INTERACTIVE WEBINAR

Program Summary

This program will continue the challenging and often difficult conversation on the issues of race equity and elimination of bias, particularly in the context of the work handled by DCF Practice Group deputies. The program will provide DCF DAsG with the opportunity to discuss race equity issues with their colleagues, focusing on their work as deputies, rather than looking at their function as systems partners or examining issues related to their cross systems colleagues. It will provide a cohesive and seamless transition from the statewide training and Long Term Change Goal Planning provided by the Administrative Office of the Courts for all court partners.

Eligibility

Registration for this program is limited to Assistant and Deputy Attorneys General in the Division of Law's DCF practice group. Registrants will receive the course materials prior to the program date.

He has conducted RELE sessions in New Jersey for the Administrative Office of the Courts, the New Jersey Office of the Public Defender, the Office of Parental Representation and the Office of Law Guardian and nationally for child welfare and

juvenile justice agencies, judges, law enforcement agencies, mental health providers, school districts and private companies.
