RE: Model Highlands Element - Passaic County Master Plan

On page 37 of the above, under "Land Preservation and Land Stewardship Plan" a reference to Exhibit AA - mapped inventory of preserved land, needs an amendment to include the County Park known as "Friendship Park" on Glenwild Avenue in Bloomingdale borough (consisting of Block 32 01, Lots 8, 9, 10.01, Block 92 01, Lot 38 01, approximately 36.8 acres recently preserved, as well as Block 32, Lot 22 and Block 92, Lot 182, roughly 8.4 acres previously preserved)

On page 42, "Agriculture Retention/Farmland Preservation Plan" again, a reference to Exhibit DD - mapped inventory of preserved farmland, needs an amendment to include Eden Farms, Union Valley Road, West Milford township, consisting of approximately 6.8 acres (Block 7212, Lot 4 01), which was preserved by the County of Passaic in May 2009.

Please advise if there is any additional information needed for this. Thank you.
