NOTE 1 – ORGANIZATION AND NATURE OF BUSINESS

Organization

Boardwalk 1000, LLC (the “Company”), a New Jersey limited liability company, is a wholly owned subsidiary of Hard Rock Tristate AC, LLC (“Tristate”). The Company was formed on February 24, 2017. The Company’s Operating Agreement was entered into by the Company and Tristate and became effective on February 24, 2017. The Operating Agreement was amended and restated effective November 10, 2017.

The Company was created for the purposes of (a) acquiring the land, buildings and other improvements comprising the former Trump Taj Mahal Casino Resort in Atlantic City, New Jersey, (b) designing, developing, renovating, owning, operating and financing an approved casino/hotel facility branded exclusively as a “Hard Rock Hotel & Casino” in Atlantic City and (c) engaging in such activities as may be incidental thereto (the “Project”).

Under the Amended and Restated Operating Agreement, the business and affairs of the Company are member-managed. Tristate is the sole member and has exclusive and complete authority and discretion to manage the operations and affairs of the Company. The Company shall not conduct any other business, except as permitted under the Amended and Restated Operating Agreement.

Novel Coronavirus (COVID-19)

The global outbreak of the strain of coronavirus, COVID-19, continues to adversely impact global commercial activity and many countries have reacted by instituting quarantines and restrictions on travel. Such actions are adversely impacting several industries, including the hospitality and entertainment industries. The Company’s hotel and casino were closed by order of the State of New Jersey on March 16, 2020 and remained closed until July 2, 2020. The Company never previously experienced a complete cessation of its operations, and therefore, its ability to be predictive regarding the impact of such a cessation on its brands and future prospects is uncertain. In addition, the magnitude, duration and speed of the global pandemic is uncertain. Consequently, the Company cannot estimate the impact on its business, financial condition or near or long-term financial or operational results with certainty. The effects of further decreases in estimated future operating cash flows could result in the need to recognize impairment charges in future periods. Upon reopening its facility on July 2, 2020, the Company was required to, and must continue to comply with executive orders and other governmental and regulatory requirements aimed to enforce social distancing and other measures to reduce the spread of COVID-19. The executive orders and other governmental and regulatory requirements include requiring patrons and employees to wear masks in all public areas; screening employees and patrons for fever and COVID-19 symptoms; limiting the number of patrons in gaming areas; prohibiting indoor smoking, limiting the consumption of food and beverages indoors; and limiting the size of gatherings in showrooms and convention space.

For the year ended December 31, 2020, the Company generated a net loss of \$99,007, primarily due to the closure of the Company’s operations, the operating restrictions imposed subsequent to reopening, the expenses incurred to attract new patrons and the seasonality of the Atlantic City market. Management plans to improve the operating results by adjusting the Company’s operations to better match the flow of customers with the demand for services, creating more targeted marketing campaigns and continuing to offer events designed to increase visits to the facility.

Due to the continuing effects of the coronavirus and the historical losses of the Company, Tristate has committed to provide sufficient capital resources to support the cash needs of the Company through April 1, 2022, as necessary. See Note 9.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PRESENTATION

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“US GAAP”).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Company’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from these estimates.

Certain Concentrations of Risk

Financial instruments that subject the Company to credit risk consist of cash equivalents and accounts receivable. The Company’s policy is to limit the amount of credit exposure to any one financial institution, and place investments with financial institutions evaluated as being creditworthy, or in short-term money market funds which are exposed to minimal interest rate and credit risk.

As of December 31, 2020, the Company maintained balances in certain of its deposit accounts in excess of federally insured limits. The Company does not expect to incur any losses resulting from cash held in financial institutions in excess of insured limits. The Company manages this risk through predominantly holding its cash with a large, financially stable, global bank.

Concentrations of credit risk, with respect to gaming receivables, are limited through the Company’s credit evaluation process. The Company issues markers to approved gaming customers only following credit checks and investigations of creditworthiness.

Cash and Cash Equivalents

Cash and cash equivalents consist of the following:

	December 31,	
	2020	2019
Unrestricted cash	\$ 44,733	\$ 37,677
Restricted cash	12,795	3,651
	\$ 57,528	\$ 41,328

Restricted cash at December 31, 2020 was \$12,795, which principally included \$6,218 of restricted cash related to the balances of patrons’ internet gaming accounts and \$3,528 related to cash collateral for letters of credit related to the Company’s workers compensation insurance. Restricted cash at December 31, 2019 was \$3,651 and principally related to the balances of patrons’ internet gaming accounts. Pursuant to N.J.A.C. 13:69O1.3(j), the Company maintains separate New Jersey bank accounts to primarily ensure the security of funds held in patrons’ internet gaming accounts. Restricted cash balances are on deposit with a large, financially stable, global bank.

BOARDWALK 1000, LLC
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
(Unaudited)
(In thousands)

Accounts Receivable, Net

Accounts receivable, net consist primarily of casino, hotel and other receivables, net of an allowance for doubtful accounts. Receivables are typically non-interest bearing and are initially recorded at cost. Accounts are written off when management deems the account to be uncollectible. An estimated allowance for doubtful accounts is maintained to reduce the Company's receivables to their expected realization. The allowance is estimated based on specific review of customer accounts, as well as historical collection experience and current economic and business conditions. Recoveries of accounts previously written off are recorded when received.

Inventories

Inventories consist primarily of food and beverage and retail items and are stated at the lower of cost or net realizable value. Cost is determined using the average cost method. Provisions are made, as necessary, to reduce excess or obsolete inventories to their net realizable value.

Property and Equipment

Property and equipment are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets or, for leasehold improvements, over the shorter of the asset's useful life or term of the lease.

The estimated useful lives of the Company's major components of property and equipment are:

Building and improvements	10 through 30 years
Furniture and equipment	3 through 10 years

Costs of major improvements are capitalized, while costs of normal repairs and maintenance are charged to expense as incurred.

The Company evaluates the carrying value of long-lived assets whenever events or changes in circumstances indicate that the carrying value of such assets may not be recoverable. For an asset that is to be disposed of, the Company recognizes the asset at the lower of carrying value or fair market value, less costs of disposal, as estimated based on comparable asset sales, solicited offers, or a discounted cash flow model. For a long-lived asset to be held and used, the Company reviews the asset for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. The estimated undiscounted future cash flows of the asset are then compared to the carrying value of the asset. The asset is not impaired if the undiscounted future cash flows exceed its carrying value. If the carrying value exceeds the undiscounted future cash flows, then an impairment charge is recorded, typically measured using a discounted cash flow model, which is based on the estimated future results of the relevant reporting unit discounted using the Company's weighted-average cost of capital and market indicators of terminal year free cash flow multiples. If an asset is under development, future cash flows include remaining construction costs. There were no impairment losses recognized in the statements of income during the years ended December 31, 2020 and 2019.

Revenue Recognition

The Company's revenue from contracts with customers consists of casino wagers, hotel room sales, food and beverage transactions, entertainment shows, and retail transactions.

The transaction price for a casino wager is the difference between gaming wins and losses ("net win"). In certain circumstances, the Company offers discounts on markers, which is estimated based upon industry practice, and recorded as a reduction of casino revenue. The Company accounts for casino revenue on a portfolio basis given the similar characteristics of wagers by recognizing net win per gaming day versus on an individual wager basis.

For casino wager contracts that include complimentary goods and services provided by the Company to gaming patrons on a discretionary basis to incentivize gaming, the Company allocates revenue to the good or service delivered based upon standalone selling price ("SSP"). Discretionary complimentary provided by the Company and supplied by third parties are recognized as an operating expense. The Company accounts for complimentary on a portfolio basis given the similar characteristics of the incentives by recognizing redemption per gaming day.

For casino wager contracts that include incentives earned by customers under the Company's loyalty program, the Company allocates a portion of net win based upon the SSP of such incentive (less estimated breakage). This allocation

is deferred and recognized as revenue when the customer redeems the incentive. When redeemed, revenue is recognized in the department that provides the goods or service. Redemption of loyalty incentives at third party outlets are deducted from the loyalty liability and amounts owed are paid to the third party, with any discount received recorded as other revenue. After allocating revenue to other goods and services provided as part of casino wager contracts, the Company records the residual amount to casino revenue.

The transaction price of hotel rooms, food and beverage, and retail contracts is the net amount collected from the customer for such goods and services. The transaction price for such contracts is recorded as revenue as the good or service is transferred to the customer over their stay at the hotel or when the delivery is made for the food and beverage or retail product.

Sales and usage-based taxes are excluded from revenues. For some arrangements, the Company acts as an agent in that it arranges for another party to transfer goods and services, which primarily include certain of the Company's entertainment shows as well as customer rooms arranged by online travel agents.

Internet Gaming Operations

The Company's online gaming operations utilizes Gaming Innovation Group as its exclusive internet gaming and sportsbook provider. During 2020, the Company and Gaming Innovation Group mutually agreed not to extend the platform and sportsbook services agreement. The Company is in the process of migrating to a new internet gaming and sportsbook provider. I-Gaming casino revenues represent the difference between wins and losses from online gaming activities and are recognized as a component of casino revenue in the statements of income. The Company makes cash promotional offers to certain of its I-Gaming customers, including cash rebates as part of loyalty programs generally based on an individual's level of gaming play. These costs are classified as a deferral of casino revenue until redeemed by the customer.

Contract and Contract-Related Liabilities

There may be a difference between the timing of cash receipts from the customer and the recognition of revenue, resulting in a contract or contract-related liability. The Company generally has three types of liabilities related to contracts with customers: (1) outstanding chip liability, which represents the amounts owed in exchange for gaming chips held by a customer, (2) loyalty program obligations, which represents the deferred allocation of revenue relating to loyalty program incentives earned, as discussed above, and (3) customer advances and other. Customer advances and other consist primarily of funds deposited by customers before gaming play occurs ("casino front money") and advance payments on goods and services yet to be provided, such as advance ticket sales, deposits on rooms and convention space, or for unpaid wagers. These liabilities are generally expected to be recognized as revenue within one year of being purchased, earned, or deposited and are recorded within accrued expenses and other current liabilities on the Company's balance sheets.

Deferred Revenue

Deferred revenue includes upfront advanced payments related to agreements with online gaming providers. These payments are recorded as deferred revenue within other current liabilities and other liabilities and are recognized as casino revenue when earned, which is expected to be on a straight-line basis over the terms of the related agreements.

Gaming Taxes

The Company is subject to an annual tax assessment based on 8% of its land-based gross gaming revenues and 15% of its online gross gaming revenues. The Company commenced online and land-based sports betting operations in January 2019. Online and land-based sports betting revenues are subject to a 13% and 8.5% tax rate, respectively. These gaming taxes are recorded as a casino expense in the statements of income. The Company recorded gaming tax expense of \$24,373 and \$26,526 during the years ended December 31, 2020 and 2019, respectively.

CRDA Obligations

Pursuant to the New Jersey Casino Control Act ("Casino Control Act"), as a casino licensee, the Company is assessed an amount equal to 1.25% of its land-based gross gaming revenues. This assessment is made in lieu of an Investment Alternative Tax (the "IAT") equal to 2.5% of land-based gross gaming revenues. The Casino Control Act also provides for an assessment equal to 2.5% of the Company's online gross gaming revenues, which is made in lieu of an IAT equal to 5.0% of online gross gaming revenues. The Company is required to make quarterly payments to the CRDA to satisfy its investment obligations. Pursuant to a provision contained within legislation enacted to address Atlantic

City's fiscal matters commonly referred to as the PILOT (payment in lieu of taxes) law, these funds are to be used for the purposes of paying debt service on bonds issued by the City of Atlantic City prior to and after the date of the PILOT law. These provisions expire as of December 31, 2026. The Company recorded IAT expense of \$4,153 and \$4,679 during the years ended December 31, 2020 and 2019, respectively.

Loss Contingencies

There are times when non-recurring events may occur that require management to consider whether an accrual for a loss contingency is appropriate. Accruals for loss contingencies typically relate to certain legal proceedings, customer and other claims, and litigation. The Company determines whether an accrual for a loss contingency is appropriate by assessing whether a loss is deemed probable and can be reasonably estimated. The Company analyzes its legal proceedings and other claims based on available information to assess potential liability. The Company develops its views on estimated losses in consultation with outside counsel handling its defense in these matters, which involves an analysis of potential results assuming a combination of litigation and settlement strategies. See Note 11.

Income Taxes

The Company is a disregarded entity for federal and state income tax purposes. The accompanying financial statements do not include a provision for income tax since any income or loss is included in the financial results of the Company's sole member, Tristate.

Advertising Expense

Advertising costs are expensed as incurred or the first time the advertising takes place. Advertising costs are included in general, administrative and other expenses on the statements of income and totaled \$14,123 and \$14,548 during the years ended December 31, 2020 and 2019, respectively.

Recently Issued Accounting Pronouncements

In June 2016, the FASB issued ASU 2016-13, "Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments", which changes the model for the measurement of credit losses on financial instruments. Specifically, the amendments in the ASU replace the incurred loss impairment methodology in current GAAP with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. The amendments in this ASU will be effective January 1, 2021 for the Company. The Company does not expect that the adoption of this pronouncement will have a material impact on its financial statements.

In February 2016, the FASB issued ASU 2016-02, "Leases (Topic 842)" ("ASU 2016-02"), which provides guidance for accounting for leases. Under ASU 2016-02, the Company will be required to recognize the assets and liabilities for the rights and obligations created by leased assets. ASU 2016-02 is effective for fiscal years beginning after December 15, 2021, with early adoption permitted. Entities have the option to either apply the amendments (1) at the beginning of the earliest period presented using a modified retrospective approach for leases that exist or are entered into after the beginning of the earliest comparative period in the financial statements or (2) at the adoption date and recognize a cumulative-effect adjustment to the opening balance of retained earnings in the period of adoption without the need to restate prior periods. There are also certain optional practical expedients that an entity may elect to apply. The Company is assessing the impact that the adoption of Topic 842 will have on its financial statements and footnote disclosures.

The Loan Agreement proceeds were used to finance the development and renovation of the Project, including, but not limited to, construction costs, costs of gaming equipment, furniture, fixtures and equipment, preopening expenses and HRAC Lender expenses.

The period which began on August 30, 2017 and ended on February 28, 2019 is defined as the “PIK Interest Period.” During the PIK Interest Period, all interest was paid by the Company in kind by having such interest added to and automatically becoming a part of the principal amount of the Loan. Interest on the outstanding principal balance of the Loan (including the loan origination fee and PIK Interest added to the outstanding principal amount of the Loan) shall be paid in cash by the Company on the Payment Date, as defined in the Loan Agreement, at the Loan Rate. Amounts outstanding under the Loan and outstanding interest are due upon the Maturity Date. There is no penalty for prepayment of principal and outstanding interest.

NOTE 11 - COMMITMENTS AND CONTINGENCIES

New Jersey PILOT Law

On May 27, 2016, New Jersey enacted the Casino Property Tax Stabilization Act (the “PILOT Law”) which: (i) exempted Atlantic City casino gaming properties from ad valorem property taxation in exchange for an agreement to make annual payment in lieu of tax payments (“PILOT Payments”) to the City of Atlantic City, (ii) made certain changes to the New Jersey Tourism District Law and (iii) redirected certain IAT payments to assist in the stabilization of the City of Atlantic City’s finances. Under the PILOT Law, commencing in 2017 and for a period of ten (10) years, each Atlantic City casino gaming property (as defined in the PILOT Law) is required to pay its prorated share of an aggregate amount of PILOT Payments based on an equal weighted formula that includes the following criteria: the gross gaming revenues (“GGR”) of the casino, the total number of hotel guest rooms and the geographic footprint of the real property owned by each casino gaming property. Commencing in 2018 and for each year thereafter, the aggregate amount of PILOT Payments owed will be determined based on a sliding scale of Atlantic City casino industry GGR from the applicable prior year, subject to certain adjustments. The aggregate amount of PILOT Payments owed to the City of Atlantic City by Atlantic City casino gaming properties for calendar years 2020 and

2019 was \$152.6 million and 132.6 million, respectively. For each year from 2017 through 2021, each casino gaming property's prorated share of PILOT Payments is capped (the "PILOT Cap") at an amount equal to the real estate taxes due and payable in calendar year 2015, which is calculated based upon the assessed value of the casino gaming property for real estate tax purposes and tax rate.

Settlement Agreement – Property Tax Appeals and PILOT Law

On December 28, 2018, the Company and the City of Atlantic City (the "City"), by and through the Deputy Commissioner-Department of Community Affairs, entered into an agreement to settle the Company's 2017 and 2018 property tax appeals (the "Settlement Agreement"). Pursuant to the terms of the Settlement Agreement: (1) the Company's 2017 assessed valuation was reduced to \$80,000; (2) the Company's assessed valuation for the period from January 1, 2018 through and including June 30, 2018 was \$224,681; (3) the Company agreed to participate in the PILOT Law for the period July 1, 2018 through and including December 31, 2018, and (4) on an annual basis, the Company agreed to participate in the PILOT Law for tax years 2019 through 2026.

As a result of the reduced 2017 assessed valuation, the Company will receive a refund from the City in the amount of \$4,950 (the "Refund Payment"). The Refund Payment will be paid to the Company by the City in four equal annual installments in the amount of \$1,237, each payment due on or before June 30 commencing June 30, 2019. The present value of the Refund Payment was recorded as a reduction to the carrying value of property and equipment and was estimated to be \$4,297. The Company received the first \$1,237 installment of the Refund Payment in July 2019. The second \$1,237 installment of the Refund Payment was received on June 30, 2020.

The Company recognized \$7,705 of expense during each of the years ended December 31, 2020 and 2019 representing its proportionate share of the 2020 and 2019 PILOT Payments. Under the terms of the Settlement Agreement, the Company's PILOT Cap for calendar years 2020 through 2021 will be \$7,705. The Company will receive quarterly reimbursements for payment amounts that are projected to cause the Company to exceed \$7,705 annually.

Settlement Agreement

On January 17, 2020, the Company entered into a Settlement Agreement with two of its tenants (the "Tenants") to terminate the lease agreements between the Company and each of the Tenants and to settle all pending disputes between the parties. Pursuant to the Settlement Agreement, the Company must pay \$13,000, without interest, in thirteen equal installments (the "Settlement Amount"). The first installment of \$1,000 was paid on March 17, 2020 in accordance with the terms of the Settlement Agreement. The second installment was paid on December 31, 2020. The remaining eleven payments are due annually on January 1, 2022 through and including January 1, 2032. The present value of the Settlement Amount was estimated to be \$8,400 and was recorded during the year ended December 31, 2019. The remaining balance of the Settlement Amount as of December 31, 2020 is included within other current liabilities and other liabilities on the balance sheets.

Legal Matters

The Company is party from time to time in legal actions that arise in the normal course of business. In the opinion of management, the ultimate outcome of such legal actions is not expected to have a material effect on the results of operations or the financial position of the Company.

NOTE 12 – EMPLOYEE BENEFIT PLANS

The Company has a retirement savings plan under Section 401(k) of the Internal Revenue Code covering certain of its non-union employees. The plan allows eligible employees to defer up to the lesser of the Internal Revenue Code prescribed maximum amount or 100% of their income on a pre-tax basis through contributions to the plan. The Company recognized expense of \$957 and \$711 for the years ended December 31, 2020 and 2019, respectively, related to the 401(k) plan.
