PROGRAM ANNOUNCEMENT

PRIVACY LAW & ENFORCEMENT

January 26, 2015
124 Halsey Street/Room 10 C
Newark, New Jersey
12:30 p.m.-1:30 p.m.

Program Summary

In the age of the Internet, the easy collection, rapid transfer, and frequent sale of consumer information is often at odds with individuals' right to privacy, or "the right to be left alone." With few exceptions, the collection and exchange of consumer information remains largely unregulated, and law enforcement consists of a patch work of State and Federal authorities. This presentation will provide an overview of the various categories of privacy, including information privacy, outline several regulated "sectors", highlight important federal and state enforcement actions, and compare and contrast the approach to privacy in the United States with other countries. This course is designed for attorneys within the Affirmative Civil Enforcement Practice Group of the Division of Law.

Who Should Attend?

This program is intended solely for the Affirmative Civil Enforcement (ACE) practice group attorneys and volunteer attorneys. ***Please do not attempt to register for this program if you are not part of this practice group.***
