

APPLICATION FOR
STATIONARY, POWER AND REFRIGERATION
ENGINEER, BOILER AND SPECIAL OPERATOR
LICENSES Issued By:

State of New Jersey
Department of Labor and Workforce
Development

Division of Public Safety and
Occupational Safety & Health
Mechanical Inspection Bureau of
Boiler and Pressure Vessel
Compliance

1 John Fitch Plaza, 3rd Floor
PO Box 392

Trenton, NJ 08625-0392

Email: BPVRCompliance@dol.nj.gov

INSTRUCTIONS

①

FOR COMPLETING APPLICATION FOR ORIGINAL OR UPGRADE LICENSE NOTE: APPLICANTS SHALL ONLY PROVIDE INFORMATION THAT IS LEGAL AND THAT IS LEGITIMATE

SECTION A

1. Please print your first name and then your last name.
2. *Enter a **valid** email address.
3. Enter your home mailing address.
4. Enter a phone number where you can be reached.
5. Enter the city where you currently are residing.
6. Enter the state where you are now living.
7. Enter the zip code of the city in which you are currently residing.
8. Enter the municipality where you reside.
9. Enter the county of the municipality.
10. Enter your date of birth.
11. Under the requirements of N.J.S.A. 34:7-2 and 2.1, an applicant must be a citizen of the US or have declared an intention of becoming a citizen.
12. Select an exam location. **If possible**, you will be put in the test site you selected. See document "List of Examination Test Sites".

*Email Address: The Mechanical Inspection Bureau of Boiler and Pressure Vessel Compliance (MIBBPVC) is asking all applicants to supply a valid email address. Providing an email address will allow the MIBBPVC to provide you with dates and notifications regarding your application approval status, and notifications concerning test results, etc. You will also be able to request information and receive responses.

SECTION B

1. Indicate the license classification and grade you are requesting based upon your eligibility. (**Example: Boiler operator low pressure; 2C Refrigeration, 1C Power Engineer**)
2. If you currently have a Stationary, Power, Boiler Operator or Refrigeration license in the State of New Jersey check **YES** and fill out the rest of this section.

SECTION C

In this statement of experience section, you shall list the actual operating experiences obtained for the classification and grade requested for an original or upgrade license. Only pertinent, applicable, and full-time experience shall be listed. This experience shall have been completed within seven years of submitting this application. Failure to indicate experience will result in rejection of the application. (See N.J.A.C. 12:90-8.2(c) for eligibility details). **Incomplete or outdated applications shall not be accepted.**

SECTION D

List the details of the equipment operated as listed. Failure to complete the required information could result in rejection of the application. (See N.J.A.C. 12:90-3.3 to 3.10 and N.J.A.C. 12:90-8.2 to 8.13 for eligibility details). **NOTE:** The "burner-input capacity" must be used for the purpose of determining the capacity of the equipment used for proof of eligibility.

SUBMITTAL OF APPLICATION

If this is your first license in New Jersey, forward the nonrefundable application fee of **\$200** with your application. If you are applying for an upgrade or additional classification, the nonrefundable fee to submit is **\$160**. The check or money order should be made payable to the **Commissioner of LWD** and be attached to the original application and mailed to address below. If you decide to email the application, you must also send the original or upgrade application along with your check. All checks must be sent by regular or express mail. **CASH IS NOT ACCEPTED.** Every applicant must ensure all the of the required documents are submitted to the MIBBPVC. The estimated processing time for an application is 4 to 6 weeks. If the application is approved, the applicant will be notified when and where to appear for examination.

This license application package (LAP) has several forms that will require completion: (1) "Applicant Endorsement Verification", (2) "Management Endorsement Verification", (3) Engineer's Endorsement Verification", (when applicable). **NOTE: Electronic completion of the forms is allowed as well as accepted forms of validated electronic digital signatures for the applicant, engineer and manager.** Each of the forms has instructions on how they should be completed. Every applicant must ensure they have submitted all of the required documents to the MIBBPVC. The documents must be returned to the address below but can also be emailed to BPVRCompliance@dol.nj.gov. Emailing the documents is the fastest way and will allow the MIBBPVC to communicate with you if there is any reason you must be contacted. Any incomplete documents will slow the application review process and failure to provide all necessary supportive information could cause the application to be rejected. If you have been deemed ineligible for any reason, you will receive a notification. Failure to appear for an examination could result in cancellation of the application. Once you submit your application and fee there is no refund if you are not approved to take the test. **Proof of identity in the form of a photo I.D. will be required at the time of examination.** All questions should be directed to (609) 292-2345; by fax to (609) 984-1577 or by email to the address shown above. The license application and fee should be sent by regular mail carrier to:

**New Jersey Department of Labor and Workforce Development
Division of Public Safety and Occupational Safety & Health
Mechanical Inspection Bureau of Boiler and Pressure Vessel Compliance
P.O. Box 392
Trenton, NJ 08625-0392
Phone: (609) 292-2921
Fax: (609) 984-1577
Email: BPVRCompliance@dol.nj.gov**

This application for license is a legal binding document. The applicant shall provide only legal and valid information. Falsification of any information found on this application, could lead to criminal prosecution.

SECTION C

STATEMENT OF EXPERIENCE

^A Company where Experience Gained	^B Address & City Where Equipment Located	^C *Title Served in While Experience Gained with Company	^D Experience Gained Indicate Type of Plant: Power, Cogen, Steam, Hot Water or Refrigeration	^E Begin Date of Experience Gained	^F End Date of Experience Gained	^G Total Experience Years or Months

**NOTE: TITLE SERVED AS MUST BE SPECIFIC TO ELIGIBILITY IN N.J.A.C. 12:90-3.3 to 3.10 and N.J.A.C. 12:90-8.2 to 12:90-8.13*

SECTION D EQUIPMENT OPERATED MUST SATISFY CLASSIFICATION REQUIREMENTS & OPERATING ELIGIBILITY

PART 1 – Identify the Equipment – (This is the equipment located at Section C above where hands-on training was obtained)

^ANJ Jurisdiction Number(s) of Equipment Which Requires a License: **(MANDATORY)**

The jurisdiction number starts with the letters NJ – Example: NJ012345-07H (The Jurisdiction Number is found on the Certificate of Inspection in the upper left-hand corner.) This number must also be affixed to the equipment.

NJ	NJ	NJ	NJ	NJ	NJ
----	----	----	----	----	----

(Note: Only Applicable in New Jersey. Include NJ Jurisdiction Number of All Interconnected Equipment Comprising the System; Number in Top Left Corner of Certificate of Inspection)

^BMfg. of Equipment (Boiler, Fired PV, HRSG, Prime-Mover, Cogen. or Refrig. Plant): _____ ^CTotal Found in Plant: _____

^DTotal Interconnected Input Capacity of Equipment _____ ^EBtu/hr, kW-input, lbs/hr **(Circle the Rating)**

^FSafety Valve(s) Setpoint: _____ psi ^GSafety Valve(s) Capacity: _____ ^Hlbs/hr or Btu/hr

^I(Total) MAWP of Equipment: _____ psi. ^JOperating Pressure: _____ psi. ^KType of Fuel Burned: _____

PART 2 – Gas Turbine and/or Steam Turbine Details (if applicable) - Complete this Part if Your Plant is Cogeneration and/or Steam Turbine(s) in the Plant

^ACogeneration Plant Output: _____ (kW of Generator) ^BFuel: _____ ^CHeat Rate: _____ Btu/kWh

^DTurbine HP/Throttle Capacity: _____ ^EUse: _____ ^FSteam Pressure: _____ psig

^G Condensing Turbine – 1st Stage and Exhaust press. _____ Psig or _____ in. Hg. ^H Noncondensing Turbine – Backpressure _____ psig. Temp. _____

PART 3 – Refrigeration System

Refrigeration Plants Must Also Complete this section: (NOTE: *Obtain from the Equipment Manufacturer or ANSI/ASHRAE Standard 34)

^A*Refrigerant number: _____ (Ex: R-22) ^B*Refrigerant Safety Group: _____ (Ex: A1, B2, A3) ^C*System Classification _____ (Ex: Direct, Indirect)

^DCompressors in System: _____ ^ETons of Refrigeration Cap: _____ Tons ^FRefrigeration System Use : _____

IMPORTANT: The following 8-documents are considered part of the LAP (License Application Package) mentioned in the instructions. Items Nos. 2), 3), 4), and 5) are mandatory documents that must be sent to the MIBBPVC along with the nonrefundable application fee. You will only need to provide Item No. 6) and 7) if you obtain a passing score on your examination (**Do Not Send a Photo or Signature unless you are notified**). It is the applicant’s responsibility to complete this application and they should seek out help doing so if needed to avoid unnecessary delays. Item No. 5) is not needed for low-pressure boiler operator applicants unless, they received documented hands-on training from an Engineer licensed by the MIBBPVC. Item No. 8) is the Boiler, Pressure Vessel and Refrigeration Rules and must be kept by the applicant. Every applicant must understand that all the documents used for the purpose of determining the eligibility of an applicant are legal documents where all information you complete and present shall be valid and true.

ORIGINAL AND UPGRADE APPLICATION
STATIONARY/POWER/REFRIGERATION ENGINEER
BOILER AND SPECIAL OPERATOR LICENSE

Proper Processing of an Application Requires the Completion of all Information

IDENTIFY THE APPLICANT

Applicant Name: _____

The purpose of the Applicant's Endorsement Verification is to confirm the experience of the applicant for the equipment found in the specified Stationary, Power, or Refrigeration Plants. Completion of the license application requires you to validate that you received the necessary training, gained the experience and that you meet the qualifications at the location specified in Section C for the equipment detailed at Section D. The training you received must be real and shall have been recorded within a logbook as required under the provisions of N.J.A.C. 12:90-3.10. The duration of the training must meet or exceed the established provisions specified at N.J.A.C. 12:90-8.4 through 12:90-8.13. The MIBBPVC requires you to provide a valid, properly completed logbook as proof that your training, was done in accordance with the regulations. The logbook must show details regarding your hands-on training, including the duration of time you spent in the boiler room, along with the appropriate signatures. The MIBBPVC shall conduct a review of the logbook, License Application, the Management and Engineer Endorsement Verification forms as appropriate. Failure to provide the requested documents or to meet the established regulatory provisions for eligibility, may cause your original or upgrade license application to be rejected.

Applicant Initial

WORK HISTORY - The State of my Experience and the Details of the Equipment in Section C and D of the original or upgrade application is a true representation of my employment history and experience gained. It can be substantiated by my employer.

Applicant Initial

HANDS-ON TRAINING - I attest that the organized hands-on training was provided to me by my employer at the location and time period presented on the original and upgrade license application. I confirm that the training is documented in a logbook as required by N.J.A.C. 12:90-3.10 and that the logbook copy presented is a true representation and record of my training as the applicant requesting a license.

NOTICE: Applicant must be at least 18 years old to obtain a boiler operator's license. No applicant under 17 years old will be scheduled for an exam.

I hereby attest to meeting or exceeding the established licensing requirements and have achieved the necessary experience and qualifications as set forth in New Jersey Administrative Code (N.J.A.C.) 12:90 eligibility requirements for examination at N.J.A.C. 12:90-8.4 through N.J.A.C. 12:90-8.13 at my employer's business location detailed in Section C of the application.

I understand that any invalid or erroneous information submitted by me for an original or upgrade application shall be considered an act of fraud, which pursuant to New Jersey Statutes Annotated (N.J.S.A.) 2C:21-1 is Criminal Forgery and is a Crime of the Third Degree. Also, in accordance with N.J.S.A. 34:7-26, any person who shall violate any provisions of the Act on Licensing of Operating Engineers and Fireman shall be liable to a penalty of not less than \$500.00 nor more than \$5,000.00 per day for each violation.

As the duly noted applicant, I hereby upon oath duly administered, declare that all the information and details provided are a valid representation of my acquired experience, qualifications and training as specified by the MIBBPVC under the provisions of N.J.A.C. 12:90-8.4 through N.J.A.C. 12:90-8.13.

ORIGINAL AND UPGRADE APPLICATION
STATIONARY/POWER/REFRIGERATION ENGINEER
BOILER AND SPECIAL OPERATOR LICENSE

All Requested Information Must be Completed to Process an Application

IDENTITY OF THE APPLICANT

Applicant Name: Street Address:
City: State: Zip Code:

The Mechanical Inspection Bureau of Boiler and Pressure Vessel Compliance (MIBBPVC) has received a license application from the applicant named above. This applicant has indicated that he is an employee with your company. In order to validate the statements listed on your employee's application for licensing, you must provide proper endorsement.

WORK HISTORY - I attest that the information provided in Section C and D presented on the original or upgrade application is valid and true.

Manag. Initial

HANDS-ON TRAINING - I attest that the organized hands-on training provided to the applicant was completed at the location and time period presented on the original and upgrade license application. I confirm that the training is documented in a logbook as required by N.J.A.C. 12:90-3.10 and that the logbook copy presented by the applicant to the MIBBPVC is a true representation and record of their training as the applicant requesting a license.

Manag. Initial

MANAGEMENT ENDORSEMENT:

This application is a legally binding document and the signature indicated below by the Owner or Senior Management Representative (Management) validates that the equipment listed on the original and upgrade application, is located at the facility listed by the applicant. In addition, the signature provided by Management shall attest to the fact that applicant is a valid employee of the company, has received the required documented experience and practical training. As the company owner or designee, Management also acknowledges that the practical training was given by an experienced and properly licensed operator familiar with the operation of the equipment at the place of employment. This acknowledgement includes verification that the licensed operator that conducted the training has the appropriate classification and grade for the equipment located at their facility. In addition, Management also confirms that this training has been properly documented in the Operator/Engineer's Logbook as set forth in New Jersey Administrative Code (N.J.A.C.) 12:90-3:10 (f), and that the applicant has met all other applicable eligibility requirements for examination as set forth in N.J.A.C. 12:90-8.4 through N.J.A.C. 12:90-8.13.

I understand any person who shall violate any provisions of the Act on Licensing of Operating Engineers and Fireman shall be liable to a penalty of not less than \$500.00 nor more than \$5,000.00 per day for each violation.

I hereby upon oath duly administered, declare to my personal

ENGINEER ENDORSEMENT VERIFICATION

**ORIGINAL AND UPGRADE APPLICATION
STATIONARY/POWER/REFRIGERATION ENGINEER
BOILER AND SPECIAL OPERATOR LICENSE**

Proper Processing of an Application Requires the Completion of all Information

IDENTITY OF THE APPLICANT

Applicant Name: _____ Street Address: _____

City: _____ State: _____ Zip Code: _____

The purpose of the Engineer Endorsement Verification is to confirm the experience of the applicant for the equipment found in the specified Stationary, Power, or Refrigeration Plants. Only an Engineer(s) that possess the appropriate license issued by the Mechanical Inspection Bureau of Boiler and Pressure Vessel Compliance (MIBBPVC), shall provide an endorsement on this form. The endorsement shall not be from an applicant's immediate family. An Engineer licensed by the MIBBPVC shall only endorse for an applicant when either of the statements following the blocks below is true. Please check the appropriate block(s).

- WORK HISTORY** - The Engineer(s) worked in the same plant with the applicant, and can provide proof by submitting to the MIBBPVC, the work location, and the day, month or years you worked with the applicant.
- HANDS-ON TRAINING** – The Engineer conducted the organized hands-on training of the applicant and shall provide written verification to the MIBBPVC on this form. This training took place at the location shown on the original or upgrade application and is the same plant that is indicated on this verification form. (Note: The training received must have been organized and followed an established curriculum put in place by the equipment owner or the Engineer conducting the training)

As detailed in N.J.A.C. 12:90, an Engineer's Endorsement is not necessary when any of the following criterion or circumstances exist.

- A. When an applicant has Stationary Engineer's experience or Boiler operator's experience from another jurisdiction and all necessary supporting documentation has been provided that allows for a determination and comparison with the N.J.A.C. 12:90 regulatory requirements.
- B. When Stationary Engineer or boiler operator experience is obtained from the U.S. Armed Forces or Merchant Marine with discharge papers and evidence of the required training in engineering. Supply copies of DD-214 or trip discharges with application. Anything other than an honorable discharge from the U.S. military may not be considered.
- C. When out of state experience is being considered, the applicant must provide written statements from one or more former or present employers' signed on the business letterhead, by the management representative responsible for the facility boiler, heating, power or refrigeration plant. The statement must provide information on the equipment operated or supervised that is detailed and specific enough so that it may allow the MIBBPVC to determine the eligibility of the applicant for the license classification listed on the original application.
- D. The plant equipment is of a capacity that only requires operation by a boiler operator high-pressure license, (a black seal high-pressure license needed over 100 Bhp but not over 500 Bhp). Thus, the applicant need only obtain validation of the plant training and experience from the facility management. (The Management Endorsement Verification Form would be completed).

NOTICE: Applicant must be at least 18 years old to obtain a boiler operator's license. No applicant under 17 years old will be scheduled for an examination with the MIBBPVC.

MIBBPVC Licensed Engineer

The New Jersey Engineer licensed by the MIBBPVC, must complete all of the information below, must read, understand and validate all statements by their written signature.

First Name: _____ MI: _____ Last Name: _____

Address/St. Name: _____ City: _____ State: _____ Zip: _____

License No: _____ License Classification/Type: _____ License Expiration Date: _____

Email Address: _____ Mobile Phone No.: _____

Current Employer: _____ How long have you known the Applicant: _____ years/months

Identify the plant where you worked with the Applicant: _____

Identify the plant where you trained the Applicant hands-on/documented training in accordance with N.J.A.C. 12:90.

Address: _____ City: _____ State: _____ Zip: _____

Identify the Equipment by the New Jersey Jurisdiction Number, found on the Certificate of Inspection. This is the equipment where the Applicant received their documented hands-on training. NJ Jurisdiction Number(s): _____

ENGINEER’S ENDORSEMENT STATEMENT

As an Engineer licensed by the MIBBPVC, I attest to the experience of the applicant and that practical hands-on training was completed as required by N.J.A.C. 12:90, the Boiler, Pressure Vessel and Refrigeration Rules. In addition, I have confirmed the training by reviewing the documentation, and verify that it was properly recorded in the Engineer/Operator’s Logbook as set forth in New Jersey Administrative Code (N.J.A.C.) 12:90-3:10 (f). The training received meets or exceeds all applicable eligibility requirements for examination, as set forth in N.J.A.C. 12:90-8.4 through N.J.A.C. 12:90-8.13.

I _____ hereby upon oath duly administered, declare to my personal
[Engineer Print Your Name or Apply an Acceptable Electronic Digital Signature]

knowledge that the applicant as duly noted above in this document, has acquired the experience, qualifications and training as specified by the MIBBPVC under the provisions of N.J.A.C. 12:90. I understand any person who shall violate any provisions of the Act on Licensing of Operating Engineers and Fireman shall be liable to a penalty of not less than \$500.00 nor more than \$5,000.00 per day for each violation.

**PASSPORT STYLE PHOTOGRAPH REQUIREMENTS AND SIGNATURE FOR
AN APPROVED LICENSE APPLICATION WITH THE
MECHANICAL INSPECTION BUREAU OF BOILER
AND PRESSURE VESSEL COMPLIANCE**

ALERT: DO NOT SUBMIT THE PHOTOGRAPH OR SIGNATURE UNTIL YOU HAVE BEEN NOTIFIED THAT YOU PASSED THE EXAMINATION

In order to obtain your license certificate and wallet identification card, you must do the following:

- **Provide** one color passport type 2 inch x 2 inch digital photograph, with a minimum image resolution of 600x600 pixels and your separate handwritten signature. The photo must be taken against a “non-reflective”, “non-glare”, off-white background. Also, there must not be any other object showing such as a doorway, or other items in the background of the photograph. You must not wear a **white t-shirt or any similar type of white shirt**.
- Your entire face must be shown in the photograph, being not less than three-quarters of an inch in width. No selfies are allowed.
- Do not wear a hat, glasses, or any other item which may alter or disguise your facial features in the photographs.
- There must not be any objects sticking out of your shirt or hung on your shirt collar.
- Do not cut your pictures to size.

All applications will be rejected and returned if the required information is not completed and if the photograph is not of the passport type/size or if no signature has been provided.

- Photocopies are not acceptable. **Please sign your signature on a separate paper that does not have lines. This paper must have a white background and your signature should be written in “Black or Blue Ink” in the center of the page.** No other ink color is allowed. Your handwritten signature must be legible and easy to understand. Please print your name on the bottom or top of the page.
- Please include your email address, as it has proven to be the best method of communication with the MIBBPVC.

**NOTE: The requirements for a passport photo can be found on the following website:
