Questions 10 - 15: Read each question carefully and give complete and accurate responses. Add additional sheets and documentation if necessary. Be sure to check Yes or No; do not use "N/A" or leave blank.

Failure to disclose associations with other firms or to disclose any prior history of alleged violations could lead to the denial, suspension, and/or revocation of your contractor registration.

Pursuant to N.J.A.C. 12:62-2.4(a), a contractor registration certificate may be denied, suspended, or revoked due to inaccurate information, misstatements, or omissions.

Question 10: Be sure to disclose any association with other firms. Use the definition of "interest" as defined below to guide your response.

Pursuant to N.J.A.C. 12:60-7.2, "interest" is defined as follows:

"Interest" means an interest in the entity bidding or performing work on the public works project, whether as an owner, partner, officer, manager, employee, agent, consultant or representative. The term also includes, but is not limited to, all instances where the debarred contractor or subcontractor receives payments, whether cash or any other form of compensation, from any entity bidding or performing work on the public works project, or enters into any contracts or agreements with the entity bidding or performing work on the public works project for services performed, or to be performed, for contracts that have been or will be assigned or sublet, or for vehicles, tools, equipment or supplies that have been or will be sold, rented or leased during the period from the initiation of the debarment proceedings until the end of the term of the debarment period. "Interest," however, does not include shares held in a publicly traded corporation if the shares were not received as compensation after the initiation of debarment from an entity bidding or performing work on a public works project.

Question 16: Type of Work to be Performed – Check off the NAICS code that your company intends to perform. Your selection(s) will not limit the firm's eligibility to perform any particular type of work.

Questions 17 – 19: Participation in a Registered Apprenticeship Program

The following words and terms, when used in questions 17 - 19, shall have the following meanings:

"ERISA-covered apprenticeship training program trust fund" means an "employee welfare benefit plan," as that term is defined within the Employee Retirement Income Security Act of 1974 (ERISA), that is subject to the requirements for such a plan under ERISA, and that is a fund established and maintained for the sole purpose of financing a registered apprenticeship program.

"Registered apprenticeship program" means an apprenticeship program which is registered with and approved by the United States Department of Labor (USDOL), which provides each trainee with combined classroom and on-the-job training in an occupation recognized as an apprenticeable occupation, and which meets the program standards of enrollment and graduation under 29 C.F.R. §29.6.

"Sponsor" means any person, association, committee, or organization operating an apprenticeship program and in whose name the program is (or is to be) registered or approved.

"Sponsorship" means the position of being a sponsor.

Question 17: Participation – Select the certification statement that describes your participation in a registered apprenticeship program. If you certify that you participate in a registered apprenticeship program, you must complete questions #18 and #19.

If you do <u>not</u> participate in a registered apprenticeship program, please explain why and skip questions #18 and #19.

You must make a selection. Do not use "N/A" or leave blank. Failure to make a selection will cause a delay in processing the application.

Five (5) Methods of Participation

Keep in mind that a contractor is considered to be participating in a registered apprenticeship program if the contractor meets one of the following five (5) methods:

1) The contractor is signatory to a collective bargaining agreement through which the contractor has access to a registered apprenticeship program that is sponsored by the labor union, or agrees to joint sponsorship with the labor union of a registered apprenticeship program; provided that the collective bargaining agreement also requires ongoing employer contributions into an ERISA-covered apprenticeship training program trust fund;

Requires being a signatory with a Union(s) for the craft(s) employed, where regular payments are made to an ERISA trust. **Does not require the use of an apprentice.**

2) The contractor is signatory to an agreement with a workforce intermediary, such as an industry association, consortium of businesses, community-based organization, or educational institution, through which the contractor has access to a registered apprenticeship program sponsored by the workforce intermediary, or agrees to joint sponsorship with the workforce intermediary of a registered apprenticeship program; provided that the agreement between the contractor and the workforce intermediary also requires ongoing employer contributions into an ERISA-covered apprenticeship training program trust fund;

Requires being a member of an Association that is the sponsor of an apprentice program(s). The Association must also have an ERISA trust set up where you (the contractor) contributes to the trust on a regular basis. **Does not require the use of an apprentice.**

3) The contractor is the sponsor of a registered apprenticeship program;

Requires the contractor applying for a registration application to be the sponsor of an apprentice program, certified and approved by the US Department of Labor. Requires an active apprentice in the program (see 4 & 5 for exceptions). <u>Requires at least one apprentice registered with the US</u> Department of Labor.

4) The contractor currently employs at least one apprentice who is registered with the United States Department of Labor within a registered apprenticeship program; provided that as of the date of the contractor's submission to the Department of the Application for Public Works Contractor Registration, the apprentice has completed at least 1000 hours of on-the-job learning with the contractor; or

Requires the contractor applying for a registration is the sponsor of a program certified and approved by the US Department of Labor and currently has an apprentice registered and enrolled in the approved (by the USDOL) program and has completed 1000 hours of on the job learning with the contractor. **Requires at least one apprentice registered with the US Department of Labor**.

5) During the one-year period immediately preceding submission to the Department of the Application for Public Works Contractor Registration, the contractor employed at least one apprentice who was registered with the United States Department of Labor within a registered apprenticeship program; provided that the apprentice had completed at least 1000 hours of on-the-job learning with the contractor.

Requires the contractor applying for a registration is the sponsor of a program certified and approved by the US Department of Labor and in the immediate preceding year employed as least one apprentice that was registered with the US Department of Labor, provided that employee completed at least 1000 hours of on the job learning with the contractor.

For all work classifications that each contractor employs on a prevailing wage project, you must meet one of the above methods to be in compliance and to become registered to bid on public work. There are no exemptions to this law.

Question 18: Crafts – List all prevailing wage crafts employed by the contractor directly upon any work for which the payment of prevailing wage is required. Below is a list of crafts. If your craft is not listed, add it.

- NOTE: **Craft** means the work classification, taken from the NJDOL wage determination, that a company would list on certified payroll. If you are unsure of your company or individual employee work classification, please contact the Division at <u>wage.hour@dol.nj.gov</u>
 - For <u>each craft</u> you list, select the appropriate certification statement (whether you participate or do not participate in a registered apprenticeship program for that craft).
 - If you certify that you participate, select one of the five (5) methods by which you participate; you can only select one method. See instructions for #17 for a detailed explanation of each method. *You must make a selection. Failure to make a selection will cause a delay in processing the application*
 - If you have more than three (3) crafts, please add additional sheet(s).
