Production	13,250	13,000	-250	-1.9%
Healthcare Support	10,750	12,500	1,750	16.3%

Note: Employment data for Top 15 occupational groups is available in the [Appendix](#).

An abstract geometric design on the left side of the slide. It features a dark purple triangle in the top-left corner with a small white circle. Below it is a light grey semi-circle. To the right of the semi-circle is a pink triangle with diagonal lines. Further right is a solid blue square. Below the pink triangle is a magenta triangle with diagonal lines. At the bottom left, there is a magenta triangle with a series of concentric lines, a grey triangle, and a dark purple triangle. The background is a light beige color.

JOB POSTINGS

Job Postings

Union County vs. New Jersey

Source: Lightcast

Lightcast collect raw data on postings from more than 160,000 online sources, then synthesize and interpret those findings to provide meaningful insight in near real time. Job posting analytics can identify supply and demand for workers, skills, and jobs all over the world, as well as important contextual details like compensation trends.

Limitations: One job posting does not necessarily equal one actual job opening. Some companies may post jobs to signal growth to investors or advertise positions in multiple states. Additionally, a decline in job postings doesn't always indicate reduced demand; it could simply mean that companies have already filled their positions and are no longer actively recruiting. We treat this data as directional, offering insights into employer demand rather than exact measurements.

Top 5 Hiring Companies Union County, 2024

- Merck & Co.

Union County, 2024**

■ No education listed ■ High school or GED ■ Associate's degree ■ Bachelor's degree or higher

AI-related Job Postings

Union County vs. New Jersey

Source: Lightcast

To identify AI-related job postings, ORI-EDR compiled a curated list of 130 specific terms. A job listing is deemed AI-related if any of these terms appear in the skills section. A job listing is classified as AI-related if any of these terms are present in the skills section. This includes, but is not limited to, terms such as "AI/ML Inference," "Conversational AI," "Machine Learning Algorithms," "Supervised Learning," and "Deep Learning."

Limitations: One job posting does not necessarily equal one actual job opening. Some companies may post jobs to signal growth to investors or advertise positions in multiple states. Additionally, a decline in job postings doesn't always indicate reduced demand; it could simply mean that companies have already filled their positions and are no longer actively recruiting. We treat this data as directional, offering insights into employer demand rather than exact measurements.

Top 5 AI-related Hiring Companies Union County, 2024
