DGMB CASINO, LLC
NOTES TO FINANCIAL STATEMENTS
(Unaudited)

1. Basis of Presentation

The accompanying financial statements have been prepared in accordance with the rules and regulations of the New Jersey Division of Gaming Enforcement (“DGE”) and include the accounts of DGMB Casino, LLC (the “Company”), a New Jersey limited liability company that was formed on August 30, 2010. The Company currently owns and operates Resorts Casino Hotel (“Resorts”). Resorts is a casino hotel operating in Atlantic City, New Jersey. The Company is wholly owned by DGMB Casino Holding, LLC (“Holding”), a Delaware limited liability company, through a 99.5% direct ownership and a .5 % indirect ownership through DGMB Casino SPE Corp. (“SPE”), a Delaware corporation, which is the managing member of the Company. On October 1, 2012, Holding admitted MGA Gaming NJ, LLC (MGA), a New Jersey limited liability company, as a non-managing member of Holding and 10% owner. MGA then entered into a management agreement for the management of the Company.

2. Summary of Significant Accounting Policies

Cash and Cash Equivalents

Cash and cash equivalents include cash in the bank and cash on the casino floor, which are all unrestricted. As of June 30, 2018, amounts held in financial institutions were in excess of FDIC insurance limits

Receivables

Receivables consist primarily of casino, hotel, related party and other receivables. Accounts receivables are non-interest bearing and are initially recorded at cost.

Allowance for Doubtful Accounts

The Company reserves an estimated amount for receivables that may not be collected. The methodology for estimating the allowance includes using specific reserves and applying various percentages to aged receivables. Historical collection rates are considered, as are customer relationships, in determining specific allowances. As with many estimates, management must make judgments about potential actions by third parties in establishing and evaluating the allowance for doubtful accounts.

Inventories

Inventories, which consist primarily of food, beverage, and operating supplies, are stated at the lower of average cost and net realizable value.

Property and Equipment

Property and Equipment have been recorded at their estimated fair values and useful lives based on the application of purchase accounting in 2010. Additions to land, building, and equipment since the date of acquisition are stated at cost.

The Company capitalizes the costs of improvements that extend the life of the asset and expenses maintenance and repair costs as incurred. Gains or losses on the dispositions of land, buildings or equipment are included in the determination of income.

Depreciation and amortization is provided using the straight-line method over the shorter of the estimated useful life of the asset or the related lease term, as follows:

Asset Class	Useful Life
Building and improvements	35-40 years
Furniture, fixtures, and equipment	3-7 years

The Company reviews the carrying value of property and equipment for impairment whenever events and changes in circumstances indicate that the carrying value of an asset may not be recoverable from the estimated

DGMB CASINO, LLC
NOTES TO FINANCIAL STATEMENTS
(Unaudited)

future cash flows expected to result from its use and eventual disposition. If undiscounted expected future cash flows were less than the carrying value, an impairment loss would be recognized equal to an amount by which the carrying value exceeds the fair value of the asset. The factors considered by the Company in performing this assessment include current operating results, trends and prospects, as well as the effect of obsolescence, demand, competition and other economic factors. No impairment of land, buildings, and equipment has been recognized.

Intangible Assets

Intangible assets, included in other assets in the accompany balance sheets, includes a trade name. The trade name is considered an indefinite-lived intangible asset, is not subject to amortization, but instead is subject to an annual impairment test using the relief-from-royalty method. We perform assessments for impairment of trade name more frequently if impairment indicators exist. If the fair value of an indefinite-lived intangible asset is less than its carrying amount, an impairment loss is recognized equal to the difference. No impairment of intangible assets has been recognized.

Revenue Recognition

Casino revenues are measured by the aggregate net difference between gaming wins and losses, with liabilities recognized for funds deposited by customers before gaming play occurs and for chips in the customers' possession. Jackpots are recognized at the time they are won by customers. Accommodations, food and beverage and other revenues are recognized when services are performed.

Cash discounts based upon a negotiated amount with each customer are recognized as a reduction in revenue on the date the related revenues are recorded. The Company offers other incentive programs. These are gifts and other promotional items, the type and distribution of which is determined by management. Since these awards are not cash awards, the Company records them as gaming expenses in the statements of income. Such amounts are expensed on the date the award can be utilized by the customer.

Cashback Liability

The Company provides incentives to its casino customers, based on levels of gaming activity, through its "Cash Back" marketing program. The incentives are in the form of points, which may be redeemed for wagers on slot machines. The Company estimates a liability for outstanding "Cash Back" incentives (those incentives which have been earned, but not redeemed by the customer), adjusted for an estimated redemption factor based on historical results. The ultimate redemption amount resulting from this marketing program could vary from the estimated liability based on actual redemption activity. The amount is recorded as a reduction in revenue in the statements of income. At June 30, 2018 and 2017, the "Cash Back" liability was \$171,000 and \$131,000, respectively and is included in other accrued expenses in the accompanying balance sheets.

Bankable Complimentaries

The Company customer loyalty program offers incentives to gaming customers at Resorts. Under the program, customers are able to accumulate, or bank, comp dollars over time that they may redeem at their discretion under the terms of the program. The comp dollars balance will be forfeited if the customer does not use their player card and earn points over a designated period from the time they were first earned. Because of the customer's ability to bank the comp dollars, the Company accrues the expense of the comp dollars as they are earned, after consideration of estimated breakage for points that will not be redeemed. The estimated cost to provide comp dollars is included in casino expense on the Company's statements of income. To arrive at the estimated cost associated with comp dollars, estimates and assumptions are made regarding the marginal costs of the benefits provided, breakage rates and the mix of goods and services for which comp dollars will be redeemed. At June 30, 2018 and 2017, the bankable complimentary liability was \$1.8 million and \$1.6 million, respectively and is included in other accrued expenses in the accompanying balance sheets.

Fair Value of Financial Instruments

The fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties. The carrying amount of receivables and all current liabilities approximates fair value due to their short-term nature. The carrying amount of the note payable approximates fair value as the interest rate is variable and the Company's credit worthiness has not changed since issuing such note.

NOTES TO FINANCIAL STATEMENTS
(Unaudited)

Advertising

Advertising costs are expensed as incurred. Advertising expenses were \$1.2 million and \$1.2 million for the three months ended June 30, 2018 and 2017, respectively, and \$2.3 million and \$2.2 million for the six months ended June 30, 2018 and 2017, respectively. Advertising expenses are included in general, administrative and other expenses in the accompanying statements of income.

Gaming Tax

The Company remits to the State of New Jersey a tax equal to 8% of gross gaming revenue. Gaming tax expense was \$3.5 million and \$3.3 million for the three months ended June 30, 2018 and 2017, respectively, and \$6.3 million and \$6.4 million for the six months ended June 30, 2018 and 2017, respectively. Gaming tax is included in casino expenses in the accompanying statements of income.

Income Taxes

The Company is treated as a partnership for federal income tax purposes; therefore, federal income taxes are the responsibility of Holding and SPE. In New Jersey, casino partnerships are subject to state income taxes under the Casino Control Act; therefore, the Company is required to record New Jersey state income taxes.

Deferred tax assets and liabilities represent the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of a change in existing tax rates is recognized as an increase or decrease to the tax provision in the period that includes the enactment date. The Company recognizes interest and penalties accrued related to unrecognized tax benefits in the provision for income taxes.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States ("GAAP") requires that the Company make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

Omitted Disclosures

In accordance with the DGE Financial Reporting guidelines the Company has elected not to include certain disclosures that were made in the December 31, 2017 report. Accordingly, the following disclosures have been omitted: certain Multiemployer Benefit Plans, certain Income Tax disclosures, and Leases.

5. Investments, Advances and Receivables

The New Jersey Casino Control Act provides, among other things, for an assessment of licensee equal to 1.25% of the Company's gross gaming revenues in lieu of an investment alternative tax equal to 2.5% of gross gaming revenues. Prior to 2017, the Company was able to satisfy this investment obligation by investing in qualified eligible direct investments, by making qualified contributions or by depositing funds with the Casino Reinvestments Development Authority ("CRDA"). Funds deposited with the CRDA were able to be used to purchase bonds designated by the CRDA or, under certain circumstances, direct investments in approved CRDA projects could be donated to the CRDA in exchange for credits against future CRDA investment obligations. CRDA bonds have terms up to 50 years and bear interest at below-market rate.

Components of investments, advances and receivables were as follows at June 30, (in thousands):

	<u>2018</u>	<u>2017</u>
Deposits — net of valuation allowance for \$1,138 and \$966, respectively	\$ 592	\$ 451
CRDA Bonds — net of valuation allowance for \$7,850 and \$7,850, respectively	482	648
	<u>\$ 1,074</u>	<u>\$ 1,099</u>

The Company records expense to operations to reflect the estimated net realizable value of its CRDA investment. Such expenses to operations were \$205,000 and \$192,000 for the three months ended June 30, 2018 and 2017, respectively, and \$365,000 and \$520,000 for the six months ended June 30, 2018 and 2017, respectively. CRDA expense is included in other income (expense) in the accompanying statements of income.

The funds on deposits are held in an interest-bearing account by the CRDA. If CRDA Bonds are issued, we have concluded that the bonds are classified as held-to-maturity since the Company has the ability and the intent to hold these bonds to maturity and under the CRDA, the Company is not permitted to do otherwise. As such, the CRDA Bonds are measured at amortized cost. As there is no market for the CRDA Bonds, their fair value could only be determined based on unobservable inputs. Such inputs are limited to the historical carrying value of the CRDA Bonds that are reduced, consistent with industry practice, by 1/3 of their face value at the time of issuance to represent fair value.

After the initial determination of fair value, the Company analyzes the recoverability of the CRDA Bonds on a quarterly basis and its effect on reported amount based upon the ability and likelihood of bonds to be repaid. When considering recoverability of the CRDA Bonds, the Company considers the relative credit-worthiness of each borrower, historical collection experience and other information received from the CRDA. If indications exist that the amount expected to be recovered is less than its carrying value, the asset will be written down to its expected realizable amount.

On May 27, 2016, the New Jersey legislature enacted Senate Bill S1715 which implements a Payment in Lieu of Taxes Program (“the PILOT”). Beginning calendar year 2017, casino property owners will fulfill their financial obligations to all local governments serving Atlantic City thereby exempting casino gaming properties from ad valorem property taxation by the City of Atlantic City. The PILOT will have an impact on, among other things, the disposition of future CRDA payments by reallocating the majority of casino investment alternative tax (IAT) receipts collected by the CRDA to Atlantic City for the purpose of paying debt service on municipal bonds issued prior to the effective date of the Bill until December 31, 2026. IAT revenues pledged for the payment of bonds issued by the CRDA, or any bonds issued to refund those bonds, or otherwise contractually obligated by the CRDA prior to the effective date of the bill, are excluded from the reallocation. As a result of the PILOT, any CRDA contributions not previously committed by the CRDA will be expensed.

In October, 2014, the Company applied to CRDA for financial assistance in the form of a direct investment grant in the amount of \$9.4 million for the construction of an approximately 12,533 square foot meeting space expansion project (“Meeting Space Component”) with an estimated budget of \$4.7 million and renovation of 310 bathrooms (“Hotel Room Component”), also with an estimated budget of \$4.7 million, which application was approved by CRDA in December, 2014. In or about March, 2015 the Company requested modification to the project to allow the Company to forgo proceeding with the Hotel Room Component unless future Investment Alternative Tax revenues are available to the Company to fund the Hotel Room Component as contemplated by the original application. The Meeting Space Component was completed in August 2015 and the Hotel Room Component was completed in April 2018.

Commitments

All the Atlantic City casino properties (“AC Industry”) and the CRDA were required by law to enter into an agreement with the Atlantic City Alliance (the “ACA”) to provide funding to subsidize Atlantic City casino marketing. This agreement was signed on November 2, 2011 and expired on December 31, 2016. The agreement provided that in exchange for funding the ACA would create and implement a marketing plan for the AC Industry. As part of the agreement, the AC Industry provided an initial deposit of \$5.0 million as of December 31, 2011 and was required to continue to pay \$30.0 million annually for the term of the agreement. Each payment was allocated to the AC Industry based on each casino’s prorated share of gross gaming revenues from the preceding period. In November 2014, the ACA board voted unanimously to request the state legislature to disband the ACA in light of then pending legislation to divert the Industry’s combined \$30.0 million yearly ACA contributions to fund a portion of the city’s budget in addition to the PILOT payments required of casino licensees.

As stated above in Note 5, on May 27, 2016, the New Jersey legislature enacted Senate Bill S1715 which implemented the PILOT program. The legislation permits CRDA to cancel the agreement with casino licensees removing the obligation to fund the functions that were previously supported by their contributions to the ACA and diverts the funding for calendar years 2015 to 2023 to payments under the PILOT program. The Company is responsible for its pro-rata share of \$10.0 million in 2018.

The Company pays a guaranteed minimum payment of \$1.0 million per year to Margaritaville of Atlantic City, LLC, (“Margaritaville”) a subsidiary of Margaritaville Enterprises, LLC, an owner, operator and licensor of multiple Margaritaville restaurants in the United States. In addition, the Company may pay up to \$2.0 million additional per year if annual gross revenues exceed certain thresholds.

12. Subsequent Events

The Company completed its subsequent events review through August 15, 2018 the date on which the financial statements were issued. No subsequent events have been identified that are required to be accounted for or disclosed in the financial statements.
