“There are some who’ve forgotten why we have a military.
It’s not to promote war; it’s to be prepared for peace.”

- **Ronald Reagan**

State of New Jersey

OFFICE OF THE GOVERNOR

P.O. Box 001

TRENTON, NJ 08625-0001

PHILIP D. MURPHY
Governor

New Jersey is home to more than 300,000 heroic Veterans. In gratitude for - and out of respect of - their service, the New Jersey Department of Military and Veterans Affairs is proud to present the latest edition of the New Jersey Resource Guide for Service Members, Veterans, and Families.

This guide has been crafted to connect our State's Veterans with all of the critical resources and programs they may need to adjust to, and thrive in, civilian life.

Since the publication of the last edition of this guide, back in 2019, New Jersey has taken significant steps to ensure that we honor our Garden State heroes, not just in words, but through meaningful action. Today, we are meeting that commitment by expanding and strengthening Veterans benefits, programs, and services. In fact, as of 2024, we have worked to drastically expand the State of New Jersey Veterans Service Offices so that Veterans will have a point of entry in each one of our twenty-one counties.

But as always, the work continues.

With this latest edition of the New Jersey Resource Guide for Service Members, Veterans, and Families, we hope to connect even more Service Members, Veterans, and their families with the local, state, and federal resources and benefits that they have earned and deserve. And I thank the Department of Military and Veterans Affairs and Governor's Council on Substance Use Disorder for the countless hours they dedicated to completing this project.

Generations of New Jersey's Veterans have put their lives on the line to stand guard over our state and our nation. While we owe them a debt of gratitude we can never fully repay, this guide reflects our ongoing commitment to supporting all those who wear, or have worn, our nation's uniform - as well as the people who love them.

To all those New Jerseyans serving on active duty or deployed today to faraway places, know this: when your deployment comes to a close, and you hang up your uniform for the last time, this State and this country will be there for you just as you have been there for us.

Thank you for your service.

My very best,

Philip D. Murphy
Governor

Introduction

The Governor's Council on Substance Use Disorder (GCSUD) and the New Jersey Department of Military and Veterans Affairs (NJDMAVA) are honored to publish this third edition of this *Resource Guide for Military, Veterans and Families*.

America's Veterans are the bedrock of our communities. The continuing personal and family sacrifices in service to our Nation involve long periods of deployment, often to combat zones, leaving many military families feeling isolated and confused. These difficulties, as well as the combat experience itself, can cause both visible and invisible wounds for Veterans and their families.

As with the previous editions of this resource guide, this publication would not be possible without the commitment of the professionals and volunteers who work each day at GCSUD and NJDMAVA to provide quality care, services, and support to Garden State residents. We also acknowledge the support given by Governor Phil Murphy to New Jersey's active and reserve military service personnel, Veterans and their families.

As Veterans, we know firsthand the challenges facing service members and their families. Today, there are over 24 million Americans who have worn the uniform of our Armed Forces and strengthened our Nation by their example of service and sacrifice. They hail from different generations, backgrounds, cultures, and experiences. All have contributed to the character and to the greatness of America.

For those who have confronted and continue to confront the grave challenges that face the United States in the world, we say thank you. To those who have supported a loved one in the course of that service, we salute your sacrifice and commitment to our country. May this guide serve as a resource to your family and you.

New Jersey Prevention Network: Military Family Nights Program

Family communication and structure is strained with each deployment. The Military Family Nights series is based on the Strengthening Families Program in which families practice communication skills, family meetings, effective discipline, therapeutic child play, reinforcing positive behaviors in each other and jointly planning family activities.

New Jersey Prevention Network: Achieving Personal Balance Program

Achieving Personal Balance (APB) is a gender-specific program designed to develop and apply effective coping strategies to deal with stressors at work and home specific for men and women who are serving or have served in the military.

Programs are available around the State. For more information or to register, please visit www.njpn.org/military

Army Reserve Family Program (Online)

The Army Reserve Family Program is designed to improve support for Soldiers and their families during military separation. Soldiers have an obligation to ensure their families are prepared to endure an extended separation. Preparation and planning prior to mobilization is the necessary first step that must be taken to ensure family members have the resource to endure the separation. The Army Reserve Family Program has the educational and informational tools necessary to enhance awareness of the changes encountered in an effort to improve family readiness. This is the gateway to Army Reserve Family Program information that includes hot topics and groups that offer family support during separation.

CYS staff members provide an accessible and well-rounded program that successfully meets the developmental needs of all Army Reserve youth, supports the parent/caregiver during deployment, and provides peace of mind to the Soldiers while they are separated from their loved ones. The Servicemembers Civil Relief Act of 2003 (SCRA), Formerly Known as Soldiers and Sailors Civil Relief Act of 1940

If you are a reserve service member called to active duty, you are protected by a law that can save you some legal problems and possibly some money. Under the provisions of The Servicemembers Civil Relief Act of 2003 (SCRA) you may qualify for reduced interest rate on mortgage payments and credit card debt, protection from eviction if your rent is \$1,200 or less, and/or delay of all civil court actions such as bankruptcy, foreclosure or divorce proceedings. Although all service members receive some protection under the SSCRA, additional protections are available to reserve components called to active duty.

Army Reserve Financial Readiness Program

The Financial Readiness Program offers services to assist Soldiers and their families with their financial affairs. It is designated to educate military families of their rights as consumers. Financial planning within the Army Reserve is critical to all Soldiers, especially Troop Program Unit (TPU)

Soldiers. Training opportunities are available to military families and can be coordinated by the AFTB/AFAP Program Manager upon request. Some of the topics available are: Budgeting, Financial Emergencies; Saving and Investing, Credit and Collection, Home Buying and Renting, Taxes, and Army Emergency Relief (AER) Loans/Grants.

How to Get Financial Readiness Assistance

1. When a Soldier or family member contacts the Army Reserve Family Programs Office for financial counseling or assistance, the AFTB/AFAP Program Manager will assist by completing a request for financial assistance form for the Soldier or family member.
2. The Program Manager in coordination with their Family Program Director will evaluate the request and determine what resources are available.
3. Upon determination, the Program Manager will contact the appropriate resource and link the Soldier or family member to that resource for assistance.
4. The Program Manager will follow-up with the Soldier or family member to ensure appropriate assistance was provided, and closes the request, notifies the director and files the request. www.goarmy.com

In the foreground, a man in a cap and light-colored clothing stands on a paved area with several bicycles. A car is parked to the right. A large number "2" is overlaid in the center, and a white rectangular box highlights the man and bicycles.

Home Loans

VA Guaranteed Home Loan

Veterans can apply for a VA loan with any mortgage lender that participates in the VA home loan program. Veterans are exempt from down payments. Veteran will need to submit a request for a certificate of eligibility (VA FORM 26-1880), as well as their service record (DD214).

The loan is made by a lender, such as a mortgage company, savings and loan or bank. VA's guarantee on the loan protects the lender against loss if the payments are not made, and is intended to encourage lenders to offer Veterans loans with more favorable terms. The amount of guaranty on the loan depends on the loan amount and whether the Veteran used some entitlement previously. With the current maximum guarantee, a Veteran who hasn't previously used the benefit may be able to obtain a VA loan up to \$240,000 depending on the borrower's income level and the appraised value of the property. The local VA office can provide more details on guaranty and entitlement amounts.

Note: Although the Veteran may be approved for a VA home loan guarantee, the Veteran still needs to have a good credit rating to obtain a loan from a lending institution, such as a bank or credit union. Contact State Veterans Service Offices listed on pages 15-18 for more information on loans.

HUD Certified Fair Housing Counseling Agencies in New Jersey

The New Jersey Housing and Mortgage Finance Agency (NJHMFA) provides a variety of programs to assist prospective home buyers. For further information, select from the menu items on the left under Home Buyers. Information on purchasing a home with an NJHMFA mortgage and brochures on the home buying process can also be requested by calling

1-(800) 654-6873.

www.nj.gov/dca/NJHMFA/

100% Financing

Provides no down payment, no mortgage insurance, mortgage loans at preapproved new or rehabilitated single-family housing developments and for certain newly constructed units. Down payment and closing cost assistance may be available under this program. First-time and urban area buyers are eligible for 30-year fixed rate financing at the NJHMFA's prevailing interest rate. The program is subject to funding and housing availability. Please refer to the One Hundred Percent Project List for available projects in your area.

One Hundred Percent financing is available only when purchasing homes pre-approved by the Agency and listed on the One Hundred Percent Project List.

Not-for-profit and for-profit developers can apply for project approval. Please see the latest income and purchase price limits. Further detail is available on our Fact Sheet or call 1-(800) 654-6873.

NJ Housing and Mortgage Finance Agency (NJHMFA)

The New Jersey Housing and Mortgage Finance Agency offers low interest rate NJHMFA mortgages that provide Veterans and their families with increased buying power and a savings of thousands of dollars in interest over the life of the loan. NJHMFA offers residential mortgages to United States Veterans through the VA home buyer program. Most NJHMFA homeownership loans are originated by private lenders that are approved to participate in the programs.

Eligibility

New Jersey residents must first be eligible for a federal VA guaranteed home loan. Contact any state Veterans Service Office from page 17 to 20.

Details

Veterans can apply for an NJHMFA mortgage for any of the following: first time and urban home buyers, police and firefighters, purchase and rehabilitation mortgages, and reverse mortgages for seniors. More than 55 participating lenders with hundreds of locations throughout the state offer NJHMFA mortgage products, and can help determine the right mortgage for you.

VA home buyer loans often require no down payment and NJHMFA offers a below-market, fixed interest rate. Closing costs may not be included in the loan, however the seller is allowed to pay most costs, which makes it possible for a Veteran to buy with virtually no cash down. Closing costs generally include VA appraisal, credit report, escrow, title evidence, recording fees, a 1% loan origination fee and discount points.

A reverse mortgage loan allows seniors (62 and over) to access the equity in their home without a monthly repayment schedule for as long as they live in the home. Loan proceeds can be taken in a lump sum, monthly payments, line of credit, or some combination of these options. Loan amount is determined by property value and borrower age. Counseling is required. No restriction on value of property. No income requirements or verification.

LWYW Homebuyer Program (Live Where You Work)

The Live Where You Work (LWYW) program is a home mortgage incentive program that provides low-interest mortgage loans to homebuyers purchasing homes in towns where they are employed. The goal of LWYW is to build stronger communities by promoting homeownership and encouraging people to live closer to their jobs. This, in turn will reduce the need for cars and increase the use of alternative transportation such as walking, biking and public transit.

If you would like to buy a house in the town where you currently work, then LWYW might be right for you. Employees benefit from attractive mortgage rates, more flexible loan application review and underwriting criteria, and reduced commuting times to work. Municipalities benefit from having a committed workforce living nearby, and the activity and economic vibrancy that comes with people living near where they work.

What are the eligibility requirements?

Eligible Properties Must:

1. Be located in a municipality that is currently participating in the LWYW program.
2. Municipalities Currently Participating in the LWYW Program include: Trenton and Jersey City
3. Be located in the same town as the buyer's employer

Smart Start Fact Sheet

Accumulating the funds for down payment and closing costs is a common barrier to potential homeowners. The Smart Start Program is available to participants in the agency's first mortgage homebuyers program who are purchasing homes in Smart Growth areas and who earn less than 80% of NJHMFA's Home Buyer county income limits. The program helps these families by offering a second mortgage for down payment and/or closing costs up to 4% of the first mortgage.

New Jersey Property Tax Benefits

The New Jersey Property Tax Exemption and Deduction require Veterans to serve during a specific war time period. See the New Jersey War Dates on page 324.

NOTE: For New Jersey Property Tax Exemption and Deduction, Haiti service is not included as a war time period.

The dwelling house is the Veteran's primary legal residence.

The Veteran or surviving spouse must own and occupy the house.

If the house is a multiple family building, the exemption is only granted for the portion actually occupied by the Veteran or surviving spouse.

The definition of resident is the same for the property tax exemption and deduction. It is the legal domicile within the state. Seasonal or temporary residence in the state is not considered being a resident of New Jersey. Absence from the state for a period of 12 months shall be sufficient evidence of abandonment of domicile. The burden of establishing legal domicile in the state is the claimant's burden.

New Jersey Property Tax Exemption

Eligibility for Veterans who meet all of the following criteria:

1. Served during a specified wartime period.
2. Received an honorable discharge or under honorable conditions.
3. Rated 100 percent permanent service-connected by the VA. The 100 percent rating cannot be temporary or as a result of hospitalization, surgery or recuperation.

Eligibility for spouses who meet the following criteria:

1. Not remarried.
2. Even if the marriage is terminated by death/divorce, the spouse is no longer entitled. However, if the marriage is annulled, the surviving spouse regains eligibility.
3. Veteran previously received exemption prior to death.
4. Veteran would have been found eligible if an application had been filed prior to death.

And one of the following criteria:

1. The Veteran had to be rated 100 percent permanent VA service-connected prior to death. A spouse is not eligible if the Veteran was rated less than 100 percent permanent service-connected, but died of that service-connected disability.
2. The Veteran died in active service during wartime in any branch of the United States Armed Forces.
3. Application Process: The application at the municipal property tax assessor's office is signed and filed with
4. the following documentation: (orientation)
 - A. Property Deed
 - B. Discharge (DD214)
 - C. VA Property Tax Exemption Letter. The letter must be requested by contacting the VA at 1-(800) 827-1000. DO NOT submit the VA Award Letter indicating the monetary award. That may delay the effective date of the exemption.

New Jersey Property Tax Deduction

There is an annual property tax deduction of two hundred and fifty dollars.

Veteran's eligibility

1. A citizen of the United States
2. Resident of New Jersey
3. Honorably discharged or released under honorable conditions from active service in a war-time period, in any branch of the U.S. Armed Services.

Surviving spouse's eligibility

The surviving wife or husband of a Veteran who was a citizen of the United States and resident of New Jersey and one of the following:

- Was receiving the deduction prior to the Veteran's death.

- Would have been eligible for the deduction had the Veteran filed an application prior to death.
- Has died on active duty in a wartime period.

The application process

Filing an application with all required documentation prior to December 31 of the pre-tax year in order to be effective in the next year. Documentation includes the property deed and discharge (DD-214) for the Veteran. The widow may need to submit the property deed, marriage certificate, death certificate and discharge (DD-214).

Continuance of Deduction

The tax assessor may at any time require the filing of a new application or request documentation to determine continuance of the deduction. However, the tax assessor cannot require a new application from every Veteran or spouse every year.

Deduction for Cooperatives

For cooperatives, the procedure is different. The manager or superintendent must complete forms indicating the names and locations of the Veterans or spouses within the co-op to the tax assessor. The deduction is then granted to the co-op, the co-op is responsible to either reduce the rent by deduction amount or present a check to the Veteran or spouse.

Refunds for Deductions

NO RETROACTIVE payment for the deduction for any previous year(s) when an application was not filed with all supporting documentation.

\$6,000 Income Tax Exemption

You are eligible for a \$6,000 exemption on your Income Tax Return if you are a military Veteran who was honorably discharged, or released under honorable circumstances from active duty in the Armed Forces of the United States, on or any time before the last day of the tax year. Your spouse or civil union partner is also eligible for an exemption if he/she is a Veteran who was honorably discharged or released under honorable

circumstances and you are filing a joint return. This exemption is in addition to any other exemptions you are entitled to claim and is available on both the resident and non-resident returns. You cannot claim this exemption for a domestic partner or for your dependents. For more information go to:

www.state.nj.us/treasury/taxation/military/vetexemption.shtml

Note: This exemption can only be claimed by qualifying Veterans, it does not pass through to a surviving spouse. Contact: 1-(609) 530-6826.

Low Income Home Energy Assistance Program (LIHEAP) And Universal Service Fund (USF)

Fact Sheet

The Low Income Home Energy Assistance Program (LIHEAP) is designed to help low-income families and individuals meet home heating and medically necessary cooling costs. To apply for LIHEAP, contact the authorized local community action agency or community based organization in your area. A list of these agencies is enclosed. For persons age 60 or over, or who are disabled, applications may be received and returned by mail.

Other households may apply by mail at the discretion of the local agency.

To be eligible for LIHEAP benefits, the applicant household must be responsible for home heating or cooling costs, either directly or included in the rent; and have gross income at or below 200% of the federal poverty level. Persons who live in public housing and/or receive rental assistance are not eligible unless they pay for their own heating/cooling costs directly to the fuel supplier. The amount of the LIHEAP heating benefit is determined by income, household size, fuel type, and heating region. This year, the medically necessary cooling assistance benefit is set at \$200.

The LIHEAP application is also an application for the Universal Service Fund (USF) Program. Therefore, you apply for two energy assistance programs at the same time. USF is a program created by the New Jersey Board of Public Utilities to help make natural gas and electric bills more affordable for low-income households. If you are eligible, USF can lower the amount you pay for gas and electricity. To be eligible, a household gross income must be at or below 175% of the Federal Poverty Level (refer to guidelines on website) and pay more than 3% of its annual income for electric or more than 3% for natural gas. If a household has electric heat, it must spend more than 6% of its annual income on electricity to be eligible. For more information about USF call: 1-(800) 510-3102.

For further information on LIHEAP or to locate the nearest application agency, call 1-(800) 510-3102. Additional information about LIHEAP and USF, including an application, is also available at dcaid.dca.nj.gov/en-us/

Transitional Housing Program for Homeless Veterans

Our Nation and our State, grateful for its hard-won freedom and democracy, owes a special debt to its Veterans. For that reason, the word “Veteran” and the word “homeless” should never appear in the same sentence. Unfortunately, it is a reality. Therefore, it is imperative that New Jersey works to restore dignity and purpose to those who so unselfishly laid their lives on the line for our country.

The Veterans Transitional Housing Program aims to meet this challenge on the streets, in the shelters, and at the front lines of human existence where our brothers and sisters find themselves in their time of greatest need.

The program is divided into three phases:

- Treatment
- Self-Reclamation
- Community Reintegration

Each phase lasts from three to six months and is tailored to individual treatment needs and vocational interests. Veterans completing the program return to vocations which will support them in years to come.

Stand Down Operations

Stand Down helps New Jersey's homeless Veterans "combat" life on the streets by providing a broad range of necessities, including food, clothing, medical, legal and mental health assistance, job counseling, and referrals, but most importantly, companionship and camaraderie.

Membership is open to Veterans and volunteers over the age of 18 who are willing and able to give of their time, efforts and resources in assisting programs for homeless Veterans.

Program Goals:

1. Provide immediate short-term relief from the trauma and stress of homelessness and a safe haven for a short period;
2. Bring services and assistance into the field directly to the homeless Veteran; provide access to short term services and assistance such as food and clothing;
3. Provide access to longer-term solutions such as VA and social services benefits;
4. To build strong long term interagency and volunteer community working relationships;
5. To raise local and national awareness of the plight of homeless Veterans with the hope of increasing community involvement;
6. Start the healing process by returning self-respect to a lost segment of our nation's Veteran population;
7. To encourage replication of the program in other cities across the United States.

Housing Discrimination

The New Jersey Division on Civil Rights is responsible for enforcing the New Jersey Law Against Discrimination (LAD). The LAD prohibits discrimination in housing, employment, or public accommodations on the basis of membership in a range of protected categories. Those protected categories include “liability for service in the Armed Forces of the United States,” as well as categories such as race, national origin, sex, and mental or physical disability. A person who is liable for service in the Armed Forces is a person that is subject to being ordered into active service because of their membership in the National Guard or reserves. Accordingly, the LAD prohibits an employer, a landlord, or a public accommodation (like a college, restaurant or store) from discriminating against a service member because that service member may be called into active service. As just one example, the LAD prohibits an employer from refusing to hire a member of the National Guard or reserves simply because that person may be ordered into active service. The LAD does not, however, prohibit an employer from refusing to hire someone who has already received orders to report for active duty, although federal law may provide protection in such circumstances. If you believe that you have been discriminated against because of your liability for service in the Armed Forces, please call DCR at 1-(973) 648-2700 or 1-(609) 292-4605 or visit www.njoag.gov/about/divisions-and-offices/division-on-civil-rights-home/ and click on Contact DCR to find the office location closest to you. A complaint must be filed with DCR within 180 days of the incident.

For additional information, please visit www.njoag.gov/about/divisions-and-offices/division-on-civil-rights-home/

Service members may also be protected by federal law such as the Uniformed Services Employment and Reemployment Rights Act (USERRA).

To file a claim under USERRA, please visit www.dol.gov/vets/programs/userra/fileclaim.htm

To File a Housing Discrimination Complaint with the Federal Government:

Post-Traumatic Stress Disorder (PTSD) WHAT IS IT?

After a trauma or life threatening event it is common to have upsetting memories of what happened, to have trouble sleeping, to feel jumpy, or to lose interest in things you used to enjoy. For some people these reactions do not go away on their own, or may even get worse over time. These people may have PTSD.

Where To Get Help

If you think you have PTSD, it is important to get treatment. Treatment can work, and early treatment may help reduce long-term symptoms. Contact your local Vet Center - see list on pages 79-80.

Post Traumatic Stress Disorder

The State of New Jersey offers a program that addresses the readjustment concerns of Veterans and offers treatment to combat Veterans of all war periods.

Treatment is extended to the family members affected by the Veteran's condition. State Veteran Service Officers can assist with scheduling, counseling, and filing of any applicable VA claims. Contracted clinicians, experienced in PTSD counseling, can determine the best course of treatment for the Veteran and the Veteran's family.

For more information contact a local Veteran Service Officer or call (888) 865-8387, or email: VBB@dmava.nj.gov.

Governor's Challenge to Prevent Suicides Among Service Members, Veterans & Their Families

As part of the Governor's Challenge program, New Jersey is joining forces with community-based suicide prevention initiatives across the nation to reduce the rate of suicides among Service Members, Veterans and Their Families (SMVF).

Veteran Suicide: Methodology

How to Spot Warning Signs

The **Department of Veterans Affairs** provides the following warning signs.

- Talking about wanting to hurt or kill oneself
- Trying to get pills, guns, or other ways to harm oneself
- Talking or writing about death, dying, or suicide
- Hopelessness
- Rage, uncontrolled anger, seeking revenge
- Acting in a reckless or risky way
- Feeling trapped, like there's no way out
- Saying or feeling there's no reason for living

For more on mental health services at the Dept. of Veterans Affairs, call the VA's suicide hotline at 1-(800) 273-TALK (8255).

Suicide Signs Unique to Vets

Experts on suicide prevention say for Veterans there are some particular signs to watch for.

- Calling old friends, particularly military friends, to say goodbye
- Cleaning a weapon that they may have as a souvenir
- Visits to graveyards
- Obsessed with news coverage of the war, the Military Channel
- Wearing their uniform or part of their uniform, boots, etc.
- Talking about how honorable it is to be a Soldier
- Sleeping more (sometimes the decision to commit suicide)

brings a sense of peace of mind, and they sleep more to withdraw)

- Becoming overprotective of children
- Standing guard of the house, perhaps while everyone is asleep staying up to “watch over” the house, obsessively locking doors, windows
- If they are on medication, stopping medication and/or hoarding medication
- Hoarding alcohol -- not necessarily hard alcohol, could be wine
- Spending spree, buying gifts for family members and friends “to remember by”
- Defensive speech “you wouldn’t understand,” etc.
- Stop making eye contact or speaking with others

Hotline for Veterans

Veterans who need help and immediate counseling should call the hotline operated by Veterans Affairs professionals at **988 and press 1**, identifying themselves as military Veterans. Staff members are specially trained to take calls from military Veterans and is staffed 24 hours a day, every day. While all operators are trained to help Veterans, some are also former military.

Employment and Training

Uniformed Services Employment and Reemployment Rights Act (USERRA)

USERRA replaced the Veterans' Reemployment Rights Law. USERRA guarantees reemployed person's pension plan benefits that accrued during military service, regardless of whether the plan is a defined benefit plan or a defined contribution plan.

USERRA provides health benefits continuation for service members and their families during military service for up to 18 months.

USERRA is enforced by the Department of Labor's Veterans' Employment and Training Services (VETS).

Eligibility - The Act applies to persons who perform duty, voluntarily or involuntarily, in the Army, Navy, Marine Corps, Air Force, Coast Guard, and Public Health Service Commissioned Corps, as well as the Reserves of each. Federal training or service in the Army National Guard and Air National Guard is also included. Uniformed service includes active duty, active duty for training, inactive duty training (such as drills), and initial active duty training. USERRA covers all employees except those serving in positions where there is "no reasonable expectation that employment will continue indefinitely or for a significant period" i.e. seasonal work.

Basic Provisions/Requirements - Service members returning from a period of service in the uniformed services must meet five eligibility criteria to be covered by USERRA:

1. The person must have held a civilian job;
2. The person must have given notice to the employer that he or she was leaving the job for service in the uniformed services;
3. The period of service must not have exceeded five years;
4. The person must have been released from service under honorable conditions; and

5. The person must have reported back to the civilian job in a timely manner or have submitted a timely application for re-employment. USERRA establishes a 5-year cumulative total on military service with a single employer, with certain exceptions allowed for call-ups during emergencies, for reserve drills and annually scheduled active duty for training, etc. USERRA also allows an employee to complete an initial period of active duty that exceeds 5 years, not including reenlistments. Under USERRA, restoration rights are based on the duration of military service rather than the type of military duty performed, e.g., active duty for training, inactive duty, etc.

Time limits for returning to work under USERRA, with the exception of fitness-for-service examinations, depend upon the duration of a person's military service.

The applicable time limits are as follows:

Less than 31 days service: By the beginning of the first regularly scheduled work period after the end of the calendar day of duty plus time required to return home safely. If this is impossible or unreasonable, then as soon as possible.

31 to 180 days: Application for reemployment must be submitted no later than 14 days after completion of a person's

service. If this is impossible or unreasonable through no fault of the person, then as soon as possible.

181 days or more: Application for reemployment must be submitted no later than 90 days after completion of a person's military service.

Service-connected injury or illness: Reporting or application deadlines are extended for up to two years for persons who are hospitalized or convalescing.

Contact - Information regarding USERRA may be obtained by calling the US Department of Labor at 1-(866) 487-2365 or going online to: www.dol.gov

NJ ESGR (Employer Support of the Guard and Reserve)

ESGR, a Department of Defense office will develop and promote employer support for Guard and Reserve service by advocating relevant initiatives, recognizing outstanding support, increasing awareness of applicable laws, and resolving conflict between employers and service members. ESGR also informs and educates service members and their civilian employers regarding their rights and responsibilities governed by USERRA. ESGR does not have statutory authority to enforce, but serves as a neutral, free resource to employers and service members. ESGR's trained ombudsmen provide mediation of issues relating to compliance with USERRA.

Veterans' Employment and Training Service (VETS)

The mission of the Veterans' Employment and Training Service (VETS) is to provide Veterans and transitioning

service members with the resources and services to succeed in the 21st century workforce by maximizing their employment opportunities, protecting their employment rights, and by meeting labor-market demands with qualified Veterans. Additionally, there are supportive services provided to help make the Veteran employable.

Employment Services for Veterans

The U.S. Department of Labor, Veterans' Employment and Training Service (VETS) offers employment and training services to eligible Veterans through a non-competitive Jobs for Veterans State Grants Program. Under this grant program, funds are allocated to State Workforce Agencies in direct proportion to the number of Veterans seeking employment within their state. The grants support two principal staff positions:

Disabled Veterans' Outreach Program Specialists (DVOP)

Local Veterans' Employment Representatives (LVER)

This grant provides funds to exclusively serve Veterans, other eligible persons, transitioning service members, their spouses and, indirectly employers. The grant also gives the State the flexibility to determine the most effective and efficient distribution of their staff resources based upon the distinct roles and responsibilities of the two positions.

DVOP and LVER staff provide services to all Veterans that Title 38 indicates are eligible for their services, their efforts are concentrated according to their respective roles and responsibilities, on outreach and the provision and facilitation of direct client services to those who have been identified as most in need of intensive employment and training assistance. The DVOP and LVER staff, through outreach with employers, develop increased hiring opportunities within the local work force by raising the awareness of employers of the availability and the benefit of hiring Veterans.

Disabled Veterans' Outreach Program Specialists

Disabled Veterans Outreach Program (DVOP) specialists provide intensive services to meet the employment needs of disabled Veterans and other eligible Veterans. The maximum emphasis is directed toward serving those who are economically or educationally disadvantaged, including homeless Veterans and Veterans with barriers to employment.

DVOP specialists are actively involved in outreach efforts to increase program participation among those with the greatest barriers to employment, which may include but should not be limited to: outplacement in Department of Veterans Affairs (VA) Vocational Rehabilitation and Employment Program*offices; VA Medical Centers; routine site visits to Veterans' Service Organization meetings; Native American Trust Territories; Military Installations; and other areas of known concentrations of Veterans or transitioning service members.

The case management approach, taught by the National Veterans' Training Institute, is generally accepted as the method to use when providing vocational guidance or related services to eligible Veterans identified as needing intensive services.

Local Veterans' Employment Representatives

Local Veterans' Employment Representatives (LVER) conduct outreach to employers and engage in advocacy efforts with hiring executives to increase employment opportunities for Veterans to encourage the hiring of disabled Veterans, and generally assist Veterans to gain and retain employment. LVER & staff conduct seminars for employers and job search workshops for Veterans seeking employment, and facilitate priority of service in regard to employment, training, and placement services furnished to Veterans by all staff of the employment service delivery system.

To meet the specific needs of Veterans, particularly Veterans with barriers to employment, the DVOP and LVER staff are thoroughly familiar with the full range of job development services and training programs available at the State Workforce Agency One-Stop Career Centers, Department of Veterans Affairs Vocational Rehabilitation and Employment Program locations.

Eligible Applicants

Applications for funds under the Jobs for Veterans State Grants Program will be accepted only from the designated administrative entity that operates the employment service delivery system within the State.

For more information regarding Employment Services for Veterans and VETS' other programs and services, visit our website at: www.dol.gov/agencies/vets

Veterans Civil Service Benefit

The New Jersey Department of Military and Veterans Affairs is the agency that determines Veteran Preference for hiring in New Jersey civil service and Veterans Status for New Jersey civil service pension plans. War period Veterans who pass the civil service examinations are given absolute preference over non-Veterans when applying for state, county or municipal employment. Absolute preference is not extended to promotions, but if a Veteran ranks highest on a promotional certification, a non-Veteran cannot be offered the appointment before the Veteran. Veterans with service-connected disabilities (at least 10 percent) who pass the civil service examinations are given preference over other Veterans and non-Veterans. Eligibility requirements apply, e.g., specific time periods of active duty, discharge status etc. Spouses, widows and parents of deceased or disabled Veterans

are eligible under certain circumstances. For information call Veterans Benefits Bureau at 1-(888) 865-8387 or email vbb@dmava.nj.gov

There are additional retirement and pension benefits offered to Veterans who are members of the Public Employees' Retirement System (PERS). For more information call 1-(888) 865-8387 or email vbb@dmava.nj.gov

Helmets to Hardhats

The New Jersey State Building and Construction Trades Council program (NJ H2H) is designed to help transitioning military personnel find careers in the building and construction industry. The program seeks to help military members find a career in one of 15 affiliated trades, such as carpenters, electricians, painters etc. Unions have been proactive in placing Veterans in good paying, skilled positions through their Helmets to Hardhats and recently rolled out Hire a Hero programs.

For registration and information visit online at www.njbctc.org/nj-h2h/ or call 1-(732) 499-0100

Education and Grants

Operation College Promise (OCP) Backgrounder

Operation College Promise (OCP) is a national policy, research and education program based in Trenton, New Jersey. OCP supports the transition of military-affiliated students “To, Through and Beyond,” their postsecondary advancement. Founded in 2008 as a web-based resource (www.OperationCollegePromise.org), walang118@gmail.com, phone number 1-(561) 302-5282, the project was launched under the New Jersey Association of State Colleges and Universities (NJASCU) to centralize comprehensive transition information.

Education

The education of Veterans, and those who serve them, is the linchpin of the OCP mission. In 2009, the program developed and published the nation’s first resource manual for Veterans’ service providers in the Post-9/11 era. The *OCP Field Guide* provides a blueprint for local, state and national support services to aid Veterans in transition.

The signature *Certificate for Veterans’ Service Providers (CVSP)* program is the only nationally disseminated certificate program designed specifically for higher education professionals. To date, over 700 professionals from 40 states, representing more than 100,000 military-affiliated students, have been certified. The CVSP training has been offered at ten different locations including Stockton University (Pomona, NJ), Ramapo College of New Jersey (Lyndhurst, NJ), Texas State University (San Marcos, TX), the University of North Carolina (Charlotte, NC), Texas A&M (San Antonio, TX), Ashford University (San Diego, CA), CareerTech for Vets (Oklahoma City, OK), the Association of Independent State Colleges and Universities of Rhode Island (Providence, RI), Armstrong State University (Savannah), University of Maryland Global Campus, Fairleigh Dickinson University (NJ) and St. Philips College (San Antonio). The rigorous, 2 ½ day curriculum includes seven

modules taught by a cross-section of thought leaders in the field of military education, including: the American Council on Education (ACE); the American Association of State Colleges and Universities (AASCU); as well as representatives from the Chairman's Office on Reintegration (CORG), Soldier for Life, the National Association of State Approving Agencies (NASAA) and many others. Each presentation is tailored to meet the specific needs of the hosting agency and includes a tour with an "insiders look" at a local military installation.

OCP's direct outreach to Veterans supports the dissemination of information to our Veterans and service members. OCP staff has regularly participated in the New Jersey National Guard's "Yellow Ribbon" Post and Pre-deployment programming. Additionally, OCP provides updated information on existing and emerging resources through the OCP website, quarterly "Mail Call" e-newsletters, and social networking sites.

Research

Beginning in 2011, OCP developed a methodology – the Graduation Probability Indices (GPI) – to survey institutions on the progress of military-affiliated students toward degree. This landmark research *"Completing the Mission: A Pilot Study of Veteran Students' Progress toward Degree Attainment in the Post-9/11 Era"* was followed up in 2013 by an expanded study: *"Completing the Mission II: A Study of Veteran Students' Progress toward Degree Attainment in the Post-9/11 Era"* which increased the size of the study to 23 four-year institutions. Both research projects can be accessed at www.OperationCollegePromise.org

Policy

OCP staff has frequently testified before the New Jersey Legislature on policies affecting Veterans and their transition. For its efforts, OCP was awarded a Senate Resolution recognizing the program as a national model. The project

collaborated with the New Jersey State Senate to establish the first “*Veterans' Education Awareness Week*,” which is recognized through a gubernatorial proclamation each year. This initiative was made annual as an ongoing effort to educate Veterans on their education benefits as well as celebrate their service. OCP is also researching condensed degree programs that maximize the benefits of the Post-9/11 GI bill, while recognizing the skill sets of our military students in fields with potential for long-term employment. The first of these, “VETeach,” a streamlined teaching degree plan, was signed into New Jersey Statute on April 5, 2012.

For more information on Operation College Promise (OCP), visit: www.OperationCollegePromise.org or call 1-(561) 302-5282.

Garden State Equality (GSE) is New Jersey's largest lesbian, gay, bisexual, and transgender organization and one of the most successful statewide LGBTQIA2S+ groups in the country. With approximately half a million LGBTQIA2S+ individuals in NJ and over 150,000 GSE members, their mission is to provide services that meet the needs of the LGBTQIA2S+ community and promote equality for all.

Programs fall under two main categories: education/youth development (Teach and Affirm) and health/wellness (Map and Expand, which targets the entire LGBTQIA2S+ community, and Pledge and Protect, which addresses the unique needs of LGBTQIA2S+ seniors). Issues facing the LGBTQIA2S+ community, including housing, healthcare, education, and more, are addressed under these programs and through our legislative and policy work.

GSE also serves the community by providing referrals for healthcare and legal services and intervening in cases of harassment and discrimination. If you are looking for a referral please reach out. If you have faced discrimination in New Jersey because of your sexual orientation, gender identity or gender expression, tell Garden State Equality by contacting them at the email address or phone number above, or by filling out the report discrimination form on our website: www.gardenstateequality.org/report_discrimination

SPART*A's mission is *to advocate for our actively serving transgender military members, Veterans, and their families.* SPART*A provides our members with a peer support network, assistance in navigating military transgender policy and health care, and educational resources for their professional development. SPART*A actively coordinates and collaborates with other LGBTQIA2S+ advocacy organizations to promote an inclusive military environment that values the contributions of all Americans with the desire to serve.

Changing DD-214s and Other Discharges

Servicemembers who were discharged because of the policy known as Don't Ask Don't Tell (DADT) or the prior policies regarding gays and lesbians in the Armed Forces may want to have certain changes made in the discharge paperwork.

The discharge characterization for those discharged under DADT or the prior policy should accurately reflect the character of their service. This is not always the case.

Servicemembers who were discharged under DADT generally received an Honorable or General Under Honorable Conditions discharge based on their service records. However, a service member discharged for a “Homosexual Act” that involved a so-called “aggravating factor” might have been given an Other Than Honorable (OTH) discharge characterization. Most of the factors on the list (such as acts involving minors, prostitutes or coercion) constituted unacceptable behavior and should have resulted in an OTH. But there were two “aggravating factors” that did not inherently constitute misconduct and that should not necessarily have resulted in OTH discharges. These were acts committed openly in public view (e.g., holding hands at a restaurant) and acts committed on base or on post (e.g., a quick hug while being dropped off).

In addition, the Navy and Marine Corps gave those discharged for “marriage” or “attempted marriage” an OTH, while in the Army and the Air Force, members discharged for same conduct received Honorable or General Under Honorable Conditions discharges, based on their service record.

Servicemembers discharged under the pre-DADT policy were very likely to receive discharges that were less than Honorable.

Less than Honorable discharge characterizations can have lifelong consequences, such as limiting the Veteran’s access to the GI Bill® or Veterans Administration healthcare.

Former servicemembers who received a less than Honorable discharge characterization that is not reflective of their service are eligible to apply to have that discharge upgraded to mirror their service.

For more information on how to upgrade a discharge, please contact a New Jersey Department of Military and Veterans Affairs Veterans Service Office (see page 15).

VA LGBTQIA2S+ Health Program

There is an LGBTQIA2S+ Veteran Care Coordinator at every facility to help you get the care you need. VHA policies require that your health care is delivered in an

New Jersey State Bar Association

The New Jersey State Bar Association (NJSBA) through its Military Law and Veterans Affairs Committee, in conjunction with McCarter & English, LLP has established the Military Legal Assistance Program, a pro-bono - i.e., free - program to provide assistance to New Jersey residents who have served overseas as active duty members of Reserve components of the Armed Forces after September 11, 2001. Many returning Veterans have been adversely affected by reason of their status, change of status, or long deployment. It is anticipated there is a need for legal assistance for these military personnel in civil matters. The program can offer assistance in Family Law, Employment Law and Debtor-Creditor Law. The program will refer members of the military who contact NJSBA to volunteers qualified to assist with their specific needs. Volunteers who accept the case must agree to handle such case from inception to resolution without compensation or reimbursement for expenses.

The Servicemembers' Civil Relief Act of 2003 (SCRA), formerly known as the Soldiers and Sailors Civil Relief Act of 1940

If you are a reserve service member called to active duty, you are protected by a law that can save you some legal problems and possibly some money. Under the provisions of The Servicemembers' Civil Relief Act of 2003 (SCRA) you may qualify for reduced interest rates on mortgage payments and credit card debt, protection from eviction (if your rent is \$1200 or less), and/or delay of all civil court actions such as bankruptcy, foreclosure or divorce proceedings. Although all service members receive some protection under the SCRA, additional protections are available to reserve components called to active duty.

For more information contact your unit or installation legal assistance office.

Any license issued by a professional or occupational board designated in section 2 of P.L.1978, c.73 (C.45:1-15) and any registration issued under the “New Jersey Controlled Dangerous Substances Act,” P.L.1970, c.226 (C.24:21-1 et seq.), will not expire while the licensee or registrant is an active member of the Armed Forces of the United States and will be extended for up to 120 days after the licensee’s or registrant’s return from active service. If the license or registration is renewed during the 120-day period after the licensee’s or registrant’s return from active service, and the licensee or registrant submits documentation verifying his or her active military service, the licensee or registrant will only be responsible for normal fees and activities relating to renewal of the license or registration and will not be charged any additional costs, such as, but not limited to, late fees or delinquency fees.

New Jersey Veterans Memorial Homes

The New Jersey Department of Military and Veterans Affairs operates three modern long-term care nursing homes located in Paramus, Menlo Park, and Vineland. These homes are inspected and licensed annually by the New Jersey Department of Health and the U.S. Department of Veterans Affairs.

Comprehensive services and a deep concern for the residents go hand-in-hand at New Jersey's three state-operated Veterans' nursing homes. Around-the-clock medical and nursing care is provided by a full-time staff of physicians, nurse practitioners, registered nurses, licensed practical nurses and certified nursing assistants.

Rehabilitative services, such as occupational and physical therapies, speech therapy, and recreational activities are provided under the supervision of contracted licensed therapists.

Resident accommodations are assigned based on level of care required and availability. In spacious dining rooms, residents are provided with wholesome meals prepared under the supervision of licensed dietitians. Tray service is available when necessary and special care is given to individually prescribed diets.

For the convenience and comfort of the residents, the homes feature fully equipped beauty and barber shops, lounges for socializing and watching television, outdoor patios and recreation areas, picnic grounds, and chapels for religious services for all faiths.

Recreational activities available include gardening, ceramics and other arts and crafts, cooking, bingo, shopping trips, music, art and pet therapy programs, movies, dinner trips, fishing excursions, billiards, and trips to sporting events.

Eligibility

The facilities are open to Veterans of all wars who served on active duty and were honorably discharged, the Veteran's

spouse, and to spouses and parents of members of the military who were killed in action during a period of war (Gold Star Parent).

Preference is given to applicants who were state residents for at least two years immediately prior to application for admission. Residents pay according to ability based on income.

“So, our record of living our values and letting our values be an inspiration to others I think is clear. And I don’t think I have anything to be ashamed of or apologize for with respect to what America has done for the world. We have gone forth from our shores repeatedly over the last hundred years and... put wonderful young men and women at risk, many of whom have lost their lives, and we have asked for nothing except enough ground to bury them in, and otherwise we have returned home... to live our own lives in peace.”

- General Colin Powell
