Module # 7- Municipal Petitions for Plan Conformance**

BA #2210.02

Dear Ms. Swan:

On behalf of Borough of Wharton, please accept this letter and the enclosed as our completion of the Highlands Basic Plan Conformance. Please note the Borough is located entirely within the Planning Area, thereby making conformance to the Highlands Regional Master Plan a voluntary condition. The Borough to date has not made a decision regarding plan conformance. Therefore, for the completion of this module, we are submitting all the items required per the submission, except the resolution "authorizing submission of the Petition documents, and petitioning the Highlands Council for a determination of Plan Conformance". The municipality has addressed all requirements of Plan Conformance to the best of its ability.
