NOTES TO FINANCIAL STATEMENTS
(Unaudited)
(Dollars in Thousands)

NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION

Showboat Atlantic City Operating Company, LLC (the "Company"), is a wholly-owned subsidiary of Ocean Showboat, Inc. ("OSI"), which is a wholly-owned subsidiary of Showboat Holding, Inc. ("SHI"). SHI is a wholly owned subsidiary of Caesars Entertainment Operating Company, Inc. ("CEO") (formerly Harrah's Operating Company, Inc.). The Company conducts casino gaming operations and operates full supportive services of hotel, restaurant, bar and convention facilities at the Showboat Hotel and Casino in Atlantic City, New Jersey.

The Operating Company is licensed to operate the facility by the New Jersey Division of Gaming (the "DGE") and is subject to rules and regulations established by the DGE. The company's license is subject to renewal every five years. The current license expired in July 2013. Application for license renewal was submitted and it is pending DGE review.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The Companies financial statements are prepared in accordance with accounting principles generally accepted in the United States ("GAAP"), which require the use of estimates and assumptions that affect the reported amounts of assets, liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting periods. Management believes the accounting estimates are appropriate and reasonably stated; however, due to the inherent uncertainties in making these estimates, actual amounts could differ.

Principles of Consolidation - The accompanying consolidated financial statement schedules include the account balances of the Companies and their wholly owned subsidiaries. As a result, all material intercompany transactions and balances have been eliminated in consolidation.

Allowance for Doubtful Accounts - The Company reserves an estimated amount for receivables that may not be collected. The methodology for estimating the allowance includes using specific reserves and applying various percentages to aged receivables. Historical collection rates are considered, as are customer relationships, in determining specific allowances. As with many estimates management must make judgments about potential actions by third parties in establishing and evaluating the allowance for doubtful accounts.

Inventories - Inventories, which consist primarily of food, beverage, and operating supplies and retail items, are stated at the lower of average cost.

Long-Lived Assets - The Companies have significant capital invested in long-lived assets, and judgments are made in determining the estimated useful lives of assets and salvage values and if or when an asset (or asset group) has been impaired. The accuracy of these estimates affects the amount of depreciation and amortization expense recognized in the Companies' financial results and whether the Companies have a gain or loss on the disposal of an asset. The Companies assign lives to their assets based on their standard policy, which is established by management as representative of the useful life of each category of asset.

ATLANTIC CITY SHOWBOAT, INC.
NOTES TO FINANCIAL STATEMENTS
(Unaudited)
(Dollars in Thousands)

The Companies review the carrying value of their long-lived assets whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. The Companies typically estimate their fair value of assets starting with a "Replacement Cost New" approach and then deducting appropriate amounts for both functional and economic obsolescence to arrive at fair value estimates. Other factors considered by management in performing this assessment may include current operating results, trends, prospects, and third-party appraisals, as well as the effect of demand, competition, and other economic, legal, and regulatory factors. In estimating expected future cash flows for determining whether an asset is impaired, assets are grouped at the lowest level of identifiable cash flows, which, for the Companies, is the individual property. These analyses are sensitive to management assumptions and the estimates of the obsolescence factors, and changes in the assumptions and estimates, could have a material impact on the analysis and the supplemental consolidated financial statements schedules.

Additions to property and equipment are stated at cost. The Companies capitalize the costs of improvements that extend the life of the asset. The Companies expense maintenance and repair costs as incurred. Gains or losses on the disposition of property and equipment are recognized in the period of disposal. Interest expense is capitalized on internally constructed assets at the applicable weighted-average borrowing rates of interest. Capitalization of interest ceases when the project is substantially complete or construction activity is suspended for more than a brief period of time.

Useful Lives

Land improvements	12 years
Buildings	30 to 40 years
Leasehold improvements	5 to 15 years
Furniture, fixtures, and equipment	2.5 to 20 years

Fair Value - The fair value hierarchy defines fair value as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based upon assumptions that market participants would use in pricing an asset or liability. The fair value hierarchy establishes three tiers, which prioritize the inputs used in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date;

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

Entities are permitted to choose to measure certain financial instruments and other items at fair value. We have not elected the fair value measurement option for any of our assets or liabilities that meet the criteria for this option.

ATLANTIC CITY SHOWBOAT, INC.
NOTES TO FINANCIAL STATEMENTS
(Unaudited)
(Dollars in Thousands)

The carrying amount of receivables and all current liabilities approximates fair value due to their short-term nature.

Revenue Recognition - Casino revenues are measured by the aggregate net difference between gaming wins and losses, with liabilities recognized for funds deposited by customers before gaming play occurs and for chips in the customers' possession. Food and beverage, rooms, and other operating revenues are recognized when services are performed. Advance deposits on rooms and advance ticket sales are recorded as customer deposits until services are provided to the customer. Sales taxes and other taxes collected from customers on behalf of governmental authorities are accounted for on a net basis and are not included in net revenues or operating expenses.

Casino Promotional Allowances - Casino promotional allowances consist of the retail value of complimentary food and beverage, accommodations, admissions and entertainment provided to casino patrons. Also included is the value of the coupons redeemed for cash and gaming credits at the property. The estimated costs of providing such complimentary services are classified as casino expenses in the accompanying statements of income. These costs consisted of the following at December 31:

	<u>2013</u>	<u>2012</u>
Food and Beverage	\$ 20,286	\$ 23,160
Rooms	7,248	7,055
Other	701	1,531
Bus Program Cash	386	574
Promotional Gaming Credits	29,519	37,630
Other Cash Complimentary	<u>1,872</u>	<u>2,208</u>
	<u>\$ 60,012</u>	<u>\$ 72,158</u>

Total Rewards Program Liability - The Company's customer loyalty program, Total Rewards, offers incentives to customers who gamble at certain of the affiliated casinos throughout the United States of America. Under the program, customers are able to accumulate, or bank, Reward Credits over time that they may redeem at their discretion under the terms of the program. The Reward Credit balance will be forfeited if the customer does not earn a Reward Credit over the prior six-month period. As a result of the ability of the customer to bank the Reward Credits, the Company accrues the expense of Reward Credits, after consideration of estimated breakage, as they are earned. The estimated cost to provide Reward Credits is expensed at the property where they are earned and is included in casino expenses in the consolidated Statements of Income. To arrive at the estimated cost associated with Reward Credits, estimates and assumptions are made regarding incremental marginal costs of the benefits, breakage rates, and the mix of goods and services for which Reward Credits will be redeemed. The Company uses historical data to assist in the determination of estimated accruals. At December 31, 2013 and 2012, \$1,969 and \$1,824, respectively, was accrued for the cost of anticipated Total Rewards credit redemptions. These amounts are recorded on Caesars' balance sheets with the incremental charges included in due to affiliates, net in the accompanying balance sheet as the Company settles this liability with Caesars on a monthly basis.

ATLANTIC CITY SHOWBOAT, INC.
NOTES TO FINANCIAL STATEMENTS
(Unaudited)
(Dollars in Thousands)

In addition to reward credits, the Company's customers can earn points based on play that are redeemable in Non Negotiable Reel Rewards ("NNRR"). The Company accrues the costs of NNRR points, after consideration of estimated breakage, as they are earned. The cost is recorded as contra-revenue and included in casino promotional allowances in the accompanying statements of income. At December 31, 2013 and 2012, the liability related to outstanding NNRR points, which is based on historical redemption activity, was approximately \$195 and \$227, respectively.

Gaming Tax - The Company remits weekly to the NJ Division of Taxation a tax equal to eight percent of the gross gaming revenue, as defined. Gaming taxes paid to the NJ Division of Taxation for the years ended December 31, 2013 and 2012, which are included in cost of goods and services in the statement of income were approximately \$15,420 and \$17,950, respectively.

In House Progressive Liability - In March 2012, the DGE approved a regulation which allowed casinos to remove in-house progressives from the floor. Casinos were no longer required to keep in-house progressives once established on the floor, as a result, the regulations allowed us to remove the liability (reset and incremental portion) from the progressive slot liability account. The offset was an increase to the slot revenue.

Income Taxes — The Company is included in the consolidated federal tax return of Caesars and files a separate New Jersey income tax return. The provision for federal income taxes is computed based on the statutory federal rate as if the Company had filed a separate income tax return. The provision for state taxes is based on the statutory New Jersey income tax rate.

Deferred tax assets and liabilities represent the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of a change in existing tax rates is recognized as an increase or decrease to the tax provision in the period that includes the enactment date. The Company recognizes interest and penalties accrued related to unrecognized tax benefits in income tax expense.

Property Tax – The City of Atlantic City increased property taxes approximately 17% for the year 2013.

Internet Gaming – The Company did not have internet gaming operations during 2013.

Recently Issued Accounting Pronouncements - We do not expect that any recently issued accounting pronouncements will have a material effect on our financial statements.

NOTE 3 - RELATED PARTY TRANSACTIONS

The Company participates with CEOC and Caesars' other subsidiaries in marketing, purchasing, insurance, employee benefit and other programs that are defined and negotiated, and managed by CEOC on a consolidated basis. The Company believes that participating in these consolidated programs is beneficial in comparison to the terms for similar programs that it could negotiate on a stand-alone basis.

The Company's property, assets and capital stock are pledged as collateral for certain of CEOC's outstanding debt.

Certain of the more significant intercompany relationships among the Company, CEOC and other affiliates are discussed in this note.

Cash Activity with CEOC and Affiliates — The Company transfers cash in excess of its operating and regulatory needs to CEOC on a daily basis. Cash transfers from CEOC to the Company are also made based upon the needs to the Company to fund daily operations, including accounts payable and payroll, as well as capital expenditures. The balance shown as "due from affiliates – net," in the accompanying balance sheets is non interest bearing.

Administrative and Other Services - The Company is charged a fee by CEOC for administrative and other services (including consulting, legal, marketing, information technology, accounting and insurance). The Company was charged approximately \$18,166 and \$22,825 respectively for these services for the years ended December 31, 2013 and 2012. These fees are included in charges from affiliates other than interest in the statements of income.

Equity Incentive Awards - Caesars maintains equity incentive award plans in which employees of the Company may participate. Caesars allocates an appropriate amount of cost for these awards to each subsidiary where employees participate.

The Company recognized \$20 and \$23 in equity award options for each of the years ended December 31, 2013 and 2012, respectively, and are included in selling, general, administrative and other expenses within the accompanying statements of income.

Multiemployer Benefit Plans - Certain employees of the Company are covered by union sponsored, collectively bargained, health and welfare plans. The contributions and charges for these plans totaled \$7,469 and \$8,059 for the years ended December 31, 2013 and 2012, respectively, and were included in operating expenses in the accompanying statements of operations.

The Company contributes to a number of multiemployer defined benefit pension plans under the terms of collective-bargaining agreements that cover its union-represented employees. The risks of participating in these multiemployer plans are different from a single-employer plan in the following aspects:

- a. Assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers.
- b. If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
- c. If the Company chooses to stop participating in some of its multiemployer plans, the Company may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a "withdrawal liability".

2. Indicates plans for which a financial improvement plan ("FIP") or a rehabilitation plan ("RP") is either pending or has been implemented.

3. Plan years begin July 1.

The zone status is based on information that the Company received from the plan administrator and is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than less than 65% funded, plans in the yellow zone are between 60% and less than 80% funded, and plans in the green zone are at least at least 80% funded. All plans detailed in the table above utilized extended amortization provisions to calculate zone status.

Atlantic City Country Club - Atlantic City Country Club 1, LLC (“ACCC”) is a wholly owned subsidiary of Bally’s Atlantic City (“Bally’s”), an affiliate of the Company. The net operating costs of ACCC are allocated to the Company and Bally’s as well as Caesars Atlantic City and Harrah’s Atlantic City, also affiliates of the Company. The Company was charged approximately \$70 and \$110 for these costs for the years ended December 31, 2013 and 2012, respectively. The costs are included in other operating expenses in the accompanying statements of income.

Equitization of Intercompany Balances - During June 2013, the Company elected to equitize certain intercompany balances with its parent and affiliates that were previously classified as a receivable/liability. Offset to this was Additional Paid in Capital. This is separately shown on the Statement of Changes in Stockholder’s Equity.

Impairment of Fixed Assets - During the fourth quarter 2013, casino property sales occurred in the Atlantic City market. The pricing of the transactions indicated a substantial decline in market price had occurred for Casinos in Atlantic City. As a result of this triggering event, the Company determined it was necessary to perform a recoverability test of the carrying amount of our Atlantic City properties. It was determined the carrying values of our Atlantic City properties were not recoverable. Therefore, we performed a fair value assessment of the properties. Impairment losses of \$71,638 and \$447,400 were recorded in 2013 and 2012 respectively, primarily as a result of the assessment.

NOTE 12 – INCOME TAXES (BENEFIT) - The Company is included in the consolidated federal tax return of Caesars, but files a separate New Jersey tax return.

The tax years that remain open for examination for Caesar’s major jurisdictions are 2002 through 2013 for New Jersey due to our execution of New Jersey statute of limitations extensions. The tax years prior to 2010 are no longer subject to examination for U.S. tax purposes.

Significant components of the income tax provision (benefit) for income taxes for the year ended December 31, 2013 is as follows:

	2013	2012
Federal	\$ (823)	\$ 201
State	(17)	(23)
	(840)	178
Deferred	18,011	(66,797)
Provision for Income Taxes	\$ 17,171	\$ (66,619)

The provision for income taxes for the year ended December 31, 2013, differs from the federal statutory rate of 35% primarily due to an increase in federal valuation allowance, state income taxes, the impact of nondeductible expenses, federal tax credits and the accrual for uncertain tax positions.

The Company does not have a formal tax sharing agreement in place with its parent entity for federal income tax purposes. Therefore, Caesars reports all of the Company’s federal income taxes of which the Company’s portion was a benefit of \$1,863 in 2013.

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The components of the Company’s deferred tax assets and liabilities as of December 31, 2013, were as follows (in thousands):

As of December 31, 2013, the Company had New Jersey net operating loss (NOL) carryforwards of \$9,508. These NOLs will begin to expire in 2029.

Management assesses the available positive and negative evidence to estimate if sufficient future taxable income will be generated to use the existing federal and state deferred tax assets. On the basis of this evaluation, as of December 31, 2013, a valuation allowance of \$58,282 has been recorded against the portion of the federal and state deferred tax assets that are not more likely than not to be realized. The amount of the federal and state deferred tax assets considered realizable, however, could be adjusted if estimates of future taxable income during the carryforward period are reduced or increased.

The Company recognizes interest and penalties accrued related to unrecognized tax benefits in income tax expense. The Company accrued approximately \$1,040 of interest during 2013. In total, the Company accrued \$9,344 for the payment of interest and penalties at December 31, 2013.

It is reasonably possible that the amount of unrecognized tax benefits could decrease within the next twelve months. Management estimates that the amount of unrecognized tax benefits will decrease by \$11,473 within the next twelve months.

NOTE 13 - HOUSE OF BLUES

The Company and HOB Boardwalk, Inc., (HOB) executed a lease dated as of September 14, 2004 (the “Original Lease”) which was amended as of February 18, 2005 (the Original Lease, as amended being the “Lease”) in which the Company leased to HOB certain space in the Casino/Hotel, and the Parties agreed that HOB would operate a House of Blues branded restaurant and entertainment facility.

As of February 18, 2005 the Parties entered into a License and Marketing Agreement (the “Original License Agreement”), whereby HOB licensed certain trademarks, service marks and trade dress to the Company to use outside of the Venue in specific areas known as Themed Areas.

On July 30, 2007 the parties entered into an agreement (“Agreement”) to restructure their relationship under which the Lease and Original License Agreement and other associated agreements were terminated. The Company paid HOB compensation for the benefits which it has enjoyed through the association with and use of the licensed marks since the beginning of the lease. The Company assumed possession and operation of the Venue and ownership of certain personal property of HOB. Under the Agreement the Company pays a fixed annual brand license fee to HOB and various other royalty fees associated with sales in the Venue and other HOB themed areas. The Agreement commenced July 30, 2007 and shall, unless sooner terminated in accordance with the terms, continue until December 31, 2020. The Company paid royalty fees of \$2,673 and \$2,674 as of December 31, 2013 and 2012, respectively. This expense is included in the property, general, administrative, and other operating expense section in the accompanying consolidated statements of operations.

NOTE 14 – COMMITMENTS AND CONTINGENCIES

Litigation - The Company is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, these matters will not have a material effect on the Company’s financial position or results of operations.

Insurance Reserve - The Company is self-insured for various levels of general liability coverage. Insurance claims and reserves include the accrual of estimated settlements for known and anticipated claims. Accrued expenses and other current liabilities in the accompanying balance sheets include insurance allowances of approximately \$0 and \$60 as of December 31, 2013 and 2012, respectively. Actual results may differ from these reserve amounts.

CRDA Investment Obligation - The New Jersey Casino Control Act provides, among other things, for an assessment of licenses equal to 1.25% of their gross gaming revenues in lieu of an investment alternative tax equal to 2.5% of gross gaming revenues. The Company may satisfy this investment obligation by investing in qualified eligible direct investments, by making qualified contributions or by depositing funds with the CRDA. Funds deposited with the CRDA may be used to purchase bonds designated by the CRDA or, under certain circumstances, may be donated to the CRDA in exchange for credits against future CRDA investment obligations. CRDA bonds have terms up to 50 years and bear interest at below-market rate.

As of December 31, CRDA related assets were as follows:

	<u>2013</u>	<u>2012</u>
CRDA Bonds - Net of amortized cost	\$ 17,719	\$ 18,160
Deposits - Net of reserves	3,061	12,171
Direct investments - Net of reserves	<u>393</u>	<u>625</u>
	<u>\$ 21,173</u>	<u>\$ 30,956</u>

The CRDA related assets are held in other assets in the consolidated balance sheets.

The Company records charges to operations to reflect the estimated net realizable value of its CRDA investment. Charges to operations were \$2,113 and \$2,955, for years ended December 31, 2013 and 2012, respectively, and is included in CRDA related expense, in the statement of income.

The funds on deposits are held in an interest-bearing account by the CRDA. Initial obligation deposits are marked down by approximately 33% to represent their fair value and eventual expected conversion into bonds by the CRDA.

Once CRDA Bonds are issued we have concluded that the bonds are held-to-maturity since the Company has the ability and the intent to hold these bonds to maturity and under the CRDA, they are not permitted to do otherwise. As such the CRDA Bonds are measured at amortized cost. As there is no market for the CRDA Bonds, its fair value could only be determined based on unobservable inputs. Such inputs are limited to the historical carrying value of the CRDA Bonds that are reduced, consistent with industry practice, by 1/3 of their face value at the time of issuance to represent fair value. The Company accretes such discount over the remaining life of the bonds. Accretion for the years ended December 31, 2013 and 2012 was \$126 and \$67, respectively, and is included in CRDA related expense, in the statement of income.

After the initial determination of fair value, the Company will analyze the recoverability of the CRDA Bonds on a quarterly basis and its affect on reported amount based upon the ability and likelihood of bonds to be repaid. When considering recoverability of the CRDA Bonds, the Company considers the relative credit-worthiness of each bondholder, historical collection experience and other information received from the CRDA. If indications exist that the amount expected to be recovered is less than its carrying value, the asset will be written down to its expected realizable amount.

The AC Industry and the CRDA entered into an agreement with the Atlantic City Alliance (the "ACA") to provide funding to subsidize the Atlantic City market. This agreement was signed on November 2, 2011 and is set to expire on December 31, 2016. The agreement provides that in exchange for funding, the ACA will create and implement a marketing plan for Atlantic City. As part of the agreement, the AC Industry provided an initial deposit of \$5,000 in December 2011 and will continue to pay \$30,000 annually for the next five years. The Company has paid \$2,025 for the year ended December 31, 2013. The Company's obligation for its portion of future payments is estimated at \$5,531 equal to its fair-share of AC Industry casino revenues.
