## Shadow will soon be part of the Jersey Army Guard

By Sgt. Wayne Woolley, DMAVA/PA

Its 38-horsepower engine sounds like a lawnmower as it warms up, but the Shadow 200 RQ-7 is no lowly home appliance.

Instead, it's a state-of-the-art tactical unmanned aerial vehicle that can spot a bad guy from 4,000 feet in the air and send a crystal-clear image back to an operator sitting more than 20 miles away.

And by 2011, the Shadow will be in the inventory of the New Jersey Army National Guard.

To that end, more than a dozen Soldiers from a Minnesota Army National Guard unit that is already fielding the Shadow came to New Jersey this week to help their counterparts here prepare for the new craft.

Part of that preparation was to validate the ability of the Air Guard's 177th Fighter Wing's Warren Grove Range to support the training and operational needs of Tactical Unmanned Aerial Systems units from New Jersey and other East Coast states. Several officials from the National Guard Bureau were on hand to observe.

Col. Jorge Martinez, the Assistant Adjutant General of the New Jersey Army National Guard, said feedback from the Guard Bureau about the state's prospects of becoming a regional UAV training center has been encouraging.

In the meantime, the Soldiers of New Jersey's 50th Special Troops Battalion are focused on the steps they need to take to stand up a Tactical Unmanned Aerial Systems Unit by 2011. The unit will ultimately have 26 Soldiers and four unmanned vehicles.

The first three New Jersey Soldiers leave next month for the six-month UAV operator's course at Fort Huachuca, Ariz.

Pvt. Mark Wilson will be among them.

"I really can't wait to go," Wilson said. "The chance to be part of the UAV unit is an honor. I'm glad I got picked."

# Some Dos and Don'ts when attending The Barclays

Are you planning on attending The Barclays golf tournament at Liberty National Golf Course, Aug. 26-30? The PGA has some recommendations for you.

We **STRONGLY** encourage all spectators who plan on attending The 2009 Barclays to take NJ transit. There will be a limited capacity for general spectator parking during The 2009 Barclays. Please only utilize officially sanctioned parking lots designated by clearly marked PGA TOUR signage.

One of the easiest ways to get to The 2009 Barclays is by using NJ Transit! You can get to Liberty State Park from any of NJ Transit's lines with a quick transfer onto the Light Rail at Hoboken Terminal. Spectators also have the option to take the train to Newark Penn Station, transfer to NJ Transit's PATH train, and transfer again at Exchange Place to the Light Rail.

Taking the Light Rail to Liberty State Park and The 2009 Barclays is simple and easy. Because we are expecting large crowds during the week of the tournament, the Light Rail will be the most convenient method of transportation, to and from the tournament.

For NJ Transit schedules, please visit [www.njtransit.com](http://www.njtransit.com)

When you come to The Barclays, there are some items that are prohibited from bringing into the event:

- NO cell phones-including any cell phones with photographic capabilities, PDAs or other portable e-mail devices
- NO noise producing electronic devices
- NO cameras or camcorders (other than Tuesday and Wednesday for personal photographic use only and without their case)
- NO bags larger than 6"x6"x6" in their natural state
- NO cases or covers (such as chair or umbrella covers)
- NO signs, posters or banners
- NO television or radios
- NO food or beverages; containers or coolers

**NO Weapons (regardless of permit, including but not limited to firearms or knives)**

You will be required to return prohibited items to your vehicle prior to entering the tournament grounds. Be prepared to submit yourself and personal items for inspection.

While at The Barclays, please observe the instructions of the gallery marshals and stay behind the ropes at all times. Dispose of trash in the receptacles and recycling bins provided throughout the golf course.

## DMAVA Green

By Tech. Sgt. Barb Harbison, DMAVA Public Affairs Specialist

Combing through a Web site, I found that Americans go through 380 billion plastic bags, sacks and wraps each year. That's a lot of plastic! And only 5.2 percent of the plastic bags were recycled in 2005.

The next time we all visit the grocery, pharmacy or convenience store maybe there is a way to conserve on our bag usage.

Bring a canvas bag or two or three to carry your goodies home from the store. Or purchase several of the reusable bags from the stores where you shop. Once you unpack them, take them back to your car so they are ready for your next shopping trip.

Reuse your plastic bags – carry next week's groceries in the same bags, line your small trash cans, pick up pet waste, packing material for mailing, or go online to find directions to crochet a rug.

Find a local store that recycles plastic bags. Gather up those around the house that are collecting space and place them next to your reusable bags in the car so you remember to toss them in the recycle can on your next trip to the store.

If you are crafty and can use a sewing machine, knit or crochet, here is a Web page that offers free patterns to make bags. <http://www.curbly.com/Chrisjob/posts/4179-35-free-patterns-for-reusable-grocery-bags>. Make a few extra for friends and family to give as gifts.

Here are a couple Web sites that give instructions on how to make shopping bags from T-shirts – recycling those old shirts and saving plastic at the same time - [http://www.fashion-incubator.com/archive/reusable\\_bag\\_contest\\_1/](http://www.fashion-incubator.com/archive/reusable_bag_contest_1/) or [http://www.fashion-incubator.com/archive/reusable\\_bag\\_contest\\_1/](http://www.fashion-incubator.com/archive/reusable_bag_contest_1/).

Keep green.

## *Blog dedicated to help military families*

*American Forces Press Service*

WASHINGTON, Aug. 7, 2009 - American Forces Press Service has launched a military blog called "Family Matters" dedicated to helping military families deal with the challenges and situations unique to a military lifestyle. The blog features tips from experts, useful resources and timely responses to comments and questions. Upcoming topics include back-to-school tips, education benefits, dealing with deployments, childcare and more. Read "Family Matters" at <http://afps.dodlive.mil/category/family-matters/>.

## DoD conducting survey; wants input on social networking use

*By Tim Kilbride, DoD Emerging Media Directorate*

WASHINGTON, Aug. 10, 2009 – The Department of Defense is in the middle of a policy review on how to manage Internet-based capabilities like social networking and social media. These applications have a huge impact on certain missions like public affairs, recruitment, internal communication and maintaining quality of life for our servicemembers and their families. At the same time, providing access to these sites from official DoD opens those networks to security threats. To help inform the decision-making process that will balance these concerns, we are seeking your input.

Please consider: To what extent do Internet functions like social networking impact quality of life for military servicemembers and families? Is access more important when servicemembers are deployed? Are there specific Internet-based activities you feel are crucial to family bonding, family readiness and community support?

To capture your responses, DoD created the "Web 2.0 Guidance Forum" blog: <http://web20guidanceforum.dodlive.mil/2009/08/06/use-of-web-20-capabilities-by-military-families/>

Please visit the blog and take the time to share your thoughts, experiences and specific applications of Internet tools in the comments section. Also, please pass on the link to your family, friends and contacts to help provide DoD leaders with the information they need to make informed decisions on Internet-based activities.

Thank you for your feedback and your assistance in this important mission.

## Marriage Enrichment Seminar has openings for couples to attend

*From the desk of Marie Durling, Family Programs Specialist*

While the Sept. 25-27 Marriage Enrichment Seminar is full, there are six openings for the Aug. 21-23 session.

For an application for the August session or to be placed on the waiting list for the September session, please call me or drop me an e-mail. My contact information is 609-530-6884 or [marie.durling@us.army.mil](mailto:marie.durling@us.army.mil).

Please remember - If you sent in your registration form for either August or September and you cannot make it, I would appreciate knowing as soon as possible so I can go to the waiting list. It is not fair to hold a slot and not show up when we have Soldiers and spouses wanting to attend. If you do reserve a slot and do not attend, you will not be able to attend a future weekend unless I have a cancellation. For those of you who did send it a form for either weekend, you will receive a packet a week or two before the weekend on what to expect.

## *Money for college*

The QuestBridge National College Match helps outstanding low-income high school seniors to gain admission and full four-year scholarships to some of the nation's leading colleges. If you are a student who has achieved academic excellence in the face of economic challenges, you can apply at [www.questbridge.org](http://www.questbridge.org).

QuestBridge works with selective colleges that are actively seeking high-achieving students regardless of family income. You may be concerned about tuition costs, but top-ranked colleges offer generous financial aid packages that cover 100 percent of demonstrated financial need, making them very affordable for students from low-income backgrounds.

Last year, more than 1,000 QuestBridge applicants were admitted to our partner colleges with generous financial aid worth over \$100 million. Of the 1,000 applicants, 260 of these students received College Match scholarships covering:

Full cost of tuition (up to \$40,000 per year)

Full cost of room and board (up to \$15,000 per year)

Most QuestBridge partner colleges also include the cost of books and travel in their scholarship packages and automatically renew the scholarship for all four years of college. All College Match scholarships are loan-free.

## *Family Readiness Council offers grants*

The New Jersey National Guard State Family Readiness Council has increased the amounts of family and business grants up to \$5,000 and \$10,000, respectively. Both are known as TIER I grants. TIER II family grants are also available to New Jersey Army and Air National Guard non-deployed service members who were on State Active Duty or State Missions (e.g., hurricanes, floods, border missions) for more than 20 consecutive days. Service members meeting these criteria are eligible to apply for a financial hardship grant up to \$1,500. Applications are available at all New Jersey Army and Air National Guard Family Assistance Centers.

## *Keeping your home safe means a safe family*

In recent years, nearly 20 million medical visits were made because of unintentional home injuries.

Nearly 20,000 deaths occurred because of home injuries, including 12,000 children. Injuries are the leading cause of death for children.

According to the Home Safety Council, the top five causes of nonfatal, unintentional injuries are:

1. Falls
2. Struck by/against
3. Cut/pierce
4. Overexertion
5. Poisoning

These five causes account for almost 80 percent of injuries. Falls alone account for more than 40 percent of all nonfatal, unintentional home injuries.

Don't go slip-slidin' away at home. Don't stack magazines, tools, laundry, toys, or other items on the floor, and certainly not on steps. DO: Keep floors, and especially halls and stairs, free of clutter.

Good housekeeping is for more than just a good impression. Injuries happen from poor housekeeping. Poorly stacked materials, objects in walkways, materials leaning against the wall, knives and tools improperly stored, etc., can all cause injuries. DO: Stack and store items in kitchen cabinets, storage closets, garage shelves, etc., in a stable manner.

Overexertion dangers in the home can include shoveling, raking leaves, and lifting and carrying furniture and other heavy objects. DO: Lift safely by bending at the knees, hugging loads close to your body, and letting your legs do the lifting. Get help with large and bulky objects. Use material-handling aids, such as hand trucks, furniture dollies, and wheelbarrows.

You can help prevent poisonings in your home. DO: Read labels on all household cleaners, paints, garden supplies, etc., and follow their recommendations for use, storage, and cleanup.

Get more tips about making a "Home, Safe Home" from the Centers for Disease Control and Prevention at <http://www.cdc.gov/healthyhomes>.

## **State employees reminded of direct deposit convenience**

*From the desk of Lisa Dandrea, Human Resources, Personnel Assistant*

This is just a reminder that the convenience of direct deposit is offered to all state employees. It is encouraged that our employees consider taking advantage of direct deposit with all that it has to offer.

Enrolling into direct deposit means having your money directly deposited into your checking or savings account. You're going to be on vacation on pay day? Tired of waiting for Postal Service to deliver your money? Eliminate that with direct deposit. It is a convenient and reliable way to receive your pay and know it is safe in your account, when you need it to be. And the service is free!

To get enrolled you must complete the "Authorization Agreement for Automatic Payroll Deposits" form, and turn it in to your Human Resources Payroll Department. A copy of this form is available on DMAVANet under "Human Resources – Helpful Forms." Just print, fill out and send to Human Resources. Please allow up to three pay periods (six weeks) for your direct deposit to take effect.

To request a form or more information, contact Lisa Dandrea in Human Resources at 609-530-6888.
