WEBINAR

Program Summary

The Attorney General provides year-round representation to 21 county boards of elections and 9 county superintendents of elections. On the days of the primary and general elections, as well as during the early voting periods preceding each of those elections, deputy attorneys general throughout the Division of Law are assigned to county boards and superintendents of elections to provide legal advice as questions arise, and to appear in court on behalf of county election officials. Deputies usually report to county election officials’ offices for in-person representation, but may also represent election officials by virtual appearance.

This program will familiarize deputies with the election process, including the clients they represent when assigned to election duty, the legal responsibilities and powers of those clients, what a deputy should expect when representing their county elections clients during election duty, and the duties and responsibilities of deputies during early voting and on election days.

Eligibility

This program is mandatory for Division of Law Deputy Attorneys General hired after April 2022 who have not previously completed the Basic Civil and Administrative Practice (BCAP) series of courses. DOL deputies who are required to take this program must register for all BCAP sessions.

Other Division of Law deputies are welcome to attend this program. Registrants will receive the course materials prior to the program date.
