

June 8, 2012

**NOTICE TO LICENSED NEW JERSEY MOTOR VEHICLE DEALERS REGARDING
ELECTRONIC TEMPORARY TAG REGISTRATION**

To All New and Used Vehicle Dealers:

July 1 is fast approaching and on that day, you will no longer be allowed to issue Temporary Registration Tags (Temp Tags) using the old-style paper form. If you haven't already done so, you should register your dealership in the MVC's new eTemp Tag system. You can easily sign up as www.njportal.com/temptags.

When registering, be sure to have handy your dealer license number and the driver license number of a principle/owner handy.

If you need assistance registering, you can contact the Business Licensing Services bureau (BLS) at 609-292-6500 x-5014. Please be sure to have your dealer license number and the driver's license number of one of the dealership owners/principles.

If your dealership's principles/owners do not have a NJ driver license, you must contact Business License Services at the above number for assistance. Please be ready to provide name, social security number, date of birth and driver license number of an owner/principle.

BLS will also be present at the Manheim Auction facility located in Bordentown, New Jersey on June 13, 20 and 27 to offer assistance in registering.

Please note that between now and July 1, you will be able to continue issuing the old-style paper temp tags even if you have registered your dealership in the eTemp Tag system.

The eTemp Tag system is only available to dealers licensed by the State of New Jersey.

You can obtain answers to any questions about the eTemp Tag service by calling the above number or by posting questions using the "Questions Form" found on the NIC website at www.njportal.com/temptags.
