Comments to the Highlands Council, March 21, 2019

My name is David Shope, I am a harmed Highlands landowner, that is, a Highlander with uncompensated property losses.

This Council has never recognized the concerns of the harmed Highlands landowners as within their duties despite clear wording in the Highlands Act to the contrary.

The harmed Highlands landowners do not have lobby rich with enviromentalist funding, nor any salaried lobbyists such as we see here on the left side of the aisle. The landowners are largely farmers, independent individuals without 401Ks or government guaranteed pensions or expensive lawyers.

A few years ago, Hank Klumpp, Debbie Post and I reached out to landowners whose names and addresses we knew. We requested that they provide us their proxy to speak on their behalf in connection with their property losses and the devastation wrought on them by the Highlands Act.

We received in excess of 80 proxies. In some cases the proxies came with small checks and cheers for our continued efforts. We have provided copies of these proxies to this Council in the past, however, the Council appears to have no institutional memory and now new administrators.

Today I am providing you with hard copies of most of the proxies – there are a few missing – and am requesting that the proxies be made part of the public record of this meeting attached to my submission of my written comments.

Thank you.
Debbie Maxwell

I, as the owner of property located at 331 Highland Avenue, have a financial interest in the proposed "Highlands Act". I am a harmed Highlands Act, and therefore I am an "owner of property located at 331 Highland Avenue, have a financial interest in the proposed "Highlands Act". I am a harmed individual and therefore I am an "owner of property located at 331 Highland Avenue, have a financial interest in the proposed "Highlands Act".

HARMED LANDOWNER, PETITIONER AND PROXY

Remarks submitted at Highlands Council Meeting on March 21, 2019 by David Shope
**Highlands Act causing me financial harm**

I request permission to present this topic at the Highlands Council Meeting.

My name is David Shope, and I am a property owner in Highlands, New Jersey.

I am concerned about the Highlands Clean Water and Greenway Master Plan, which will impact my property.

I support the following individuals as my spokespersons and proxies to represent me at the hearing:

HARMED LANDOWNER: PETITION AND PROXY
Highlands Act causing me financial harm.

The Highlands Clean Water and Preservation Act (the "Highlands Act") has a harmful impact on the Highlands. I am a member of the Highlands Regional Master Plan, the Joint Commission on the Highlands leggings, and other matters related to the Highlands. I support the following individuals as my spokespersons and proxies to represent me at hearings.

Sincerely,

HIGHLANDS LANDOWNER PETITION AND PROXY

[Handwritten note]
Requests to Pass the Highlands Clean Water and Preservation Act (the "Highlands Act") have been harming landowners because my private property and/or business was adversely impacted by the Highlands Clean Water and Preservation Plan. As a property owner and spokesperson, I was told the Passaic County Board of County Commissioners would not hear this petition. I now wish to request that my petition be heard at the May 15, 2019, Highlands Landowner and Proxy Petition hearing.

HARMED LANDOWNER PETITION AND PROXY
I appoint the following individuals as my spokespersons and proxy to represent me, a harmed Highlands landowner, before the New Jersey Highlands Council in connection with the Highlands Regional Master Plan, the Just Compensation Act, the Highlands Clean Water and Preservation Act (the "Highlands Act") and other matters related to the Highlands Act causing me financial harm. (may be terminated at any time by any party in writing)

3. David Shope, 551 Long Valley Road, New Jersey 07933

Highlands Act causing me financial harm.

I hereby petition for the right to become an owner of the property described above, which is adversely impacted by the Highlands Act because my property, which is a harmo, is adversely impacted by the Highlands Clean Water and Preservation Act (the "Highlands Act"). I am a harmo, Highlands Landowner, because the property is not subject to the Highlands Region Master Plan. I am a harmo, as defined by the Highlands Act, and I wish to become an owner of the property described above.

I, David Shope, hereby petition for the right to become an owner of the property described above, which is adversely impacted by the Highlands Act because my property, which is a harmo, is adversely impacted by the Highlands Act. I am a harmo, Highlands Landowner, because the property is not subject to the Highlands Region Master Plan. I am a harmo, as defined by the Highlands Act, and I wish to become an owner of the property described above.

Dear [Recipient's Name],

I am writing to express my concern regarding the potential impact of [Specific City/Development] on [Specific Development/Project] in [Specific Location].

I am a resident of [Your Address] and have observed firsthand the effects of similar developments on our community. I am particularly concerned about the potential for increased traffic, which would not only impact the safety of our streets but also strain the local infrastructure.

I am also concerned about the potential for increased noise pollution, which would not only affect the quality of life for residents but also impact the preservation of [Specific Natural Features/Scenics] that are so important to our community.

I urge the Highlands Council to consider these concerns in its decision-making process. I urge the council to take action to ensure that the development is designed in a manner that minimizes its impact on the community and the environment.

Thank you for your attention to this matter.

Sincerely,

[Your Name]

Highlands Act causing me financial harm.

The Highlands Clean Water and Preservation Act (Highlands Act) is a harmful Highlands Act and a waste of public money. To the best of my knowledge and advice, I have not been involved in any public or private matters related to the Highlands Regional Master Plan. The just compensation due for the regulatory takings of properties is a matter for the court. Details can be found in the following:

HARMEIN LANDOWNER PETITION AND PROXY
Comments to Highland Council – March 21, 2019

My name is Deborah Post, holder of over 80 landowner proxies for whom I speak today.

At the 2019 Agricultural Convention, the farmer community passed a resolution supporting the use of the Municipal Average of NJSA 4:1C-31c in determining the development potential value of easements in lieu of appraisals. The Ag Convention resolution further urged the Highlands Council similarly to adopt the methodology and to work with the SADC in establishing a pilot program in the Highlands utilizing the Municipal Average.

We understand that the Highlands Council staff finds the Municipal Average “too complicated.” Chairman Richko, as a retired math teacher, I ask that you get involved in resolving this complication. The Municipal Average approach is a fifth grade arithmetic problem: If a farmer has 10 buildable lots and the average lot value in the farmer’s town is $50, what is the total value of the farmer’s buildable lots?

The farmers’ buildable lots is found in this Council’s tdr allocation data base and the average lot value per municipality is found in the TDR Technical Report adopted by the this Council with its Regional Master Plan. There is no need to recreate a wheel, nor would it be ethical to do so.

The complexity encountered by your staff is directly related to the pricing of the HDC at a 75% discount to its appraised value. Gee…the valuations aren’t in sync! No big surprise.

There is an old adage: If you don’t have a seat at the dinner table, then you are on the menu. The Highlands landowners have been on the State of New Jersey’s menu for over a decade and are being had for dinner every time an HDC is purchased at what was to have been a momentary IPO in a functioning tdr marketplace that this Council has failed in its mandate to develop.

The landowners need a landowner advocate at the table as the Highlands Council, the SADC, Green Acres and other entities staffed 100% with left leaning environmentalists try to figure out how again to undervalue and cheat the harmed Highlands landowners. I ask you to appoint a Landowner Advocate for this Council.

I also again ask you to pass a resolution endorsing the use of the Municipal Average in the Highlands. Please join the Agricultural Convention’s resolution. Believe it or not, with your active and vocal support, we may finally bring some sharing of the Highlands Act burden and fairness to the New Jersey Highlands.
WHEREAS, the purpose of the Farmland Preservation Program is to preserve the state's agricultural land base, helping to ensure the continued viability of New Jersey's agricultural industry; and

WHEREAS, as of June 30, 2018, 2,591 farms covering 232,500 acres had been permanently preserved statewide, including 156 farms covering 18,311 acres in the Pinelands and 544 farms covering 43,739 acres in the Highlands, which contribute not only to a secure land base for agricultural operations, but also to a host of other quality-of-life benefits, such as an increase in the total number of acres of open space in New Jersey, at both the local and statewide level; and

BE IT FURTHER RESOLVED, that we support the SADC's Farmland Stewardship Deer Fencing Program, which in the first funding round of the pilot program, approved $465,122 in grants on 32 farms to install 35 miles of fencing on approximately 1,776 acres of high-value crops in order to protect them from damage caused by white-tailed deer, whose densities can exceed more than ten times the land's carrying capacity.

BE IT FURTHER RESOLVED, that we support the concepts embodied in pending legislation (A1052/S256) to create farmer alternate voting members on County Agriculture Development Boards.

BE IT FURTHER RESOLVED, that we urge the Highlands Council to develop and adopt a formal methodology to create and define Municipal Averages and their values to be used for the Farmland Preservation Program.

BE IT FURTHER RESOLVED, that we urge the SADC to use the municipal average of the value of the development potential as determined by the Highlands Council in lieu of appraisals when a Highlands easement sale applicant so requests.

BE IT FURTHER RESOLVED, that we request that the Highlands Council and the SADC establish a "Municipal Average Pilot Program" in the Highlands region so that the utilization of Municipal Averages in lieu of appraisals for farmland preservation applicants may be fully evaluated.
