## **New Jersey Lottery Instant Game Players Claimed More Than \$4.5 Million in Top-tier Prizes All Across the State in August**

**TRENTON, NJ – (September 9, 2013)** – New Jersey Lottery instant ticket game players win prizes every day. The luckiest players claim top-tier prizes that can be as large as a million dollars. During August, 53 ticket holders claimed \$4.526 million in top-tier instant ticket game prizes. The top prizes this month were three million dollar tickets from the Spectacular Family of Games, two \$100,000,000 Spectacular and one Diamond Spectacular tickets. The greatest number of winners came from the 10x Cash 3<sup>rd</sup> Edition game with 19 tickets claiming \$10,000 each.

Each time a player wins, so does the ticket-selling retailer and New Jersey residents. Retailers earn a 2.5 percent bonus on each top-tier prize winning instant ticket they sell. In addition, when a retailer cashes a winning instant game or online game ticket (valued at \$599 or below), regardless of whether they sold it, they receive a 1.25 percent cashing commission. Moreover, retailers receive a 5 percent commission on all the lottery tickets they sell.

New Jersey residents benefit from Lottery contributed funds generated by ticket sales. Lottery revenue supports educational programs, grants and institutions across the State.

The chart on the following page lists all of the games that paid out top-tier prizes in August and the lucky retailers who sold them.
