This Plan will be altered over time, to reflect the county's progress toward implementing Plan Conformance activities and to address funding and implementation tasks that carry forward into future years. All such changes will involve a collaborative effort and agreement between the county and the Highlands Council. It is anticipated that any Highlands Council Resolution of Approval will delegate to the Executive Director authority to modify deadlines for completion, which would occur in consultation with the county. *Somerset County has decided to not seek reimbursement at this time via the Highlands Plan Conformance Grant Program for the preparation of the Petition materials. **No timeframe will be considered to have begun, however, until the County has been provided the tools (including grant funding) with which to accomplish each component of the Plan Conformance program.
