Program Summary

This presentation will provide a general overview of the pre-trial motion practice typically encountered by New Jersey prosecutors in State trial courts. The discussion will cover the various types and purposes of pre-trial motions commonly filed by both the prosecution and defense, from dismissal and severance motions to those concerning various suppression and preclusion issues. It will also address applicable case law and governing court and evidentiary rules, statutes and practice guides.

Who Should Attend?

This program is designed for prosecutors who have not yet tried a criminal case or who have minimal criminal trial experience. However, it is open to all government attorneys.
