

the Department before making a final decision on the proposed amendment.

Sewer service is not guaranteed by adoption of this amendment since it represents only one part of the permit process and other issues may need to be addressed. Inclusion in the sewer service area as a result of the approval of this amendment does not eliminate the need to obtain all necessary permits, approvals, or certifications required by any Federal, State, county, or municipal review agency with jurisdiction over this project/activity.

## TRANSPORTATION

### (a)

#### MOTOR VEHICLE COMMISSION

##### Notice of Receipt of Petition for Rulemaking Petition for New Rules

##### Vehicles Abandoned at Repair Facilities Procedure and Defective or Improper Titles Procedure

Petitioner: Michael Sassano, Jr., Recovery Solutions and Title, LLC.

**Take notice** that on December 17, 2019, the New Jersey Motor Vehicle Commission (MVC) received a petition for rulemaking from Michael Sassano Jr., of Recovery Solutions and Title, LLC, seeking amendments to existing regulations and/or for new rules to allow for a search of the National Motor Vehicle Title Information System (NMVTIS) to determine proof of vehicle ownership and lienholder information for vehicles abandoned at repair facilities, pursuant to N.J.S.A. 39:10A-8 et seq., and for vehicles where the bona fide purchaser does not have the proper documentation to apply for a certificate of ownership (title) from the MVC, pursuant to N.J.S.A. 39:10-16. The petitioner proposes that applicants under either procedure be permitted to first conduct a NMVTIS search to determine ownership and security interests, before being required to perform a search of the five states surrounding New Jersey, as is the current procedure. The purpose of the petitioner's request is to reduce the applicant's financial burden associated with the five-state

search. The petitioner proposes that the five-state search should only be required if the New Jersey Motor Vehicle Commission and NMVTIS searches return no record results. The petitioner further proposes that the MVC revise its procedure with regard to vehicles abandoned at repair facilities.

In accordance with the provisions of N.J.A.C. 1:30-4.2, the Chief Administrator will subsequently mail to the petitioner, and file with the Office of Administrative Law, a notice of action on the petition.

## TREASURY—GENERAL

### (b)

#### DIVISION OF PURCHASE AND PROPERTY

##### Notice of Means to Access State Contracts

##### Predicated on Federal Supply Schedules and Other Federal Procurement Programs

**Take notice** that, in accordance with the provisions of N.J.S.A. 52:34-6.1, State agencies and other eligible New Jersey public entities as defined at N.J.S.A. 52:27B-56.1 may utilize State contracts issued by the Division of Purchase and Property (DPP) to allow access to select products or services offered via Federal Supply Schedule or other Federal Procurement Program contracts. Use of these State contracts must be in strict accordance with the provisions of Treasury Circular 18-10-DPP, entitled "Purchases from Federal Supply Schedules or Schedules of Other Federal Procurement Programs," which can be accessed at <http://www.nj.gov/infobank/circular/circindx.htm>. DPP's listing of current, usable State contracts for select products or services offered via a Federal Supply Schedule or other Federal Procurement Program can be accessed via the NJSTART eProcurement website at <https://www.njstart.gov/bsol/>. Within the listing, State contracts based upon a Federal Supply Schedule or other Federal Procurement Program pricing have a "G" as the prefix to a four digit number.
