MODULE 7: MUNICIPAL SELF-ASSESSMENT REPORT

MUNICIPAL SELF-ASSESSMENT REPORT

Borough of Bloomingdale, Passaic County

1. **Modules 1 and 2: Highlands Municipal Build-Out Report**

The final Highlands Municipal Build-Out Report and supporting documents and files were prepared by the Highlands Council, provided to the municipality, and posted on the Highlands Council website. The Report may be incorporated by reference in the petition. The Highlands Council is providing these reports, so the status in the MSA Report Checklist is complete except where this report is still in development. If relevant, provide comments in the narrative to supplement the final Report.

Status: Complete.

2. **Module 3: Housing Element and Fair Share Plan**

The Highlands Council has developed a timeline for the preparation and submission of petitions for substantive certification based on the COAH deadline extension of June 8, 2010. At minimum, the December 8, 2009 petition must include the following: a. Summary of Housing Obligations, b. Summary and Consistency Review of Proposed Prior Round Sites, and c. Housing Partnership Program narrative (including proposed participation in the Regional Affordable Housing Development Partnership Program or RAHDPP, where applicable). The Module 3 Instructions provide narrative on these submission requirements. The municipality should provide status comments in the narrative to supplement submission items a. through c. as appropriate. [NOTE: Additional submittals are required as of March 1, 2010 (due: draft Housing Element and Fair Share Plan) and June 8, 2010 (due: final versions of each), resulting in submittal of an adopted Housing Element and completed Fair Share Plan by the latter date.]

Status: The borough will be submitting the data required for the December 8, 2009 deadline.

3. **Module 4: Highlands Environmental Resource Inventory (ERI)**

The requirements for Basic Plan Conformance include supplementing a municipality's existing ERI to include all Highlands resource information (or adopting a new ERI if none exists). The Highlands Council provided a model Highlands ERI along with tabular data, which may be used as either a supplement to an existing municipal ERI or as a stand-alone ERI, where the municipality has not previously adopted one. Please indicate in the narrative below whether the Highlands Model will be incorporated into an existing ERI or Natural Resource Inventory, or will be used as a stand-alone document. For municipalities that have already submitted a draft ERI, please indicate whether Highlands Council staff comments and edits have been addressed in the final draft ERI or if outstanding issues need consideration.

Status: Complete. The borough will be submitting the revised document per NJ Highlands instruction for the December 8, 2009 petition deadline.

4. **Module 5: Highlands Element of Municipal Master Plan**

The requirements for Basic Plan Conformance include revisions to municipal master plans that will bring them into alignment with the Highlands RMP. The Highlands Council provided a Model Municipal Master Plan "Highlands Element" to assist municipalities in addressing the mandatory master plan requirements necessary to achieve Basic Plan Conformance. The Highlands Element is

intended to be used as a supplement to existing municipal master plans for application to land use and development in that portion of the municipality for which Plan Conformance is sought. Each section of the Highlands Element is referenced below, and it is noted in the narrative if requirements are for Basic or Full Plan Conformance. For municipalities that have already submitted a draft Highlands Element, please indicate whether Highlands Council staff comments and edits have been addressed in the final draft Highlands Element or if outstanding issues need consideration. **[NOTE: Under 4.a through 4.l below, where an item is listed as a “Basic Plan Conformance requirement” all of the necessary information has already been provided to the municipality as part of the Model Highlands Element prepared by the Highlands Council. Inclusion of the text in the draft municipal Highlands Element submitted with the petition constitutes completion of the requirement.]**
