

NEW JERSEY PUBLIC HEALTH, ENVIRONMENTAL & AGRICULTURE LABORATORY

AT NEW JERSEY STATE POLICE DIVISION HEADQUARTERS CAMPUS

SECURITY COMMAND CENTER AND CAMPUS ENTRANCE IMPROVEMENTS

As a sub project to the NJ Public Health, Environmental & Agriculture Laboratory (NJPEAL) on the NJ State Police Division Headquarters Campus (NJSP), the objective of this project will address security upgrades at Cosey Road and Trooper Drive entrances including the purchase of existing building Wilbertha Station located on Trooper Drive that will be used as the main security check point. The roadway entrances will consist of new guard booths, road upgrades, security gate arms, ram barriers, card readers and closed circuit TVs. The existing building will be renovated to house site security guards and will serve as the main building for badging visitors.
