Child Orthodontic Services	Not covered		Not covered		Not covered	

Major Restorative Services

Major Restorative services include those services that restore existing teeth. These services are utilized only if a tooth cannot be restored with an amalgam, acrylic, synthetic porcelain or composite filling restoration. Inlays, onlays and crowns are typical examples of major restorative services. Other Major Restorative services include:

- **Periodontal services** include those services involving the maintenance, reconstruction, regeneration, and treatment of the supporting structures surrounding teeth, including bone, gum tissue and root surfaces.
- **Prosthodontic services** include both removable and fixed dentures (bridges) replacing missing teeth.

*See your SEHBP Retiree Dental Plans Member Handbook for more information on specific tiers.
