These files are provided to assist in setting up off-site and county PC's legally using State provided applications.   Please refer to the documentation you received for specific directions for your install.

Please remember to set a restore point prior to installing or removing any software. These directions were written assuming Windows XP; you may need to configure them to work with your operating system.

(1)   msjavx86.exe (build 3805)
(2)   msjavx86WU_8.... (upgrade 3810)
(3)   Java 6_7.exe

　　　　To use the NetLet feature, you must install an older version of Java (java 6_7) Additionally, you may need to remove higher versions of Java that have been previously installed.

(4)   mstsc.exe
(5)   mstscax.dll

To use the Remote Terminal Server, we have included the necessary versions of the needed files.   Your PC may have higher versions that will not work with the State connection, but they do not need to be removed

More detailed steps are outlined in the documentation emailed to your office.

For problems with these files, contact the Help Desk at 609-984-3966 or email MECMS-Help@njdcj.org.
