto Library located at the Teaneck Campus, 1000 River Road, Teaneck, NJ, 07666. Lilich Corporation has been the Contractor selected to respond to a project involving the wet, wrap, cut and disposal of approximately 9 linear feet (LF) of asbestos covered pipe and fittings. There may also be some additional cleaning necessary including HEPA vacuuming. It is your responsibility to submit a 10 day notification request to the agencies listed below using this letter as a request for a waiver.

Currently, the University is engaged in a renovation of various areas of the college. The pipe and fittings in question are leaking and require repair. Replacement parts will not be available until Tuesday, November 15, 2011 hence the reason the Client requires the removal to be done on that day. Thank you for your anticipated cooperation.

Sincerely.

Tom Pruno

Director of Operations
