# OVERVIEW

---

New Jersey not only has picturesque geographic diversity; proudly it boasts a diverse business sector with nearly half of its small businesses certified as minority, women and veteran-owned. As such, the New Jersey Motion Picture and Television Commission is dedicated to forging working relationships amongst minority, women and veteran-owned business enterprises (MBE/WBE/VOB) and New Jersey's film and television industry to drive media inclusion in the Garden State.

The directory herein will assist your company with connecting to certified local production-related businesses with MBE, WBE or VOB designation. From graphic designers and legal services to catering and cleaning services to makeup artists and video equipment, our local businesses are available to service your next production in New Jersey.
