Chris Christie  
Governor

Kim Guadagno  
Lt. Governor

Raymond P. Martinez  
Chairman and Chief Administrator

TO: All Law Enforcement Officials  
FROM: Raymond P. Martinez, Chairman and Chief Administrator  
DATE: January 29, 2015  
SUBJECT: **Commercial Driver License Medical Certificate Requirements  
(Federal regulation 49 CFR 383.73 and New Jersey regulations  
N.J.A.C. 13:21-23-28(I))**

Federal Motor Carrier Safety Administration (FMCSA) regulation 49 CFR 383.73, and New Jersey regulations, N.J.A.C. 13:21-28(I), require all Commercial Driver License (CDL) holders to submit a self-certification form and medical examiner's certificate, if required, to the New Jersey Motor Vehicle Commission (MVC).

Beginning February 1, 2015, all hard copy medical examiner's certificates issued to CDL drivers by a federally certified medical examiner will only be valid for 15 days after the date of issue. After the 15th day, the medical information must have been entered into and appear in the CDL driver's motor vehicle database record, and the hard copy medical examiner's certificate will no longer be valid. The 15-day period is to allow the MVC time to enter the medical examiner's certificate information into the Commercial Driver's License Information System (CDLIS).

New codes now appear on the National Law Enforcement Telecommunications System (NLETS) and the National Crime Information Center (NCIC) screens to show driver compliance for these requirements. Attached you will find screen prints showing how the new information will appear on NLETS and NCIC. Also attached are screen prints showing how the information will appear using AMM8 direct connection to the MVC system.

Of note is the driver's self-certification status. If the driver's information is listed as Excepted Interstate, or Excepted Intrastate, medical examiner's certificate information is not required unless the driver has a Passenger (P) endorsement on their CDL. If the driver's information is listed as Non-Excepted Interstate or Non-Excepted Intrastate, medical examiner's certificate information must be included and the medical examiner's certificate status field must read "certified." If a driver is not certified, they may not lawfully drive a Commercial Motor Vehicle (CMV). All P endorsement holders must submit a medical examiner's certificate regardless of the type of commerce in which they operate.
