Dear Eileen,

The Town of Clinton is delighted to be among the first municipalities in the Highlands Region to submit Resolutions of Intent to Conform in both the Planning Area and Preservation Area.

The Municipality has submitted certified copies and digital copies of the Resolution directly to your attention at the Highlands Council offices prior to the submission deadline of December 8, 2009.

Please accept this letter as confirmation that these same documents are currently on file with the Highlands Council.

Very Truly Yours,
