Program Summary

This presentation will provide a framework for reviewing, drafting or revising a written agreement for State entity clients. It will focus on how to “lawyer” an agreement for an agency client, including ways to improve the client’s ability to maximize the benefits of a written agreement and to protect the client from the risks that can arise from a written agreement. Benefits include ensuring that the client actually receives what it wants and needs from the other party to an agreement so the client can pursue its public policy and statutory missions. Risks include breach of contract (by either party), disagreement between the parties as to what the written agreement means, confidentiality breaches, audit risks and many others. This presentation is designed for attorneys of all experience levels, including newer attorneys and those with limited experience representing public entities.

Who Should Attend?

This program is mandatory for Division of Law Deputy Attorneys General hired in 2017 and 2018 who have not previously completed the Basic Civil and Administrative Practice series of courses. Other LPS deputies and agency attorneys who handle contracting are welcome to attend, space permitting.
