**Administrator Cunningham asked Commissioner Sharrock to report on the business of the Standards Committee.**

1. Commissioner Sharrock indicated that **Agenda Item 5A** was Professional Policing for the Law Enforcement Officer

Administrator Cunningham proposed an Instructional Unit on Professional Policing,

which will replace the Active Bystander Instructional Unit in all Basic Law Enforcement Course. This will create sustainability of the concepts inherent in law enforcement. As discussed this has been an ongoing project for many months, and covers essential skills needed for the law enforcement professional.

The course underscores that ethical policing extends beyond tactics-it requires self-awareness, knowledge of policies, peer accountability, and a commitment to community trust. Whether on patrol or off-duty, officers are always representatives of law enforcement and must act with integrity, professionalism, and sound judgment. These principles are essential to maintaining public trust, reducing risk, and ensuring effective, ethical policing in all circumstances.

In addition, there will be a planned Train the Trainer component prior to any rollout of the concepts.

A presentation from Carmen Rabottino, PTC Curriculum Unit, was given to the commissioners explaining the Professional Policing for Law Enforcement.

Commissioner Sharrock, on behalf of the Standards Committee, moved and seconded a motion to approve Agenda 5A. The motion carried.

2. Commissioner Sharrock indicated that **Agenda Item 5B** was Behavioral Crisis Intervention and De-Escalation.

Administrator Cunningham proposed Instructional Unit on Behavioral Crisis Intervention and De-Escalation, which will replace Integrated Tactics and Communication, as well as, Crisis Intervention in all Basic Law Enforcement Course. The course will give law enforcement officers the techniques needed to identify and communicate effectively with individuals experiencing a crisis, while coordinating with other officers and professionals to create best outcomes for all involved. The addition of the Instructional Unit will add sustainability to an important component of law enforcement training.

In addition, there will be a planned Train the Trainer component prior to any rollout of the concepts.

Commissioner Colucci made a motion, on the behalf of the Standards Committee, requesting to table Agenda Item 5B until the August 2025 meeting. Motion carried.

3. Commissioner Sharrock indicated that **Agenda Item 5C** was Criminal Justice Reform

The Commission was recently contacted by Judge Ernest M. Caposela, who is currently serving a recall assignment for the New Jersey Judiciary. Judge Caposeal is assigned on a statewide basis to the Criminal Division of the Superior Court of New Jersey “to assist in the ongoing implementation, maintenance, and improvement of Criminal Justice

Reform.” Judge Caposela submitted a PowerPoint, dated August 2023, that was designed for law enforcement, detailing the Basic Concepts of Criminal Justice Reform.

Administrator Cunningham asked DAG Marie McGovern, Deputy Chief of Curriculum Development, to review the material for inclusion in basic law enforcement courses.

Below is an overview prepared by DAG McGovern for your review and consideration.

Included in Instructional block Instructional Unit 3.3 – Legal Requirements and

Procedures of Lawful Arrest (formerly Functional Area 12.3) Law Enforcement Recruits are instructed on the Complaint Summons/Warrant process and procedure.

In that block, recruits are provided:

- A review of probable cause as the basis for an arrest with or without an arrest warrant
- The differences between a Complaint Summons and a Complaint Warrant
- Instruction on the Court Rules and Directives governing the use of a Complaint Summons or a Complaint Warrant,
  - including, but not limited to:
    - Eligible and non-eligible defendants
    - Statutes for which a complaint warrant is authorized.
    - The presumption against a complaint warrant
- Reasons why a defendant may be placed on a complaint warrant, not a summons
- Assessment of whether the defendant requires monitoring or conditions, even though a summons is presumed?
- Determination of Complaint-Warrant if continued monitoring is needed.
- Determination of Complaint Summons if continued monitoring is not required.
- The two different paths once a complaint summons or a complaint warrant issues.
- The PSA – Public Safety Assessment
- Who may issue a complaint warrant?
- The Pre-Trial Services Program
- Detention Hearings and Process for Pre-Trial Detention
- Crimes eligible for detention
- Basic differences between the “old” system and the bail reform system

Based on a review of the materials provided by the Administrative Office of the Courts and instruction given to Judges and Court Staff, the current instructional block (FA 12.3), and the on-going revision and review of the Basic Course for Police Officers, the instructional block for Legal Arrest for Instructional Unit 3.3 can be simplified, modified, and adjusted to better fit the needs of new law enforcement officers. Instructional Unit 3.3 will be modified and adjusted to instruct law enforcement recruits with a more concise, clear, and effective overview of the Complaint Summons/Warrant Process and Procedure and how the use of a Summons or Warrant determines the path for which a case will advance pre-trial/pre-resolution. The Revision to Instructional Unit 3.3 will take into consideration what has been previously included In FA 12.3 as well as the materials provided by Judge Caposela.

Based on the above review completed by DAG Marie McGovern, the Current Course material will be modified and updated to include the concepts submitted by Judge

On April 22, 2025, Administrator Cunningham received written correspondence (attached) from Ronald Charles, Director, Essex County Department of Corrections, concerning the above referenced officers. Director Charles detailed that the officers have been suspended without pay from the agency in excess of three years, and what training would be required, once cleared to return from suspension. A review of their PTC Records indicated that Nicholas Palma was suspended on July 26, 2021, pending federal criminal charges.
