PROGRAM ANNOUNCEMENT

THE SPILL ACT: FROM DRIPS TO DISCHARGES

**October 10, 2014
10:00 a.m. to 11:00 a.m.
124 Halsey Street
7th Floor, Monmouth Conference Room,
Newark, New Jersey**

Program Summary

This presentation will examine the causation requirements faced by the State under the Spill Compensation and Control Act in light of the Supreme Court's 2012 decision in NJDEP v. Dimant. We will look at the underlying facts of that matter and the Supreme Court's holding, focusing on what is the causation requirement on a party such as NJDEP when it seeks to hold dischargers liable for cleanup and removal costs. The case has been often cited since its decision by Spill Act public and private practitioners, as it is one of the recent major decisions interpreting the Spill Act, and has implications on the protection of the environment and the recovery of public funds used to address contaminated sites.
