NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

1. Basis of Presentation and Consolidation

RIH Acquisitions NJ, LLC, a New Jersey limited liability company (the “Company”), owns and operates The Atlantic Club Casino Hotel located in Atlantic City, NJ (“ACCH”), formerly the Atlantic City Hilton (“ACH”). The Company is a wholly owned subsidiary of Resorts International Holdings, LLC; a Delaware limited liability company (“RIH”). The Company’s operations commenced on April 26, 2005.

On April 26, 2005, RIH acquired most of the assets and assumed certain liabilities of four casino properties, including the Atlantic City Hilton (“ACH”), from Caesars Entertainment Inc. and Harrah’s Entertainment Inc. (the “Acquisition”). The debt incurred to finance the Acquisition (the “Term Loans”) was carried on the balance sheet of RIH and was not allocated to the Company. The assets acquired and liabilities assumed of the Atlantic City Hilton as a result of the Acquisition were recorded, via a capital contribution, on the balance sheet of the Company. The Acquisition was accounted for using the purchase method of accounting, and accordingly, the aggregate purchase price, including transaction fees and expenses, was allocated based on the estimated fair value of the assets acquired and the liabilities assumed.

RIH and its wholly-owned subsidiaries (the “Borrowers”) entered into a loan agreement with JPMorgan Chase Bank (“JPMorgan”) (the “Loan”). In conjunction with the refinancing in October 2006, RIH Propco NJ, LLC (“Propco”) was formed on October 11, 2006. Propco, a wholly-owned subsidiary of the Company, holds all of the real estate associated with ACCH, as well as its non-gaming furniture, fixtures and equipment. The Company leased these assets from Propco for an amount that will cover the debt service under ACCH’s allocation of the Loan.

The accompanying consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, Propco. All material intercompany balances and transactions have been eliminated in consolidation.

In 2011, RIH’s license agreement for use of the Hilton name was not renewed. As such, ACH had until December 31, 2011 to remove the Hilton name on all areas of the property and promotions. Subsequently, on March 13, 2012, ACH was renamed The Atlantic Club Casino Hotel.

On December 21, 2012, Resorts International Holdings (“Seller”) entered into a Membership Interest Purchase Agreement (the “Agreement”) with Rational Group US Holdings Inc. and Oldford Group Limited (collectively, the “Buyer”). Pursuant to the Agreement, at closing, Buyer would have acquired 100% of the outstanding membership interests of RIH Acquisitions NJ, LLC. During late 2012 and early 2013, the Buyer advanced \$11.0 million to ACCH for the on-going operations of the Company which has been reported in Other Current Liabilities on the accompanying balance sheet. The closing of the transaction was subject to the satisfaction of certain conditions, including receipt of approvals from New Jersey regulatory authorities and other customary closing conditions. The Agreement was terminated by the Sellers in accordance with its terms on April 27, 2013. On May 6, 2013, the Buyer filed suit against Seller to prevent the termination of its acquisition deal and was granted a temporary restraining order preventing the Company from entering into negotiations with other potential buyers. The temporary restraining order was lifted by the court in a hearing on May 17, 2013. The Buyer later amended its claims to cease pursuing equitable remedies.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

RIH ACQUISITIONS NJ, LLC (THE ATLANTIC CLUB CASINO HOTEL)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (continued)

Cash Equivalents

Short-term money market securities purchased with original maturities of three months or less are considered to be cash equivalents. The carrying value of cash equivalents approximates fair value due to the short-term maturity of these instruments.

Allowance for Accounts Receivable

Allowances for doubtful accounts arising from casino, hotel and other services, are based upon a specific review of certain outstanding receivables. In determining the amounts of the allowances, certain estimates and assumptions are made, and actual results may differ from those assumptions.

Inventories

Inventories of provisions, supplies and spare parts are valued at the lower of cost (first-in, first-out) or market.

Property and Equipment

Property and equipment are stated at cost and are depreciated over their estimated useful lives reported below using the straight-line method.

Hotels and other buildings	20 – 40 years
Furniture fixtures and equipment	2 – 7 years

The provisions of ASC Topic 360- “Property, Plant and Equipment” (“ASC 360”) require, among other things, that an entity review its long-lived assets and certain intangibles for impairment whenever changes in circumstances indicate that the carrying amount of an asset may not be fully recoverable. ASC 360 requires an impairment loss to be recognized only if the carrying amounts of long-lived assets to be held and used are not recoverable from their expected undiscounted future cash flows. See Note 3 “Asset Impairments.”

Income Taxes

The Company has elected to be treated as a partnership for federal income tax purposes; therefore, no provision or benefit for federal income taxes for the six months ended June 30, 2013 and 2012 has been recorded. New Jersey state income taxes have been calculated under an alternative minimum assessment of a percentage of gross revenues.

Revenue Recognition

Gaming revenue is recorded as the net win from gaming activities, which represents the difference between amounts wagered and amounts won by patrons. Revenues from hotel and related services and from theater ticket sales are recognized at the time the related service is performed.

Self Insured Health Insurance

The Company provides medical coverage for its non-union employees under a self-insured medical plan up to a maximum of \$275,000 per year for each insured person. Amounts in excess of these thresholds are covered by the Company’s insurance programs subject to customary policy limits.

RIH ACQUISITIONS NJ, LLC (THE ATLANTIC CLUB CASINO HOTEL)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (continued)

Promotional Allowances

The retail value of hotel accommodations, food, beverage, and other services provided to customers without charge is included in gross revenues and deducted as promotional allowances.

Cash discounts based upon a negotiated amount with each customer are recognized as a promotional allowance on the date the related revenues are recorded. Cash back awards given to a customer based upon earning points for future awards are accrued as the customer earns the points. The amount is recorded as a promotional allowance in the statement of operations. When estimating the amount of the accrual, the company calculates a redemption rate based on historical redemption rates.

The Company offers other incentive programs. These are gifts and other promotional items, the type and distribution of which is determined by management. Since these awards are not cash awards, the Company records them as gaming expenses in the statement of operations. Such amounts are expensed on the date the award can be utilized by the customer.

Fair Value of Financial Instruments

The carrying values of cash and cash equivalents are reasonable estimates of fair values because of the short term maturities of these investments. CRDA Deposits, bonds, and other investments are stated net of a valuation allowance reflecting the below-market interest rates associated with these investments; therefore the carrying values approximate their fair values. The carrying value of long-term debt approximates its fair value.

Advertising

The Company expenses direct-response advertising at the time of the event. Costs associated with mailings for future promotions are included in prepaid expenses on the Company's Balance Sheet. The Company expenses all other advertising costs as incurred.

3. Asset Impairments

Long-Lived Assets

In accordance with Section 10-15, Impairment or Disposal of Long Lived Assets, in ASC Topic 360, Property, Plant and Equipment, the Company reviews carrying value of long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of the asset may not be recoverable. If an indicator of impairment exists, the Company compares the estimated future cash flows of the asset, on an undiscounted basis, to the carrying value of the asset. If the undiscounted cash flows exceed the carrying value, no impairment is indicated. If the undiscounted cash flows do not exceed the carrying value, then impairment is measured as the difference between fair value and carrying value, with fair value typically based on a discounted cash flow model.

As of December 31, 2012, the Company recorded a non-cash impairment charge in the amount of approximately \$16.2 million which was allocated to its land, building, furniture, fixtures and equipment.

The New Jersey Casino Control Act, as amended, requires The Atlantic Club to purchase bonds issued by the Casino Reinvestment Development Authority (“CRDA”) or make other investments authorized by the CRDA, in an amount equal to 1.25% of RIH’s gross gaming revenue, as defined.

The CRDA bonds have interest rates ranging from 2.6% to 7.0% and have repayment terms of between 20 and 50 years. The Atlantic Club records charges to expense to reflect the below-market interest rate payable on the bonds it may have to purchase to fulfill its investment obligation at the date the obligation arises.

The charges for the six months ended June 30, 2013 and 2012 for discounts on obligations arising in that period were \$290,000 and \$244,000, respectively.

From time to time, The Atlantic Club has donated certain funds it has had on deposit with the CRDA in return for either relief from its obligation to purchase CRDA bonds or credits against future CRDA deposits. At June 30, 2013, ACCH owned \$12.2 million face value of bonds, issued by the CRDA and had \$2.8 million on deposit with the CRDA. The majority of the Company’s deposits have been pledged for specific projects.

New Jersey state income taxes have been calculated under an alternative minimum assessment of a percentage of gross revenues (“NJAMA”).

Union Employees

Approximately 45% of the Company's employees are represented by labor unions. The contract for the largest labor union, representing approximately 41% of the Company's total workforce, expired in September 2011. A new agreement was reached effective on March 5, 2012 thru September 14, 2014.

Atlantic City Tourism District

In February 2011, as part of the State of New Jersey's plan to revitalize Atlantic City's casino and tourism industries, a law was enacted requiring the creation of a tourism district (the "Tourism District") to be administered and managed by the CRDA. The Tourism District includes each of the Atlantic City casino properties, along with certain other tourism related areas of Atlantic City. The law requires, among other things, the creation of a public-private partnership between the CRDA and a private entity that represents existing and future casino licensees. The private entity, known as The Atlantic City Alliance (the "ACA"), was established in the form of a not-for-profit corporation, of which the Company is a member. The public-private partnership established between the ACA and the CRDA is for an initial term of five years. Its general purpose is to revitalize and market the Tourism District. The law requires that a \$5 million contribution be made to this effort by all casinos prior to 2012, followed by an annual amount of \$30 million to be contributed by the casinos commencing January 1, 2012 for a term of five years. Each casino's portion of the annual contributions will equate to the percentage representing its gross gaming revenue for the prior calendar year compared to the aggregate gross gaming revenues for that period for all casinos. During the six months ended June 30, 2013 and 2012, the Company recognized \$724,000 and \$603,000, respectively, related to its portion of the \$30 million contribution.

Environmental Matters

An independent environmental consultant performed a Phase I environment site assessment in accordance with American Society for Testing and Materials standards on the Atlantic City Hilton property dated November 18, 2004. In August 2004, the New Jersey Department of Environmental Protection, or the NJDEP, inspected the onsite BP Service Station which resulted in the detection of volatile organic compounds in excess of applicable regulatory standards. The Phase I report notes that this matter remains open and the future action is subject to regulatory agency requirements. At the location of a former high school building onsite, contaminated soils and groundwater associated with the removal of an underground storage tank were identified. The Phase I report notes that this contamination may extend beneath a public right-of-way. In addition, site impacts still remain from several underground storage tanks. The Company expects to manage these environmental conditions with the completion of additional site investigations and approval of remedial action work plans from the NJDEP. There can be no assurance, however, that the remedial activity for the Atlantic City Hilton property will not exceed the Company's estimates based upon the current limited available site information. The former high school site was one of the parcels of land sold by the Company in November 2006; under the terms of the sale, the Company was required to deposit \$500,000 from the sale price in an escrow account to be used for future clean-up costs of the site. As of June 30, 2013, \$271,000 has been utilized for the clean-up.

On July 21, 2005, an oil pipeline ruptured at the Atlantic City Hilton which resulted in an oil-spill. The Company is in the process of resolving the issue in accordance with NJDEP and U.S. Environmental Protection Agency guidelines. At this time, the Company has no indication that surrounding areas of other properties sustained any damage. The estimated cost to remediate the issue of \$371,000 is reflected in the accompanying balance sheets.

Licensing

On April 18, 2007, the New Jersey Casino Control Commission (the "NJCCC") granted the Company a license to operate ACCH, subject to certain conditions and on-going review.
