DATE: April 10, 2013

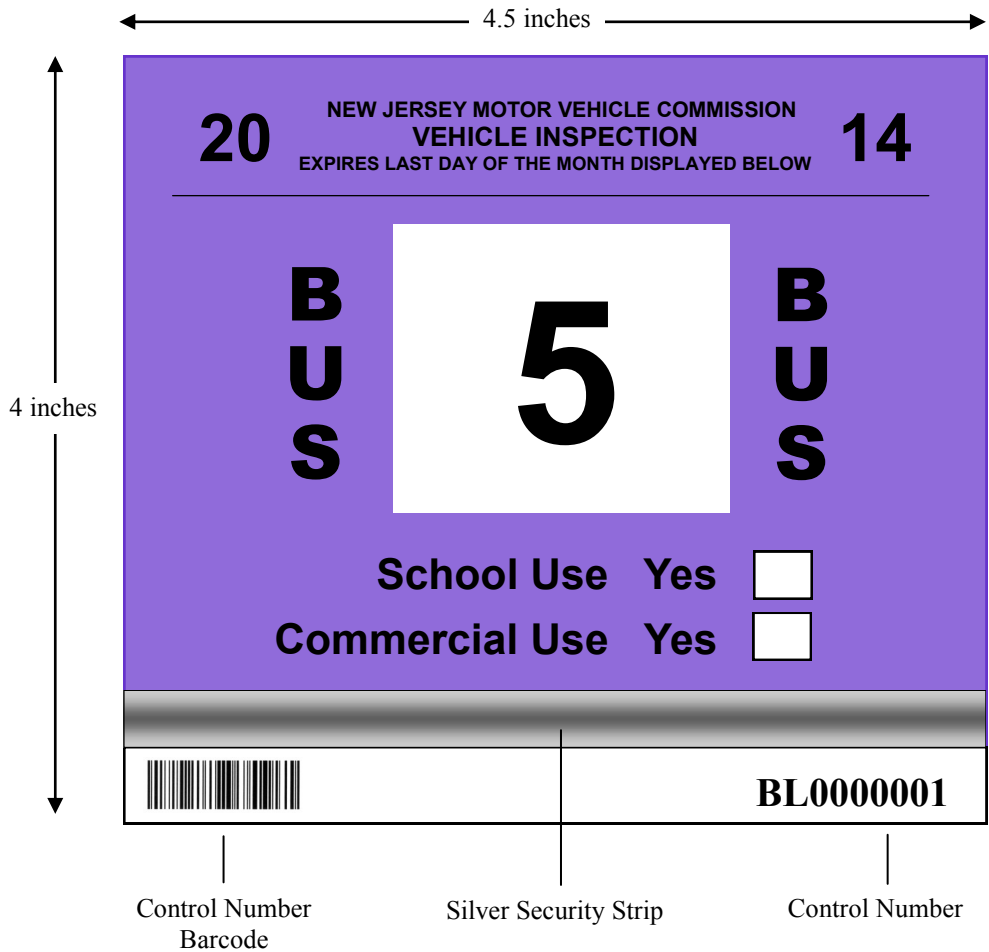

SUBJECT: **New Multi-purpose Bus Inspection Sticker**

Please be advised that the New Jersey Motor Vehicle Commission Bus Unit has introduced a new, multi-purpose Bus Inspection Sticker that is issued for both school and commercial buses. The single sticker (*see page 2*), which is effective immediately, was designed to reduce costs and simplify the inspection documentation process for buses by using only one sticker.

Please note on the attached sample that a check box is incorporated within the sticker design to indicate whether the bus is inspected and approved for school bus use, commercial bus use, or both school bus and commercial bus use.

A hole will be punched by MVC inspection personnel in the appropriate block that applies to the bus operation at the time of inspection approval. The sticker will expire on the last day of the month displayed on the front of the sticker. Although the sticker expires at the end of the month, inspections will still be scheduled throughout the month by MVC bus teams as is currently the process. Buses must be presented for inspection when scheduled.

If you have any questions regarding this advisory, please contact the MVC Bus Unit at (609) 633-9473.

*Note: The front color of the sticker will change each year.*

This bus will be scheduled for inspection by MVC within the month indicated on the front of this sticker.
